

### A Common Affliction

Permanently Cured by Taking **AYER'S** Sarsaparilla

A CAB-DRIVER'S STORY.

"I was afflicted for eight years with Salt Rheum. During that time, I tried a great many medicines which were highly recommended, but none gave me relief. I was at last advised to try Ayer's Sarsaparilla, by a friend who told me that I must purchase six bottles, and use them according to directions. I yielded to his persuasion, bought the six bottles, and took the contents of three of them, and before I had finished the fourth bottle, my hands were as

free from eruptions as ever they were. My business, which is that of a cab-driver, requires me to be out in cold and wet weather, often without gloves, and the trouble has never returned." THOMAS A. JOHNS, Stratford, Ont.

**Ayer's The Only Sarsaparilla**  
Admitted at the World's Fair.  
Ayer's Pills Cleanse the Bowels.

### CORRESPONDENCE

#### BEAVERTON.

Mr. G. S. Wallis paid a flying visit to Toronto last week.

The steamer Killie ran an excursion to Barrie last Thursday, but only a few availed themselves of the opportunity. The day was pleasant and an enjoyable time was spent.

Mr. Jno. A. Gilbertson who has been in Midland for the summer, returned home on Wednesday week.

Great rivalry exists in baseball circles just now between the Campers and Beavers and the teams met on the grounds of the former last Friday with the following teams—Campers—Misses McArthur, Hamilton, E. Hamilton, Jackson, and W. Hamilton, Messrs. Hamilton, Regan, Doran, McRae and Parsons, Beavers—Misses E. Westcott, M. Westcott, L. Morrison, K. McIntyre and Lexie McRae and Messrs P. McMillan, M. Roach, C. E. Westcott, E. Cameron and J. McCrorie. The game was not as exciting as the previous one although the campers' rooters and a large crowd were on hand to yell for their favorites. The score was 34 to 17 in favor of the Beavers.

Dr. Need, of Millbrook, has been the guest of A. T. Elliott during the past week.

Rev. Mr. McDonald, of Kingston, is to preach in Knox church next Sunday morning. There will be no service in the evening on account of the opening of the Methodist church.

Rev. Mr. McLaren occupied Knox church pulpit last Sunday, morning and evening.

Service in St. Andrew's church last Sunday were held in the basement on account of the kaleiding in the body of the church. Rev. Mr. Waddell preached in the morning, and Rev. Dr. Watson in the evening.

Messrs. R. F. White and John Gilpin passed through here on bikes at 12 o'clock Sunday night. Ron had no less than five punctures on the trip which was around Lake Simcoe.

Mr. and Mrs. Jas. Chalmers are spending a few days in Sutton.

when time was up. The case was brought even before the two months had expired. Magistrate dismissed the case. No prosecution for leaving was proven.

Mr. John Gettings, of Grand Rapids, but formerly of Duluth and Uptergrove, has returned with his wife and family. John is looking well. He has a fine little family and a good wife.

**STOUFFVILLE.**

Miss Jane Porter has bequeathed \$2,000 to the county of York to be used in erecting an infirmary in connection with the Poor House and Industrial Home at Newmarket. Her brother and sister—James Allen and Rebecca Corin—who both reside in Toronto, have now come forward and alleged that their relative was not in a fit condition to make a will, that undue influence was exercised. The matter was considered by the County Commissioners Monday morning and County Solicitor Robinson instructed to contest the claim.

On Monday a young man by the name of Grimes was arrested and brought before Justices Lundy and Lloyd, on a charge of setting fire to Mr. John Crake's house, on the second concession of Whitehurch, which was burned some three weeks ago. Grimes confessed that he had done so and implicated Mr. Crake as an accessory. Grimes was committed to stand his trial at the next assizes as was also Mr. Crake. Bail was accepted for the latter but the former was committed to jail, and was taken to Toronto jail by Constable Friaby on Wednesday morning. They will be tried at the next assizes which opens in Toronto on September 8th.

