they returned with a verdict of not

guilty, and Crake was set at liberty.

County councils. Last session the Ontario Government passed an act reducing the number of county councillors from 1400 and odd to 500, thus saving the farmers about \$25,000 a year. The act takes effect this fall, the new districts are already being divided off by commissioners. Members are to be elected for two years, but no member of the council of a local municipality, nor any clerk, treasurer, assessor or collector thereof, shall be eligible, the object being not only to save expense, but to secure men who wifl legislate with an eye to the good of the division they represent, rather than, as now, for their own particular townships. Some of the existing county councils have as many as 60 members, or about as many as the new council elected in London, England, with a population under its administration nearly equal to that of the whole Dominion. These overgrown bodies debate all sorts of questions, in order, apparently, to prolong the session, and draw the per diem allowance. It is said in behalf of such abuses that an occasional visit to the county town, with two or three dollars a day, is really all that a township reevgets for devoting himself to the public business, but that plea of extenuation is hardly worth discussing. Strange to say Mr. Hardy's act is denounced in some parts of the Province as too radical. Those who raise this cry are principally the reeves affected, or persons who, while aspiring to be reeves, despair of getting into the new councils from a larger constituency. Surely when the farmers understand the measure. they will admit it is a step in the right direction. It would do no harm and possibly much good, if the Provincial Legislatures and Dominion Parliament were cut down in like manner. Econ-

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea-the Mother's Friend.

## Castoria.

"Castoria is an excellent medicine for chil dren. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

The Most Economical ...House Warmer

The Kelsey" Corrugated Warm Air Generator.

Any ordinary Hot Air Furnace will produce heat if you will only supply enough fuel. The "Kelsey" has several special and valuable features but most important is that it will give more heat with less fuel and is the

most durable heater made.

The "Kelsey" fire pot being constructed of several upright, tubular, corrugated, cast iron sections (see cut) around which the fire passes and up through which the cold air passes while being heated, and this entire section being wrapped with a heavy steel casing which becomes heated by the fire striking it when passing down outside of upright sections towards smoke pipe, it in turn warms the air that casses up between this steel casing and the that passes up between this steel casing and the galvanized iron casing, this explains why the "Kelsey" has three times more radiating surface and warm air capacity than an ordi-nary Furnace. The "Kelsey" heats every room evenly, wheresoever located, with a nice, mild, healthful warm air that will not injure

your furniture.
The "Kelsey" will heat rooms 60 feet The "Kelsey " does not heat your cellar. The "Kelsey" is absolutely gas and dust proof. Send for descriptive catalogue.
