AYER'S Sarsaparilla
A MEDICINE

WITHOUT AN EQUAL.

Statement of a Well Known Doctor

"Ayer's Sarsaparilla is without an equal as a blood-purifier and Spring medicine, and cannot be praised enough. I have watched its effects in chronic cases, where other treatment was of no avail, and have been astonished at the results. No other blood medicine that I have ever used, and I have tried them all, is so thorough in its action, and effects so many permanent cures as Ayer's Sarsaparilla."—Dr. H. F. MERRILL, Augusta, Me.

Ayer's The Only Sarsaparilla
Admitted at the World's Fair.

Ayer's Pills for liver and bowels.

CLAREMONT.

Miss Ida Patterson is with Toronto friends just now.

Alex. Bows and wife visited at Port Perry on Sunday.

Tobias Caster shipped his first cargo of clover seed on Monday.

Thos. Wilson has completed his apprenticeship with Mr. Thring.

F. Lawrence, of Whitchy, was here over Sunday with his grandfather.

The baptist friends are having their pew seats upholstered this week.

Mrs. William Coultice spent the past week with Greenbank friends.

Mr. and Mrs. Eddy moved their household effects to Brook in this week.

Miss Crooks, of Toronto, is with Francis Soden and family for a short visit.

Miss Campbell, of Guelph, is here with her brother Robert, of the C. P. R. section.

Wm. Dowsell is repainting his residence which improves its appearance much.

J. H. Bundy and wife, of Pickering, were here on Tuesday calling upon friends.

Miss Jessie Gerow left for Winnipeg on Monday where she will spend a few months.

John Dickie, of Pickering, was here Tuesday and visited many places of business.

Football practice on Saturday evening. All old players are requested to be present.

Geo. Reesor and wife, of Locust Hill, were here Sunday with Reeve Gerow and family.

Mrs. Crooker and Miss White, of Buffalo, were here last week with W. Dowsell and wife.

Mr. Leaper has had a well sunk at his new rink. The building will now be pushed to completion.

B. S. Palmer is raising his stable and building a stone basement beneath, also increasing its capacity considerably.

Miss Mary Dunn, matron of the Blind Institute at Brantford, is here this week with her brother, Thomas Dunn, for a short vacation.

Joseph Slack has been appointed buyer at the Goodie elevator this season. The elevator is receiving a considerable repairing this weather.

Miss Lena Wilson has returned from visiting friends at Scarborough Junction. She was accompanied by her cousin, Miss L. Wilson of that place, who will spend a fortnight here.

There is some talk of Thos. E. Pugh erecting another elevator at the station. He has, we are told, applied to the C. P. R. Co. for a site. Mr. Pugh is no stranger to the farmers in this locality.

Tobias Mitchell's team took fright at the station Monday and ran away up the 5th con. of Uxbridge. Although the animal ran for considerable distance, no damage was done to either horses or vehicle.

At the regular meeting of the Epworth League in the Methodist church on Monday evening the resignation of Mrs. E. R. Eddy as president, was reluctantly accepted, as she has filled that position for nearly two years with credit to herself and profit to the society. Feeling that such zealous services should not go unnoticed, the above lady was presented with a handsome easy chair, a beautiful photo-graph and a neat pair of napkin rings. Miss L. Cooper read an appropriate address, which, in a befitting way, expressed the regret of all that circumstances were such that Mrs. Eddy was about to leave for new fields of labor. Rev. Leggett occupied the chair, and as usual added much to the interest of the miscellaneous gathering. Mrs. Eddy responded to the address in a very feeling way, the sincerity of her expressed regret as parting being very evident. We all join in wishing Mr. and Mrs. Eddy and family a long and happy future.—News.

Acting through the blood, Hood's Sarsaparilla not only cures scrofula, but cleanses, softens, and gives health and vigor to the whole body.