The dry weather is evidently going to make small potatoes. The price is already stiffening up. One thing is certain there will not be such a glut of the tuber as occurred last year, for many years to come. We are told that the small potatoes are abundant but that considerable ground has to be gone over to get any great quantity of marketable ones. Many this season materially reduced the acreage they were in the habit of planting, which was a mistake. There is not one year in ten in which potatoes do not afford a better profit than grain. It pays to stick liberally to the Murphys.

Albert Stouffer, who delivers milk in this town, while returning from the east end this morning had a rather serious runaway. As he was getting into his rig, in which were his boy and Mrs. Samuel Stouffer, the horse commenced to run round before he could get hold of the reins, and upset the rig. Mr. Stover got out and tried to grasp the tie strap but failed and the horse dragged the rig, while upset, a considerable distance, when the whiffletree broke and the animal got away. Mrs. Stouffer was badly shaken up but no bones are broken. The boy escaped injury. The cause of the action of the horse cannot be accounted for as it is usually very quiet.—Tribune.

### A Continental Reputation.

#### Paine's Celery Compound and its Thousands of Advocates.

Go where you will over the whole North American continent, you will hear Paine's Celery Compound spoken of; and in every village, town and city you will find some, who, through the Compound's power, have found health and new life.

People delight in telling of others what Paine's Celery Compound has done for them. No wonder that there are tens of thousands of ardent and enthusiastic missionaries all over the continent speaking good words about Paine's Celery Compound to those who need a curing and a healing medicine. The friends who have spoken of and recommended Paine's Celery Compound have done more to advance the reputation of earth's best medicine than all the newspaper articles ever published.

The great majority of diseases that end in misery and death might be quickly and permanently cured if sick persons could only be induced to use Paine's Celery Compound.

The wonderful medicine has a noble record of cures—an array of testimony that is truly magnificent and astonishing. The rheumatic, dyspeptic, nervous, run-down, sleepless, weak, and those tormented with blood diseases, are soon made well and strong by Paine's Celery Compound. Even if your doctor has doubts about your case, Paine's Celery Compound will surely and certainly give you the bloom of health and long years of happiness.

Let your druggist or dealer know that you must have "Paine's," as imitations cannot meet your case.

**MOUNT ALBERT.**

Miss L. Morley is visiting in Barrie. Misses Wood of Bradford, spent Thursday in town.

Mr. Jos. Bell was visiting here recently.

Miss Brown of Pine Orchard, spent a few days at Mr. Thos. Ough's.

### Wonderful Aids.

#### DIAMOND DYES CONDUCE TO MODERN HOME COMFORT.

The present generation of women are blessed with privileges and aids that our grand-parents never enjoyed. Among the many important aids in the family the Diamond Dyes hold a high and important place.

Formerly, the dyeing operation was a tedious, hard and doubtful job. To-day, a dress, cape, jacket, coat, pants or vest can be colored and made to look as good as new at a very small cost.

When troubles arise in home dyeing, it is because you have allowed your dealer to sell you dyes that are crude and dangerous to use—His imitations of the popular Diamond Dyes. When the Diamond Dyes are used your work is accomplished in a few minutes, and you are certain of the best results.

Successful home dyeing can only result when you use Diamond Dyes, long years of severe testing have proved this fact.

**ORILLIA.**

A forgery case. Wm. Waples, jr., who runs a shingle mill in North Orillia, was yesterday charged before Police Magistrate Laferty with forgery. The information states that Waples did on June 20 sign the name of "Thos. Fagan," who resides at Coulson, to a note for \$64.40, and that he did then discount the note to Wm. Calverly, Orillia. The case was adjourned till Tuesday. There are several other similar charges against the prisoner. Constable Arch Fife made the arrest. Mr. Cotter is prosecuting.

