# A HERO OF MAGDALA.

A Chat With a Veteran Who Was in the Memorable Battle.

British valor is the theme of many a thrilling story and stirring song. Mr. Geo. Kingston, of 136 John street north, is one of Hamilton's best known veterans. A man of martial bearing, magnificent physique and genial personality, he is a splendid representative of the best elass of British soldier. To our reporter Mr. Kingston readily gave an interview. With all the pride of a citizen of that empire on which the sun never sets, Mr. Kingston said: "I am a Devonshire man, born near the banks of the Teign. I entered the British army at 19, and served fourteen years in India. Was through the Abyssinian campaign, and fought at the storming and capture of Magdala, King Theodore's stronghold. Here the king and hundreds of his army fell. Napier, the 'Hero of Magdala, was created Lord Napier of Magdala for his splendid services. After this I returned to Old England, remaining about five years, when I was again sent to the sunny south until my 21 years' service was nearly up. That is the place to get kidney and liver troubles, and I was no exception. I was sent as an invalid to the Netly Hospital for invalid soldiers, and for months was a suffering inmate, finally being discharged as a hopelessly incurable invalid. years after I sailed for Canada, and have suffered more or less ever since from the constant misery that kidney trouble entails. Piercing pains in the back, headaches and urinary difficulties were seldom absent, so that when I noticed Doan's Kidney Pill advertisement I got a box from Zimmerman's drug store. Relief came from the first few doses, and before I had taken two boxes, the pains had left my back and I felt like a new man. I consider Doan's Kidney Pills a wonderful medicine, the more so because my complaint would not yield to the skill of the best physicians in one of the greatest hospitals in Queen Victoria's

Continuing, Mr. Kingston said: "I can recommend them as a quick cure for kidney troubles without hesitation. How could I do otherwise when they have given me back the health and vigor of long ago?"