AUDLEY (Too late for last issue.)
Richard Puckerin, of Myrtle, visited friends here Sunday.
Mr. and Mrs. Thos. Puckerin spent a few days with friends in Mariposa recently.
Miss Nellie Hall, of Bowmanville, has been spending a few days with relatives here.
Mr. Bye claims to have the best binder. Its a Sylvester make.
Mr. and Mrs. Walters visited Markham last week. Her father is very low, being an old man.
We must congratulate our young friend Ira A. Lawrence upon securing the head mastership of the 9th line school. We predict a successful course as Ira has been a good student.
Chas. Lynde has had his engine rebuilt and now she runs like a top.
Miss L. B. Gibson, of Kinsale, spent Sunday with her friend, Miss E. Guthrie.
John Salton, of pulp fame, discoursed here on Sunday last.
Mrs. Bell is very low at present. She is bearing up with a smiling face and setting a good example to us well people.

CANNINGTON
On Tuesday morning Mr. Edward Edwards, of Derryville, called at this office and showed us a nail which he had taken from under the eave of his house after it had been struck by lightning. The electric fluid had struck the nail square on the head, making a small hole down the centre and coming out about three-quarters of an inch from the end. The hole in the nail was like as if it had been made by driving a pin through it. The nail is certainly a great curiosity.
Master Joseph Jewell, son of Mr. Wm. Jewell, of the Mariposa town line, had the misfortune, on Monday evening, to have three of the fingers of his right hand badly bruised and cut. He was riding in the buggy with his father and leading a horse. When near Mr. Allen's blacksmith shop the animal he was leading shied, jerking his hand against the back of the buggy and causing the tie-rope to cut into his fingers. The injuries were very painful.
"It is reported that two of our J.P.s, viz: Jas. A. Maybea and D. S. Brown, are to be gazetted Q.C.s. shortly."—Correspondent Cannington "Echo." (Yes, we would, from our own knowledge of Sir Oliver Mowat, naturally expect him to give these men the above honor, if they are eligible. He chose them as the most fit men in our locality to fill the honorable position of Justices of the Peace, and we can see no reason why he should not give them the further honor of Q.C., and, with the Echo's assistance, they will, no doubt, soon receive the honor.)—Gleaner.

UPPERGROVE
The army worm has made its hateful appearance here in millions. Just what damage it has done thus far your scribe is unable to say. I believe when it is found to have entered a green field of grain the field had better be cut down at once. Let us hear about this matter from some authority right away.
There is talk of a base ball match between a Mar team and a team from Lorneville. By all means let us have the game.
The North Ontario protest was filed on Tuesday, 21st ult. Mr. D. Graham is the petitioner, and he claims the seats, of course. A counter protest is talked of but honor should prevent such a course being pursued in the face of the fraud perpetrated on Mr. Graham. I do not hold the Conservative party responsible for the theft of the ballots, though undoubtedly it was a friend of the party who did the stealing, but should a counter protest be filed by the party, then I think all good Conservatives as well as Liberals will have cause to complain. No honorable man should oppose the man getting the seat who honestly got the most votes. In East York I was pleased to see McLean elected because on a recount it was found he had the most votes. Don't delay—try it to-day.

STOUFFVILLE
On Tuesday two gents in a top buggy and leading another buggy behind went eastward along Main St., but they had not proceeded many rods until the seat on which they sat dissolved partnership with the running gear and gravitation did the rest. It reminded us of Pat when he fell from a third storey window; the sudden stop. The horse seemed to regard this as part of the program, and went leisurely forward till caught.
The price of old oats is phenomenally low this season, selling at 16c per bushel at Stouffville. The new crop will soon be on the market and that with a large quantity of last year's oats in the hands of farmers will undoubtedly still further depress the price. It looks as if tenants will find it very difficult to secure enough cash this season to meet their rents, as they are relying to a considerable extent on the oat crop. If the prices of grain are going to continue thus low, landlords will be obliged to decrease rents else tenants will be forced to engage as farm laborers. Agriculture in America is passing through a severe crisis, having to compete with the production of cheaper virgin lands of this and other countries, harvested by the best and most modern inventions. It is impossible to predict with any certainty what course the farmer should now adopt. However, we think that butter, cheese, hogs, fruits and branches of agriculture will pay for all time, but the old method of slash-and-burn farming will no longer. Every man is not qualified to farm successfully. The farmer must be brought up to the business and must study it out in all its details to make it profitable.
On Saturday morning last the people of Stouffville received a sudden shock when it became known that Mrs. W. J. Stark had become alarmingly ill through the night and was in an unconscious condition. She had been ailing since the Thursday previous, but no symptoms of a serious nature developed till Saturday night. An attack of inflammation in conjunction with congestion of the brain was the cause of her extreme prostration, producing unconsciousness which continued for 8 hours. Dr. I. Freel, who was assisted by his brother, Dr. S. L. Freel, deserves great credit for his unremitting attention and exercise of excellent medical skill in bringing his patient out of such a critical state, giving good hope of a speedy and complete recovery.—Tribune.