Got too much money. A somewhat peculiar case came before Police Magistrate Laferty last week when John Kells was charged with defrauding the Dominion Bank out of \$15. It appears that in December, 1894, Kells presented an order of the Victoria Harbor Lumber Co. at the bank for payment. The company had already paid him \$15 on the order, but this was not noticed by Mr. D. L. Hill, who handed Kells the full amount of the order. Kells claims he was intoxicated at the time and neither denies nor affirms that he got the money, but refuses to make good the amount, hence the action. The case was adjourned till Tuesday. Crown Attorney Cotter is prosecuting and Mr. McCosh defending.—News-Letter.

**PICKERING.**

Mrs. W. T. Harrick was able to get up for a drive the other day, a very favorable sign indeed.

Mrs. Geo. Lang of Church street, has been rather indisposed for a few days but is somewhat better.

Mrs. Thomas Leng and children, of Toronto, are here this week with Mrs. Geo. Leng, of church street.

We have been credibly informed that some \$700 are being expended in improving the college during the vacation.

We are exceedingly sorry to say that John R. Winter is indisposed with inflammation. He is not very critical however.

Robert Secker, of Liverpool Market, is confined to his home with illness, and his condition is becoming daily more alarming.

Robert Miller's sheep arrived here from quarantine on Wednesday and were unloaded. He at once re-shipped a number to various parts of the States.

While many of the swells in the village and surrounding district are low, and cattle have to be driven to the neighboring streams to be supplied, there is a remarkable absence of those diseases called contagious and supposed to be more prevalent at this season of the year. As the hot season can be considered over, we look for a healthy fall, at least in this section.

Two hungry looking youths have been camping down below the base line bridge for the past fortnight. For the past week only one of them has been coming up town for supplies and he tells a pitiable story about his brother being ill at the rude hut, and that both are much in need of the bare necessities for existence. Some kindly disposed person should hunt out the above and find out if this sorrowful narrative has any foundation in fact. Something should be done in the matter of getting a gymnasium room or something of that sort for the winter months. In our opinion there could quite readily be had enough members to push the thing through, and should be commenced right away as the evenings are getting short. We would like to see the young and other men in the village get to work and have it done before it is too late.

James Gibson, of Liverpool Market, after an illness of some weeks, died at his residence on Wednesday afternoon, aged 78 years. Deceased was born in the county of Lantrinn, Ireland, and came to Canada some forty five years ago, and has resided in the Dunbarton neighborhood for some thirty-two years or more. He leaves a family of five grown children and his aged partner to mourn his demise. They all have much sympathy. The funeral will take place this (Friday) morning, leaving the home at 9 o'clock sharp. The cortege will proceed to the R. C. church for service and thence to the north cemetery where the remains will be interred.—News.

**ALTONA.**

Mrs. Heisy, of Gormley, was visiting here Monday.

Mrs. E. Patterson, Toronto, was visiting here Monday.

Mrs. W. Paisley and family, Church Hill, spent Sunday here.

Mr. Elias Resor took a load of fat hogs to Toronto on Tuesday.

We have had good crops and harvest will soon be a thing of the past.

Miss Laura Stouffer, of Stouffville, was visiting friends here Tuesday.

Mr. Fenton, Toronto, paid a flying visit here Monday.

