AYER'S Sarsa-parilla

A MEDICINE

WITHOUT AN EQUAL.

Statement of a Well Known Doctor

"Aver's Sarsaparilla is without an equal as a blood-purifier and Spring medicine, and cannot have praise enough. I have watched s effects in chronic cases, where other treatment was of no avail, and have been astonished at the results. No other blood medicine that I have ever used, and I have tried them all, is so thorough in its action, and effects so many permanent cures as Aver's Sarsaparilla."-Dr. H. F. MERRILL. Augusta, Me.

A FATHER'S STORY.

HAPPINESS RESTORED WHEN HOPE HAD ALMOST GONE.

His Daughter Began to Droop and Fade -Was Attacked with Hemorrhage and Lite was Despaired of-She is Again Enjoying Robust Health.

From the Brantford Courier. A recent addition to the Grand Trunk No. 4 Company. staff in this city is Mr. Thos. Clift, who is hving at 75 Chatham street. Mr. Clift who was formerly a policeman in the great city of London, is a fine looking specimen of an Englishman of the type so often seen in the Grand Trunk em ploy and who make so desirable a class of citizens Since his advent here he 2n has been a warm advocate of that well- sil known medicine, Dr. Williams Pink

Pills, and through his endorsement, dezens of boxes have been sold to his friends and acquaintances. A Courier representative, anxious, although not surprised, to know the reason for Mr. Caft's warm eulogy of the pills, called on that gentleman recently. Mr. Chft willingly consented to an interview, 3 and in the following story told his reason for being so sincere an advocate of a world renowned medicine. "Some five years ago," said Mr Chift, " my daughter Lilly began to draop and fade, and became disinclined either for work or pleasure. A doctor in London was called in and he prescribed exercise and a general rousing up as the best medicine

to effect a cure My daughter did her best to follow his instructions, but the forced exercise exhausted her completely, and she gradually grew worse. One night I and my wife were terribly alarm ed by a cry from Lilly, and hastenieg to her room found her gulping up large quantities of blood. I rushed for a doctor and he did his best to stop her hemorrhage, but admitted to me that her case was very critical. She dropped away to a veritable shadow, and for weeks when I went to bid her good bye in the morn ing as I went to my work I feared I might not see her alive again. This went on for a long time until one day a friend recommended my daughter to try the effect of Dr. Williams' Pink Pills. She consented to do so and in a comparatively brief period a decided benefit was perceptible. Godbout, M. P., Beauce, Que., Speaks in Highest Terms of Dr. Agnew's Catarrhal Powder.

When a member of the medical profession, hedged in as he is by a large measure of conservatism, expresses an opinion of a proprietary medicine, it means a good deal.
