ole's lives in this way,

Miss Laura Cawker visited with Mrs H Joseph Chare, manufacturer of fine carriages, carts, wagons, and all kinds of cutters and sleighs, Repairing a specialty. One hundred and seven wrote at the entrance examinations. This is the largest number in the history of the school.

To Toronto by boat The Steamer Eurydice runs to Toronto on Monday, leaving Oshawa at 8 o'clock. Fare for return trip 50 cents, children 25 cents.

The cool weather Tuesday evening prevented a large attendance at the garden party at Capt. Dillon's, but about fifty attended and enjoyed a pleasant time. Miss Alice Woon has secured a situation as teacher in a ladies' college at Dallas,

Texas. Miss Woon secured the degree of B. A. at St. Hilda's college this June. It is the opinion of all that the trolley service to the lake is most complete. The cars run every hour in the day, and make excellent time. It has been arranged to have the 34th battalion band to supply of music at the beach every Wednesday even-

have a programme of good music and a return fare all for 10 cents. The garden party of the season will no doubt be the one to be given by the Oshawa Lacrosse Club on July 24th. They are making extensive preparations for it. A lacrosse has been the guest of Mrs A Law for a match will be played on the afternoon of that day and in the evening the band will be present. A grand concert will be given in the pavilion. Several local performers have

consented to help the club. The Oshawa Railway Co'y have made arrangements with the 34th battalion band to have them play at Oshawa-on-the-lake every Last Friday night the band was advertised to be at the beach, but owing to a misunderstanding they did not go, although a large crowd from town went down. There will

be no disappointment now. American war, and of his visit to the field of The other day a carload of coal got loose from the motor at the brow of the hill east of the street railway company's power house, and plunged down the hill with great force. At the end of the track the trucks were driven into the earth almost out of sight, and the box with the coal took a further slide until the weight of earth held it fast.

The damage will probably reach \$100. The residents of the eastern end of William street are rejoicing in the fact that they have at last secured a new sidewalk. The heads of all the families on that street have get it, and now they believe more than ever Reeve Coulthard would extend the new walk down to Simcoe st.

A petition largely signed was presented to points of the matter. It is the opinion of On Friday last E. O. McCrohan, the many people that this will be the end of the so overworked nowaday that the law requires to step in and make them rest. The trouble is that there is not half enough to do. Traders get tired waiting round their shops all day for customers to come in. It would be an occurrence worthy of note in the newspapers if a business man had so many customers during a day that he had to shu up at six o'clock and go home seeking rest. This town has probably heard the last of early closing, as those opposed to it have

ed the town property committee for its year's outlay, and the streets committee was empowered to purchase three car loads A large staff of speakers from various of material for sidewalks and to spend \$25 ing at Oshawa-on-the-lake, which continued water closets and public drains be cut off. Thorah
