It is quite Gordon's shed. The case was dismissed by Granger \$6.92; Geo Cormack \$15.06; John probable that the gallant Captain and his

Dudley Alloway, Pickering, has for some years had a notion in his head that he was going to die sometime, but could not forge out a definite reckoning as to the exact date of his demise. It might be a day or a year hence, or a decade, but he has felt that death was his portion, and has been bracing

lishers to arrange its departments in most his store, which has not been occupied for up against the trying hour. He desires to be happy when that time arrives, and usual year's taxes providing a rebate is allowed of ly absorbs enough nicotine and alcohol each general news and select reading the Weekly the other half. He argued at some length day to make a peaceful end a certainty. He showing the fairness of this proposition. is bound to die happy, and that is all there. The matter was referred to the finance comis about it, but the suspense of always exmittee to consider and report upon. Coun pecting it, always looking for it, and it Smith gave notice of a by-law to appoint a never happening does sometimes upset his collector of taxes. The council adjourned feelings. On Saturday last he came to Whitby, and called at the CHRONICLE office as usual to see us and bid us goodbye until we meet in glory. He said he felt like a. peach; but still the possibility of an early dissolution was present in his mind as usual so he purchased a bottle of gin and took some of it. Presently he took a lot more of it, and then he telt like dying. Bound to depart this life in his native place, he tried to borrow Jerry Gorman's horse with which ACENTS sends us a marked copy of the Tonawanda paper, in which there is an editorial resenting very strongly the action of our Canadian financial corporations in putting American financial corporations in putting American coin be similarly served on the other side of the line. Before writing anything on this subject we have examined our pocket and find that we have find the find that the find the find that the find find that we have \$1.10 of American silver with Mr. R. Richardson to seize Thompson's they tied in the shed. They then sought a chattels. They could not find any grain on suitable resting place and both laid down farm to Rent. we do not care how the cat jumps. Our American dollar we have carried fifteen or twenty years. When we first-became possessed of it the coin was worth \$1. To-day it is worth and bought the grain. The live stock was also to shuffle off this mortal coil. They soon keep the barley it is worth and bought the grain. The live stock was also to shuffle off this mortal coil. They soon keep the barley it is worth and bought the grain. The live stock was also to shuffle off this mortal coil. They soon keep the barley it is worth and bought the grain. The live stock was also the barley it is worth and bought the grain. The live stock was also the barley it is worth and the barley it is worth and bought the grain. The barley it is worth and bought the grain. The barley it is worth and bought the grain. The barley it is worth and bought the grain. The barley it is worth and bought the grain. The barley it is worth and bought the grain. The barley it is worth and bought the grain and bought the grain. The barley it is worth and bought the grain and bought the place and both lad down the barley it is should be resting place and both lad down the standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad down the barley is a standard place and both lad barley is a standard place and both lad down the barley is a standard place and both lad sessed of it the coin was worth \$1. To-day it is worth 53 cents, and if Bryan be elected president of the United States it may soon be worth only 20 cents. The Canadian six ver coin is worth no more as bullion than the American eagle, but it has a coin value of \$1 which will always render it as good as cert and frozen to death the year previous, and he did not propose to repeat the experience. The constable found it impossible to execute them to crack on a discount. The state of American politics is what frightens Cansdians into discounting American money, and if the boot were on the other foot we would not blame them if they would put a duty on our coins. Our American cousins abould not blame us and seek to keep safe on this noney question, as it is the state of their politics that is to blame.

In the contract in Whitby. The bariety in Whitby. The bariety in Whitby. The bariety is missing. Some of the cattle, Thompson and the cattle, Thompson and, he cattle, Thompson and he cattle. Thompson and he cattle did not belong to him. Thompson said he had been almost starved and frozen to death the year previous, and he did not propose to repeat the experience. The constable found it impossible to execute the warrant, as there was nothing left on the place to seize but some timips, corn and late oats. The straw stack indicates that a good big crop has been taken of the place to seize but some timips, corn and late oats.