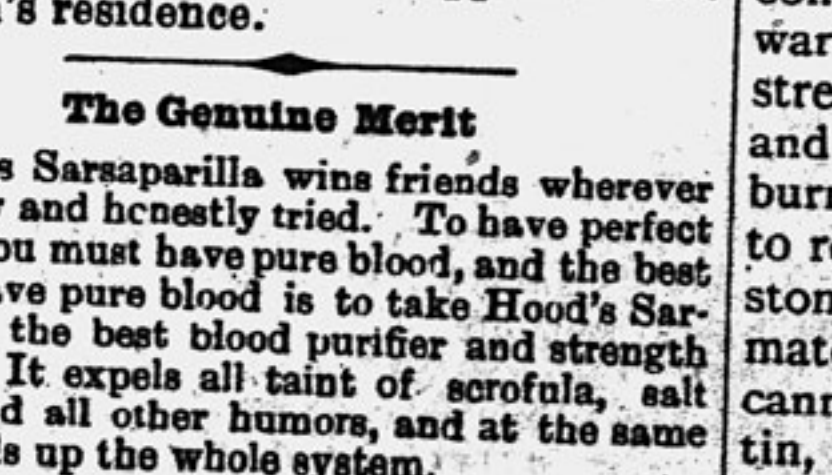

Messrs. Fry, of Michigan, and P. R. Hoover, Green River, called on friends here last week.

Mr. A. Mantle has secured a job threshing with Mr. Evans, of Clarence.

Mr. F. F. Boothby, our respected young tailor, who is now in British Columbia, expects to be in our midst again next month.

Mr. Vanburen Forsyth, of Glasgow, was acting the good samaritan as usual this week. He appeared in our midst with his gang of men and gave Mr. Barkey a helping hand with his fine crop of oats. A friend in need is a friend indeed.

**EVERY FAMILY SHOULD KNOW THAT**

In a very remarkable remedy, both for INTERNAL and EXTERNAL use, and wonderful in its quick action to relieve distress.

**PAIN-KILLER** is a sure cure for Sore Throat, Bronchitis, Croup, Hoarseness, Whooping Cough, Diphtheria, Spasms, Cholera, and all bowel complaints.

**PAIN-KILLER** is the best remedy known for Headache, Neuralgia, Toothache, Rheumatism, Sprains, Burns, Bruises, Cuts, Sprains, Severe Coughs, etc.

**PAIN-KILLER** is the best remedy for Stomachic, Farmer, Plaster, Sulphur, and in a host of other ailments. Always at hand, and always effective. Sold everywhere. The big bottle. "PAIN-KILLER." Sold everywhere. The big bottle. Very large bottle, etc.

**BROUGHAM.**

**UxBRIDGE.**

Cannington and Beaverton volunteers talk of coming down to the rifle matches here on Sept. 11th and 12th to scoop the prizes. Our local shootists are hereby warned to be in practice to meet the men of No. 7 and 4.

A place of much interest last week was the brick yard, where a large kiln of 16,000 brick was being burned. Every evening brought its quota of visitors to see this immense furnace, while the boys entertained and made merry the time with songs and roast corn.

Something must be done with the giddy people of Oshawa who are spending nearly all their money for the pleasure of riding on the trolley cars. The last complaint is from a milkman who says he never had so much trouble to get his pay as he has this season, and the reason he gives for it is that people who are limited in their cash spend it on excursions and on the trolley.

Mr. T. W. Chapple, M. P. P., and Mr. Chas. Kelly have returned from Ottawa where they were attending the meeting of the High Court of Foresters, both of whom were honored by being elected officers of the High Court Central Ontario, the former as High Court Councillor and the latter as High Marshall. While there they attended the opening of the House of Commons, seeing the Speaker elected and hearing the speech from the Throne delivered.

The board of trade held an interesting meeting on Friday evening last in the market hall. The report of the market committee was presented and received. The question of changing the first market day of the week to Wednesday was voted upon and the proposal rejected. A move was made to place the produce market on a strictly cash basis, and a motion was made and carried to have only cash bids made on the market. All but two of the town buyers are in favor of this, and all other business men favor it, believing that cash is the only proper basis for a market. The efforts along this line will no doubt be continued.

