

# AYER'S Hair VIGOR

Restores natural color to the hair, and also prevents it falling out. Mrs. H. W. Fenwick, of Digby, N. S., says: "A little more than two years ago my hair began to turn gray and fall out. After the use of one bottle of Ayer's Hair Vigor my hair was restored to its original color and ceased falling out. An occasional application has since kept the hair in good condition."—Mrs. H. F. FENWICK, Digby, N. S.

## Growth of Hair.

"Eight years ago, I had the variety of preparations, but without beneficial result, till I began to fear I should be permanently bald. About six months ago, my husband brought home a bottle of Ayer's Hair Vigor, and I began at once to use it. In a short time, new hair began to appear, and there is now every prospect of as thick a growth of hair as before my illness."—Mrs. A. WEBER, Polymnia St., New Orleans, La.

# AYER'S Hair VIGOR

PREPARED BY DR. J. C. AYER & CO., LOWELL, MASS., U. S. A. Ayer's Pills cure Sick Headache.

## LOST FORTY POUNDS.

AN ILLNESS THAT ALMOST CARRIED AWAY AN ONLY CHILD. She Suffered Terribly From Pains in Back, Heart Trouble and Rheumatism—Her Parents Almost Despair of Her Recovery—How it Was Brought About.

From the Annapolis Chronicle. Perhaps there is no better known man in Annapolis and vicinity than Mr. Marlon Brennan, who has resided in the town for over a quarter of a century, and has taken a foremost part in many a political campaign in North Lanark. A reporter of the Chronicle called at his residence not long ago and was made at home at once. During a general conversation Mr. Brennan gave the particulars of a remarkable cure in his family. He said: "My daughter, Eleanor Eliza, who is now 14 years of age, was taken very ill in the summer of 1892 with back trouble, rheumatism and heart disease. She also became terribly nervous and could not sleep. We sent for a doctor and he gave her medicine which seemed to help her for a time, but she continued to lose in flesh until she was terribly reduced. When first taken ill she weighed one hundred pounds, but became reduced to sixty pounds, losing forty pounds in the course of a few months. For about two years she continued in this condition, her health in a most delicate state, and we had very little hopes of her ever getting better. Our hopes, what little we had, were entirely shattered when she was taken with a second attack far more serious than the first. This second attack took place about two years after the first. We now fully made up our minds that she could not live, but while there is life there is hope, and, seeing constantly in the newspapers the wonderful cures effected by the use of Dr. Williams' Pink Pills, we decided to give them a trial. Before she had finished the first box, we noticed that her appetite was slightly improving, and by the time she had used the second box, a decided improvement had taken place. By the time she had used four boxes more she had regained her former weight of one hundred pounds and was as well as ever had been in her life. Her back trouble, heart affection, rheumatism and sleeplessness had all disappeared. She now enjoys the best of health, but will continue to take an occasional pill when she feels a little out of sorts, and so it passes away. Mrs. Brennan, together with the young lady, who is an only child, were present during the recital, and all were loud in their praises of Dr. Williams' Pink Pills. Mr. Brennan also stated that he had used the pills himself and believed that there was no other medicine like them for building up a weakened system or driving away a wearied feeling; in fact he thought that as a blood tonic they were away ahead of all other medicines. Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink). Bear in mind that Dr. Williams' Pink Pills are never sold in bulk or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, put up in similar form intended to deceive. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for them. These Pills are manufactured by Dr. Williams' Medicine Company, Brockville, Ontario, and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box, or six boxes for \$2.50. They may be had from any dealer, or will be sent by mail on receipt of price. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which the pills are sold make a course of treatment comparatively inexpensive, as compared with other remedies or medical treatment.

## BOWMANVILLE.

Mr. Geo. C. Haines cut his wrist very badly in adjusting a machine in his planing factory and has been carrying his arm in a sling for several days.

The Dominion Organ and Piano Factory was too busy filling orders for musical instruments to close up for civic holiday.

Mr. Cornelius McGarragal, foreman for Dr. Hillier, had the thumb of his right hand girdled to the bone by a small rope with which he was leading a colt behind the buggy.

Mr. Robt. Beith, M. P., recently sold his fancy carriage team of hackneys to a Montreal firm at a big price. Mr. Sam Gill took them to Montreal where they were greatly admired.

Canadians have won the Kolapore cup at Bisley and the \$400 prize that goes with it. Lieut. W. C. King of Bowmanville and Pte. W. D. Campbell of Oshawa, both of the 45th Batt., have done some good shooting and won many prizes.

