

ORILLIA

Accident at a barn raising. At the raising of Mr. Anderson's barn, Atherton, Mr. Martin O'Donnell, of Mara, met with a very serious accident. The rain in the evening made the timbers very slippery, and while O'Donnell was doing some work on the top of the building he slipped, falling a considerable distance to the ground, fracturing and dislocating his left elbow and also fracturing the same arm a little above the wrist.

Fast trotting stallion. Mr. John Kennedy has sold his famous trotter, "Honest Wilkes," but ever a lover of good blooded horseflesh, he has purchased another famous trotting stallion, "Diver" (5400). "Diver" was bought by an Uxbridge syndicate in 1892, for \$2,500. He won a race in 2:27, beating such horses as "Stantonian," "Wheel of Fortune," and others, and Mr. Kennedy expects, with good luck to place him in the 20 list this fall. He will be entered for all stallion races of any importance in Canada, between now and stud season.

Detective Wasson recently had Dr. Jebb charged with illegally using the title "Dr." Dr. Jebb proved that he had obtained the title "Dr. of Rectification" from an institution in the United States; that he did not practise medicine or surgery, and treated complaints of the eye solely by fitting suitable spectacles. The magistrate said that the prosecution must show that defendant had misled somebody; and as it was proven he was an eye specialist the case was dismissed.

A distressing accident occurred at Midland on Monday, as the excursion train was preparing to bring the Orangemen home. John Robbins, of Tat, was walking along between two tracks as the train came into the station. He had his back to the engine. Thinking apparently that he was getting out of the way of the approaching train, the unfortunate man stepped just in front of the engine. The driver whistled, and put on brakes, but before the train could be stopped Robbins had been knocked down, and the engine, tender, and two wheels of the first car had passed over both his legs, cutting them off. He was taken to Dr. Gill's office, where the legs were amputated below the knee. All sorts of stories were circulated as to how the accident happened, most of those standing about not having a very clear idea owing to its suddenness, and before the train left it was reported that Robbins was dead. At last accounts, however, he was doing as well as could be expected. Robbins had been a teamster in the employ of Mr. Donnelly at Tat, and has a wife and four children depending upon him. Much sympathy is felt for him and for them.

CLAREMONT.

The receipts of the Methodist picnic amounted to about \$125.

Miss Effie Chamberlin, of Detroit, was here during the week with friends.

Miss Thompson, of Toronto, is here for a week with her sister, Mrs. Hendlehan.

H. Hopper, of Victoria Square, was here on Tuesday with his brother David.

Mrs. John Hopper and family, of the city, are here for holidays and will remain for some weeks.

A couple of horse buyers were here on Tuesday and purchased a few animals of the heavier class.

John Barry raised another barn on Saturday, and when the structure is completed it will add materially to the worth of the farm.

Mrs. Joseph Lawrence and family, of Myrtle, and Mrs. George Chamberlin and family, of Detroit, were here over Sunday with Paul Lawrence.

Peter Macnab has been leader of song in Erskine church for the past few Sabbaths. D. Macnab, Esq., having vacated the position to nurse a severe cold.

Reeve Gerow is erecting a new fence opposite his premises on Brock street north. The fence is to be a handsome one, and similar to that of T. Castor's.

Miss Jessie Gerow is with Brougham friends for a few days. She leaves next week for Winnipeg where she will spend some months with her sister, Mrs. Wm. Murdoch. We wish her bon voyage.

Mrs. Byington, M. D., and family, of Toronto, were here during the past week with her sister, Mrs. E. R. Eddy. Mrs. Byington intends leaving shortly for British Columbia where she will pursue her profession.

Miss Mowbray, of Kinsale, has applied for the position of teacher of our junior division, and the probabilities are that her application will be successful. We trust it may as she is an estimable young lady, and has just passed the normal examinations with credit.

An aged citizen applied to Magistrate Gerow the other day asking to be sent to the county jail, as he had no means of supporting himself. The magistrate refused the request as the man had been guilty of no crime, and was therefore no fit inmate for a felon's cell. As this old man has relatives, surely his future maintenance, which will be but for a short time at most, can be arranged between them.

Three Jews struck this place last week, and as they were all in the spectacle business you could not expect them to agree very long. The younger one of the party had a license to sell and he demanded to be shown similar documents by the other two. This caused trouble which ended in the older man paying \$2 for the privilege of selling what he thought of the younger man out loud. The other cases being dropped the trio left for more

verdant fields. We have no desire to have any of these fellows back. Pedlars of all kinds had better be armed with licenses before hovering around this locality.—News.

LINDSAY

Serious bicycle accident. A lamentable accident befel Louis, the 9 year old son of Mr. P. Penrose, of the east ward, Saturday evening last. About 8.20 he was wending his way to the river to enjoy a swim, and when nearly opposite Fremont Crandell's residence, Caroline st., he turned to cross the road in order to join a companion. At this moment Ernest Neelands, who was bowling along on his bicycle at a rapid rate in order to deliver a message at the steamer Esturion, then due to leave on her evening trip, appeared on the scene. He sounded the alarm, and called on young Penrose to keep out of the way, but the latter miscalculated the distance, or the speed at which the bicycle was coming, for the next instant he was under the wheels, while the rider and the machine were lying in a heap on the roadside. Mr. Neelands was somewhat dazed, as the accident was sudden and unexpected, but quickly regained his feet and turned his attention to the prostrate lad, enquiring if he was hurt. "My leg is broken," was the reply. Knowing the boy was hurt, but not believing his injuries were as serious as stated, he picked him up in his arms and carried him to his father's residence, several blocks away. Then he hastened up town, and quickly had Dr. Shier at the injured lad's side. The doctor, after examining the limb—the left one—pronounced it broken in two places, one fracture being just below the knee and the other a short distance above the ankle. The injured member was set and the little fellow, who bore his sufferings bravely throughout, was left as easy as possible. It was an unfortunate accident, but no blame can be attached to Mr. Neelands, who rendered all the assistance in his power to alleviate the lad's sufferings.