Where is the profit? If a merchant, through fear of losing a customer to some other merchant, pays in goods 12c a pound for butter that he cannot sell for over 10c, what profit does he make on his goods? Ten pounds of butter at 10c cost \$1. The merchant pays \$1.20 in goods. It costs ten per cent to do business—pay clerks, lighting, heating, bookkeeping, rent, taxes, &c. To barely let himself out the merchant must get 10 per cent profit all round on the goods he sells for the butter. Does he get it? Every article the farmer has to sell should have a cash value. If only cash bids were made on the market, only cash values would be paid. A merchant may give away his goods under the delusion that he will make a few cents somehow, but when it comes to giving away cash he will not deceive himself very long. Cash is the best basis for business, and the only proper basis for a market.

A flutter of excitement was noticeable around town on Monday morning and the cause of it was a wedding. A wedding! What a magic word. People who have been looking sour and look pleasant at the mention of a wedding; and the young people, especially the girls, are all agog with curious interest to see the ceremony and watch the couple off on the train. In this case the contracting parties were Mr. George Derrick, Toronto, late of London, England, and Miss Hutt of Uxbridge, formerly of Hutt. The bridesmaid was Miss Emma Hutt, with little Winnie Haggas as maid of honor. The groomsmen were Mr. Rutledge of Toronto. Rev. Mr. Manning performed the ceremony at the Methodist church at 7.25, just five minutes ahead of time, consequently a number of people only saw the finishing part of the ceremony. The bride was given away by her brother-in-law, Mr. W. Haggas. The newly married couple took the north train for Midland and the lakes. In a few days they will take up their residence in Toronto.

**Fire limits.**

If you have property on Brock street, consisting of houses, stores, stables, or warehouses, and between Victoria street in the west, and First Avenue and Marrietta street in the east, and it burns down, you will not be permitted to rebuild in wood. It must be brick, stone or some such non-combustible material. If you want a new roof you cannot use wooden shingles. Only tin, zinc, slate, etc., will do. The by-law making these restrictions is required by the Fire Underwriters' Association and was passed by the town council on Tuesday night. It not only makes these provisions within the fire limits, but it lays down rules in regard to chimneys, stoves, zincs, pipes, burning rubbish, &c., &c., all over town. You cannot burn rubbish in your yard within 100 feet of any building. It is the rankest piece of legislation for a small town we have ever heard of. If the insurance companies can refuse payment of a fire loss on the ground that some one of these many rules was not observed then we might as well throw up our policies and cease paying our premiums.—Journal.

Mrs. JOHN GORON, Dresden, Ont., says: "Miller's Compound Iron Pills cured my daughter of St. Vitus' Dance; one hand was uncontrollable and the muscles of her face twitched very badly." Sold by A. H. Allen, druggist.

Terrific heat and severe storms prevailed last week in Germany and Austria, and many lives were lost.

Sold in the head—Nasal Balm give instant relief; speedily cures. Nose inflamed.

The whole Japanese Cabinet has resigned. The Emperor has appointed Count Kurodo acting Premier.

Minard's Liniment the best hair restorer.

The promoters of the Hamilton band tournament have a deficit of \$200.

### Like a Miracle

Consumption—Low Condition Wonderful Results From Taking Hood's Sarsaparilla.

Miss Hannah Wyatt, Toronto, Ont.

"Four years ago while in the old country (England), my daughter Hannah was sent away from the hospital, in a very low condition with consumption of the lungs and bowels, and weak action of the heart. The trip across the water to this country seemed to make her feel better for a while. Then she began to get worse, and for 14 weeks she was unable to get out of the bed. She grew weaker for five months, and lost the use of her limbs and lower part of body, and she was kept up in bed had to be propped up with pillows and had to be propped up with pillows. Physicians

Said She Was Past All Help and wanted me to send her to the 'Home for incurables.' But I said as long as I could hold my hand up she should not go. We then began Hood's Sarsaparilla Cures

to give her Hood's Sarsaparilla. She is getting strong, walks around, is out doors every day, has no trouble with her throat and no cough, and her heart seems to be all right again. She has a first class appetite. We regard her cure as nothing short of a miracle." W. WYATT, 29 Marion Street, Parkdale, Toronto, Ontario.