TAUNTON.
Farmers through here have started harvest, crops being fairly good, considering the drought.
Mr. W. Vivian has been on the sick list, but is around again.
Some twelve subscribers have erected a pump at the creek west of here for the purpose of getting water for threshing. We think this a good scheme and worth a great deal more than the small cost, for its convenience.
Mr. Geo. Walters and wife spent Sunday at his father's.
Miss Mabel Short, Drayton, and Miss Pauline White, Prince Albert, are visiting the Misses Lander.
Miss Emma Grant, Toronto, is visiting Mr. S. Thomas.
Miss Yarnold, Port Perry, at Mr. A. E. Henry's.
Mr. and Mrs. L. Germond, Oshawa, at Mr. F. Gaspell's.
Mr. A. Terwilliger is moving on the premises lately occupied by Mr. T. G. Allen. Mr. G. Lavis, proprietor, has the house nicely refitted and is doing considerable improving.
Mr. Duncan Blair had a cow strangely disappear from the pasture, on Monday evening of last week. Mr. Blair was awakened about 3 o'clock in the morning by a disturbance among the cows, but thought it not necessary to investigate, but in the morning there was one cow missing. The fence had been taken down and the animal driven through the turnip field on to the road by some party or parties, perhaps known. Some experts examined the foot prints and horse tracks and it is known which blacksmith shod the marauder's horse.
Mr. Jno. Stainton lost two lambs from his pasture, which he never saw again. The lambs were taken about the first of June. We hope this work may speedily discontinue, as this and much worse crimes have been perpetrated on residents about here, some losing sheep, some valuable fat cattle, and others farm implements, harness etc. Suspicions usually float in a southerly direction from this village distant less than ten miles, and in fact some parties have sufficient proof to make things rather unpleasant if the law was applied to the extent that this smart work demands.

COLUMBUS.
The board of directors of the Maple Leaf Farmers' Mutual Fire Insurance Company met at the Head Office here, recently. Applications for insurance, amounting to over \$70,000, was considered and passed, besides some applications were laid over and others refused. The Company have now nearly \$500,000 insurance issued. Several small losses by lightning were adjusted satisfactorily, and a profitable business is being done by the company.
Mr. R. Hugo and Mr. J. Hobbs left here on Monday, accompanied by a lady friend, with the intention of taking in the excursion by boat from Oshawa to Toronto. They got left, however, being a few minutes too late. They are determined to be on time at the next excursion, even if they have to stay up all night.

Mildew on Linen.
To remove mildew from linen, mix with soft soap a little powdered starch, half the quantity of salt and the juice of a lemon, and apply it to the mildew stain with a paint brush on both sides of the linen. The stained article should then be left out on the grass day and night until the spot be removed.

Harrows People.
And those who are all tired out and have that tired feeling or sick headache can be relieved of all these symptoms by taking Hood's Sarsaparilla, which gives nerve, mental and bodily strength and thoroughly purifies the blood. It also creates a good appetite, cures indigestion, heartburn and dyspepsia.
Hood's Pills are easy to take, easy in action and sure in effect. 25c

Hood's Cured
After Others Failed
Scrofula in the Neck—Bunches Gone Now.

Blanche Atwood
Sagerville, Maine.

"C. I. Hood & Co., Lowell, Mass.: Gentlemen—I feel that I cannot say enough in favor of Hood's Sarsaparilla. For five years I have been troubled with scrofula in my neck and throat. Several kinds of medicines were tried, but did not do me any good, and when I commenced to take Hood's Sarsaparilla there were large bunches on my neck so sore that I could not bear the slightest touch. When I had taken one bottle of this medicine, the sores had gone, and before I had finished the second bottle the bunches had entirely disappeared."—Blanche Atwood, Sagerville, Maine.
If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

Hood's Pills cure constipation by restoring the peristaltic action of the alimentary canal.

KENDALL'S SPAVIN CURE