PICKERING

W. H. Metcalfe, Whitevale, was in the village Wednesday evening. We understand that he has resigned as teacher of the Whitevale school.

About one o'clock Monday morning a rather severe shock of earthquake was felt by those of our people who were not asleep at that hour. The ground lasted some few seconds and the ground vibrated the while, so much so that dishes rattled, pianos sounded and cream soured. To many it had the sound of deep but somewhat distant thunder, growing louder as the noise continued. The night was exceedingly hot and still, while the moon looked down pleasantly, when it was not blushing behind some of the many floating clouds that at that time seemed to have free use of the circular dome above us. This is the third earthquake rumble that we remember of hearing about and in every case has the night been chosen as a fit and proper time for the earth to kick up such diodes. The next time the day time would be more preferable, but we don't wish to be too near to the excavation.—News.

To Make Pure Blood

There is no medicine before the people equal to Hood's Sarsaparilla. It is the standard spring medicine and blood purifier and it possesses peculiar merit which others try in vain to reach. It really makes the weak strong. Do not neglect to purify your blood this spring. Take Hood's Sarsaparilla now.

Hood's Pills become the favorite cathartic with every one who tries them. 35c. per box.

HOT WEATHER BLUES. AND PAINE'S CELEBY COMPOUND.

The hot, fiery weather of midsummer is extremely trying to those who are weak, nervous, sleepless and used up. Just at this time, half-well people suffer from what is termed "hot weather blues." This means tired, weary feelings, and an oppression that makes daily life a burden. When the "hot weather blues" overcome a person, there is always a great lack of nerve force and power, and bodily strength is at a low ebb.

Many will ask, "what can we do that we may be enabled to attend to business and enjoy life like others around us?" Why, do just as thousands of others have done, banish the cause of the "blues" by using Paine's Celery Compound for a few weeks. This marvellous tonic medicine will restore your vitality; it will strengthen the nervous system; it will cleanse the blood and give you new feelings and aspirations.

Thousands have found Paine's Celery Compound to be an invaluable agent in the hot weather for keeping up activity, appetite, perfect digestion, and for promoting sweet and refreshing sleep. Paine's Celery Compound will banish the "blues," and put every weary and used up man and woman in such a condition, that work will be a pleasure, and life will be worth living.

Suicide at Cherrywood.

On Friday afternoon Mrs. Spencer of Cherrywood, aged 48 years, ended her life. Her husband, who keeps a market garden, started early in the morning for Toronto. On his return home in the evening he was horrified to find his wife hanging dead in a shed adjoining the stable. The deceased had been in ill-health for some time. Two years ago her two daughters died rather suddenly, which seemed to seriously affect her mind. Coroner Bateman was called, but did not deem an inquest necessary. The couple were in comfortable circumstances. Much sympathy is felt for the bereaved husband.

To nursing mothers, Dr. Pierce's Favorite Prescription is a priceless boon, for it not only strengthens the mother, but also promotes an abundant secretion of nourishment for the child. For those about to become mothers; it is even more valuable for it lessens the perils and pains of childbirth and shortens labor. Of all dealers.

To Drive Flies out of the Stable.

Take one ounce of camphor gum, one ounce of corrosive sublimate, one pint of oil of turpentine; grind the sublimate thoroughly, put into a strong bottle, and add the camphor gum; pour on the turpentine and shake occasionally. It should be fit for use in thirty six hours. Heat a piece of iron and drop a few drops on it in the stable. Flies may be driven out of the house in the same manner by dropping a few drops on a hot stove-lid. By following these directions every other day I think any one will soon be rid of flies.

LIGHT OUT OF DARKNESS.

ONE HONEST MAN.

Dear Editor:—Please inform your readers that it written to confidently I will mail in a sealed letter, particulars of a genuine, honest home cure, by which I was permanently restored to health and manly vigor, after years of suffering from nervous debility, sexual weakness, night losses and weak shrunken parts. I was robbed and swindled by the quacks until I nearly lost faith in mankind, but thank heaven, I am now well, vigorous and strong, and wish to make this certain means of cure known to all sufferers. I have nothing to sell, and want no money, but being a firm believer in the universal brotherhood of man, I am desirous of helping the unfortunate to regain their health and happiness; I promise you perfect secrecy, and as I do not wish to expose myself either, please address, simply: P. O. Box 388, London, Ont.

Messrs. Northrop & Lyman Co. are the proprietors of DR. THOMAS' KOOTENAY OIL, which is now being sold in immense quantities throughout the Dominion. It is welcomed by the suffering invalid everywhere with emotions of delight, because it banishes pain and gives instant relief. This valuable specific for almost every ill that flesh is heir to, is valued by the sufferer as more precious than gold. It is the elixir of life to many a wasted frame. To the farmer it is indispensable, and it should be in every house.

Mr. Charles Gaetz, a Westminister farmer, was probably fatally injured by being thrown out of his wagon.
