Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

## Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD, Lowell, Mass.

" Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOB.

Castoria.

"Castoria is so well adapted to children that I recommend it assuperior to any prescription known to me."

A. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria. and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

UNITED HOSPITAL AND DISPENSARY, Boston, Mass.

Kelsey" Corrugated

Warm Air Generator.

Any ordinary Hot Air Furnace will produce heat if you will only supply enough fuel. The "Kelsey" has several special and valuable features but most important is that it will give more heat with less fuel and is the most durable heater made. The "Kelsey" fire pot being constructed of several upright, tubular, corrugated, cast iron sections (see cut) around which the fire passes and up through which the cold air passes while being heated, and this entire section being wrapped with a heavy steel casing which becomes heated by the fire striking it when passing down outside of upright sections towards smoke pipe, it in turn warms the air that passes up between this steel casing and the galvanized iron casing, this explains why the 'Kelsey' has three times more radiating surface and warm air capacity than an ordi-nary Furnace. The "Kelsey" heats every room evenly, wheresoever located, with a nice, mild, healthful warm air that will not injure

The "Kelsey" will heat rooms 60 feet The "Kelsey" does not heat your cellar. The "Kelsey" is absolutely gas and dust