A memorial service having reference to the life and death of the late Mrs. Gordon D. Fletcher will be conducted at the S. A. barracks next Sunday night to start at 8 o'clock so that those attending other churches may be present after their regular service.

What might have been a serious accident occurred at the wharf on Friday. McMurtry's hack team ran away narrowly escaping throwing Glover's bus into the water between the piers. The runaway was stopped by Mr. Richard Hughes before they reached Rag Castle corner.—Statesman.

## Mt Vernon & Solina

Mr. W. D. Lamb has purchased a bike. Master Geo. S. James, of Bowmanville, is visiting friends here.

Mr. Thos. Westlake has commenced threshing.

Misses Minnie, Honora, and Master Eddie Werry are visiting friends at Port Perry, Fenelon Falls and Lindsay this week.

Miss Mary Elford and Master F. Vice are visiting friends at Fenelon Falls.

Barley harvest is nearly finished in this section of the country. The crop is very good.

Mr. W. Montgomery is somewhat better. Hope he will still improve.

The Army worm, the same as reported at Gosolph, has made its appearance here and is doing damage among the oats and barley.

The rain on Monday was a welcomed visitor.

Mrs. Geo. Stevens, of Oshawa, is visiting Mrs. D. Haddon.

Mr. W. H. Howard, of Hampton, preached a very forcible sermon at Mt. Vernon last Sunday.

## The Most Costly Materials Used in the Manufacture of Diamond Dyes.

The best and most costly ingredients and materials are used in the manufacture of Diamond Dyes. No experiments are ever made with cheap colors with the view of increasing the manufacturer's profits. Diamond Dyes are the world's standards, and will be kept as such no matter what the cost may be. The cheap and imitation dyes sold by some dealers are never made from the same grade of materials, therefore, they vary and are not reliable. Diamond Dyes give as perfect results when used by a child as they do when handled by an individual of experience. Bright, pure, rich, fast and unfading Diamond Dyes are the world's favorites.

## PINE DALE.

Miss Pinkham was the delegate from the division here to the convention in Toronto.

Quite a number in this neighborhood are laid up or nearly so with severe colds.

The night of the meeting of the ep worth league has been changed from Wednesday evening to Sunday evening. It is the general opinion that this is a step in the right direction.

Several members of the division at tended an open meeting of the Good Templars at Cresswell, on Friday evening of last week. Others intended going but from various causes failed to connect. Those that did go report a good time. Mr. Caleb Roach was much annoyed a short time since by animals of some kind destroying the nests of his fowls and taking both eggs and chicks. Supposing it to be a skunk he determined to watch for it and put an end to its foraging expeditions; with that end in view armed with his gun he awaited its coming. On going into a shed, near the small hours of the morning and looking up saw what he supposed to be a large owl crouched in a beam, and thinking that the bird had no good intentions his gun was soon in position, and as Caleb is a dead shot every time, the bird was soon lying on the floor, but alas, it was one of his turkeys. Such is life.

The hay crop in his vicinity was rather light and most of it was damaged more or less by rain, fall wheat and alike are now being cut. Fall wheat is very good, as like is well filled but is a light crop, spring wheat is below the average, oats, peas and roots are looking well.

J. C. Borr.

## An Exceptional Sale.

St. John is much interested in the Recent Medical Discovery.

St. John, N.B., July 20.—The many cases of marvellous restoration to health from various forms of kidney trouble which have been constantly appearing in the daily press of the Dominion have for some time awakened the liveliest interest here, and the remedy by which the cures were effected, namely, Dodd's Kidney Pills, are obtaining great celebrity throughout the provinces. The appearance of the testimonials of Dr. Rose and McCormick, stating the benefits which they had personally derived from their use was considered a sufficient sign of the merits of the remedy, and the other interesting and wonderful cases which have since been chronicled has caused the specific to have an exceptional sale.

# sweet

Science is "knowing how." The only secret about Scott's Emulsion is years of science. When made in large quantities and by improving methods, an emulsion must be more perfect than when made in the old-time way with mortar and pestle a few ounces at a time. This is why Scott's Emulsion of cod-liver oil never separates, keeps sweet for years, and every spoonful is equal to every other spoonful.

In other emulsions you are liable to get an uneven benefit—either an over or under dose. Get Scott's.

SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. (Ask your doctor.) This is because it is always palatable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites. Put up in 50-cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby. Scott & Bowne, Belleville, Ont.

## MAPLE GROVE

While Mr. John Sharp's horses were kicking one had its leg broken. He killed it.

One of Mr. M. Munday's best heifers was badly cut in a barb wire fence last week. Farmers will soon find such barbarous wire too dear at any price.

Several stayed over visiting their old friend, Miss Edna Kennedy, Garden Island.

Friday was civic holiday with us, we picked at the Willows and had a glorious time. Football and boating were the leading features. Friends were present from Seaford, Brantford, Toronto, Oshawa, Harmony, Courville, Solina, Mt Vernon, Haydon, Tyrone, Hampton, Bowmanville and New Haven. Our picnic becomes more popular every year.

On Sunday morning a number of the parents and members of the congregation visited the Sunday School. Dr. Marvin gave an interesting talk on the lesson and Mr. W. G. Ranton of Brantford made a few well chosen remarks.

## Blackstock

The drill shed was crowded Sunday evening, July 12th, when Rev. R. M. Phalen preached the annual sermon of the district orangemen. Monday large numbers went to Peterboro to participate in the walk.

Mrs. Joseph Sharpe accompanied by her mother has returned from Peterboro. C. E. meeting Thursday evening in presbyterian church was well attended.

Mrs. Chas. Gage, nee Miss Bartlett, of North Cartwright, was buried last Saturday. She died of typhoid fever.

Mr. Alexander Bell, of Toronto, is rusticating hereabouts.

Miss Brown, of Medonte, is staying with her aunt, Mrs. Quinn.

Our new school-house which is nearing completion will be a credit to the section.

Hay is almost finished and harvesting is in full swing. Fall wheat and barley are being cut. The crop, as a whole in this district, promises to be magnificent, better so farmers say, than it has been for the last three or four years.

Rev. Mr. Fish preached in the Methodist church, Sunday.

Miss Ida Parr and Mrs. Major Hodson are camping at Washburn.

The sick are: Mrs. R. J. McNally, Mrs. Moore, Mr. A. Parr.

# MURRAY & LANMAN'S FLORIDA WATER

ALL DRUGGISTS, PERFUMERS AND GENERAL DEALERS.

## Pasture for Sheep in Summer.

In this part of the country we do not need this to the same extent as the farmers of some countries. Our grasses are luxuriant. They are thick in the bottom and fine in the stalk, and they keep succulent during a considerable portion of the season. It is seldom that we feel the want of summer pastures for our sheep until the summer has begun to wear near its close; that is to say, it is seldom that we seriously feel the want. It is different in prairie countries, the summers are hotter there, and usually they are drier. There is less clay in the land, and, consequently, the grasses grow far less luxuriantly, and they dry up much sooner in the sweltering summer heat. As a consequence, the flockmaster on the prairie is much more in want of summer pastures for his flocks than the sheep-owners of Ontario, for instance.

Sole Agent at Whitby, M. W. Collins.

# Wood's Phosphodine.—The Great English Remedy.

Is the result of over 25 years treating thousands of cases with all known drugs, until at last we have discovered the true remedy and treatment—a combination that will effect a prompt and permanent cure in all stages of *Scurvy, Debility, Abuse of Ecstasy, Nervous Weakness, Emissions, Mental Worry, Excessive Use of Opium, Tobacco, or Alcoholic Stimulants*, all of which soon lead to Insanity, Consumption and an early grave. Wood's Phosphodine has been used successfully by hundreds of cases that seemed almost hopeless—cases that had been treated by the most talented physicians—cases that were on the verge of despair and insanity—cases that were tottering on the grave—but with the continued and persevering use of Wood's Phosphodine, these cases that had been given up to die, were restored to many vigor and health—Reader you need not despair—no matter who has given you up as incurable—the remedy is now within your reach, by its use you can be restored to a life of usefulness and happiness. Price, one package, \$1; six packages, \$5; by mail free of postage. One will please, six guaranteed to cure. Pamphlet free to any address.

The Wood Company, Windsor, Ont., Canada.

## To Keep Butter Firm Without Ice.

A correspondent of Hoard's Dairyman gives the following method of keeping butter firm without the use of ice: "Take a tight box (ten or twelve inches high, twelve to fourteen inches wide, and eighteen to twenty-four inches long), that can be got at any grocery store, put a loose shelf about five inches from the bottom, on which to place the butter. Set a dish containing water in the bottom of the box, and place the butter on the shelf. Take a piece of cloth large enough to well cover the butter and drop over the edge of the shelf into the dish of water. Moisten the cloth, spread it over the butter, and it will take up the water so as to keep the butter cool and hard and free from salt crystals and in fine shape for table use. Toweling crash is the best cloth to use for the purpose. The box should have a cover."—Farmer's Advocate.

# Beware!
