

A Common Affliction

Permanently Cured by Taking
AYER'S Sarsaparilla
A CAB-DRIVER'S STORY.

"I was afflicted for eight years with Salt Rheum. During that time, I tried a great many medicines which were highly recommended, but none gave me relief. I was at last advised to try Ayer's Sarsaparilla, by a friend who told me that I must purchase six bottles, and use them according to directions. I yielded to his persuasion, bought the six bottles, and took the contents of three of these bottles without noticing any direct benefit. Before I had finished the fourth bottle, my hands were as

Free from Eruptions
as ever they were. My business, which is that of a cab-driver, requires me to be out in cold and wet weather, often without gloves, and the trouble has never returned."—THOMAS A. JOHNS, Bradford, Ont.

A TRAPPER'S STORY.

CALLING THAT ENTAILS MUCH HARDSHIP AND EXPOSURE.

One Case in Which the Exposure Brought on La Grippe and Serious After Troubles—How the Victim Secured Renewed Health.

From the Brockville Recorder.

Rockport is but a small hamlet, but it has achieved a wide reputation owing to the fact that it is situated in the very heart of the far-famed Thousand Islands, and for this reason attracts during the summer months hundreds of pleasure seekers. Among the residents of the village none is better known than Wilson A. Root. During the summer months he follows the occupation of an oarsman, and none knows better than he the haunts of the gamey bass and pickerel. In the winter and spring months Mr. Root follows the occupation of trapping and this pursuit requires one to be out in all sorts of weather, and in the water frequently at a time of the year when the water is none too warm. As a result of a wetting Mr. Root took a severe cold which developed into la grippe, which took such a firm hold upon his system that for a time he was unable to leave the house. His kidneys became affected, and he suffered from severe pains across the back. There was a feeling of continuous tiredness, which no amount of rest or sleep seemed to relieve. The appetite was fickle, and there was an indisposition to exertion or work. A number of remedies were tried, one after the other, but without any beneficial results. At this juncture a friend strongly advised that Dr. Williams' Pink Pills be given a trial. They had cured thousands of others, and why not he? Acting on his friend's suggestion Mr. Root procured a single box of the Pink Pills, and before all were used felt an improvement. This encouraged him to persevere with the treatment, and after the use of a few more boxes of the pills Mr. Root found his health fully restored, all the pains and aches had disappeared, and with their disappearance came renewed strength and activity. Mr. Root says "I firmly believe Dr. Williams' Pink Pills to be unsurpassed as a medicine, and I advise any who are ailing to give it a fair and honest trial."

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink). Bear in mind that Dr. Williams' Pink Pills are never sold in bulk or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, put up in similar form intended to deceive. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for them.

These Pills are manufactured by the Dr. Williams' Medicine Company Brockville, Ontario, and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box, or six boxes for \$2.50. They may be had from any dealer, or will be sent by mail on receipt of price.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which the pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

SEAGRAVE

Mr. J. Marks is home from the city on a visit. We are all pleased to see him.

UNBROKEN

Sid Kelly, who cannot let whiskey alone, and under its influence cannot let other people's property alone, was taken by Detective Cuddy to Toronto last week to answer a charge of stealing a coat and vest in the city. He admitted the corn and got 30 days.

Fire
Tuesday morning at 3 o'clock Mr. Henry Madill, of 7th con. Scott got up to draw a tank of water for the threshing engine which was at his place, when, looking southward to his other farm, he saw the barn ablaze and the roof falling in. The season's crop of that farm was in the barn, and also the implements. The loss is probably about \$1500, with only \$600 insurance.

Wedding
On Thursday, 10th inst., Mr. S. Eck, of Todd's carriage works, was united in marriage to Miss Vernon, of Scott township. After spending a few days at Buffalo, Niagara, and other places, the happy couple returned to Stouffville on Monday. Our cornet band assembled in the evening at Mr. W. H. Todd's, where Mr. and Mrs. Eck remained, and, after playing some choice selections, Mr. Eck added a handsome sum to the funds of the band.

Cash System
Any farmer who pays cash at the stores for his goods should receive cash for his produce. Any merchant who carries a farmer's account and pays him cash for his produce at the same time is robbing himself to benefit another. This sometimes happens, but not always intentionally on the part of the merchant. On a busy day a farmer will get a cash bid and go and collect at the store, while owing a bill in the store at the same time. If the market were strictly cash there need be no store bills.

The market question
At a meeting of the board of trade held last Friday evening, letters were read from outside buyers stating that they would be willing to attend this market but could not come any day excepting Wednesday. As our principal merchants have expressed an anxious desire to get off the market provided buyers can be brought here to take the stuff, the board of trade, being desirous of trying any reasonable means of improving the market, passed a resolution requesting the town council to change the first market day of the week from Tuesday to Wednesday, and if possible to make the market a cash market. This change will test the sincerity of the merchants and of the buyers.

Body of a child found
Last Monday afternoon a horrible find was made by Mr. H. Solley. He had gone under Mr. R. Nelson's warehouse, which stands beside the railroad track east of Brock street, to nail a board on the floor where the grain was in danger of leaking through a crack, when his eyes rested on the form of a dead baby. Constable Wright was notified and took charge of the body. It was wrapped in a newspaper and was that of a well-formed male child with black hair. Near the body wrapped in a cloth was the placenta, and within a foot also was found a hair-pin. The fact of the child being left on the ground, just a short distance from the track, where a person peering under the building could see it without going under, proves that the child was left there hurriedly. A man can walk under the building in a stooped position, so it can readily be imagined it was not much of a hiding place, and that the deed must have been the wild act of an over excited person. Mr. Nelson had examined the floor on Saturday and the child was not there then, so it must have been placed there between Saturday and Monday, probably Saturday or Sunday night. Saturday would have been a particularly favorable night, being dark, wet and cold.—Journal.

MARKHAM

Governor General's escort.
President Reesor was successful in his mission to Ottawa last week in getting an order from the Minister of Militia for an escort of the Royal Canadian Dragoons to attend the Markham Fair as escort to the Governor-General, Lord Aberdeen. The soldiers will be here on Thursday and Friday and will give their musical ride in front of the grand stand on both afternoons.

This ghost had a tough time.
Wm. Armstrong, formerly of the Toronto police force, made a ghost walk in lively style a night or so ago near Shelburne, Ont. He was driving to Mono with a friend when they met the ghost in the roadway. It was waving its arms and was all in white, while a dim light enveloped it. Armstrong's companion got scared at the manifestation, but the brawny ex-constable took the whip and went after the spectre. At the first crack it ran, and Armstrong pursued, belaboring the spectral shoulders for a mile. Finally the manifestation took to the woods and escaped in the darkness. It is said to have given up the business of haunting in that neighborhood.

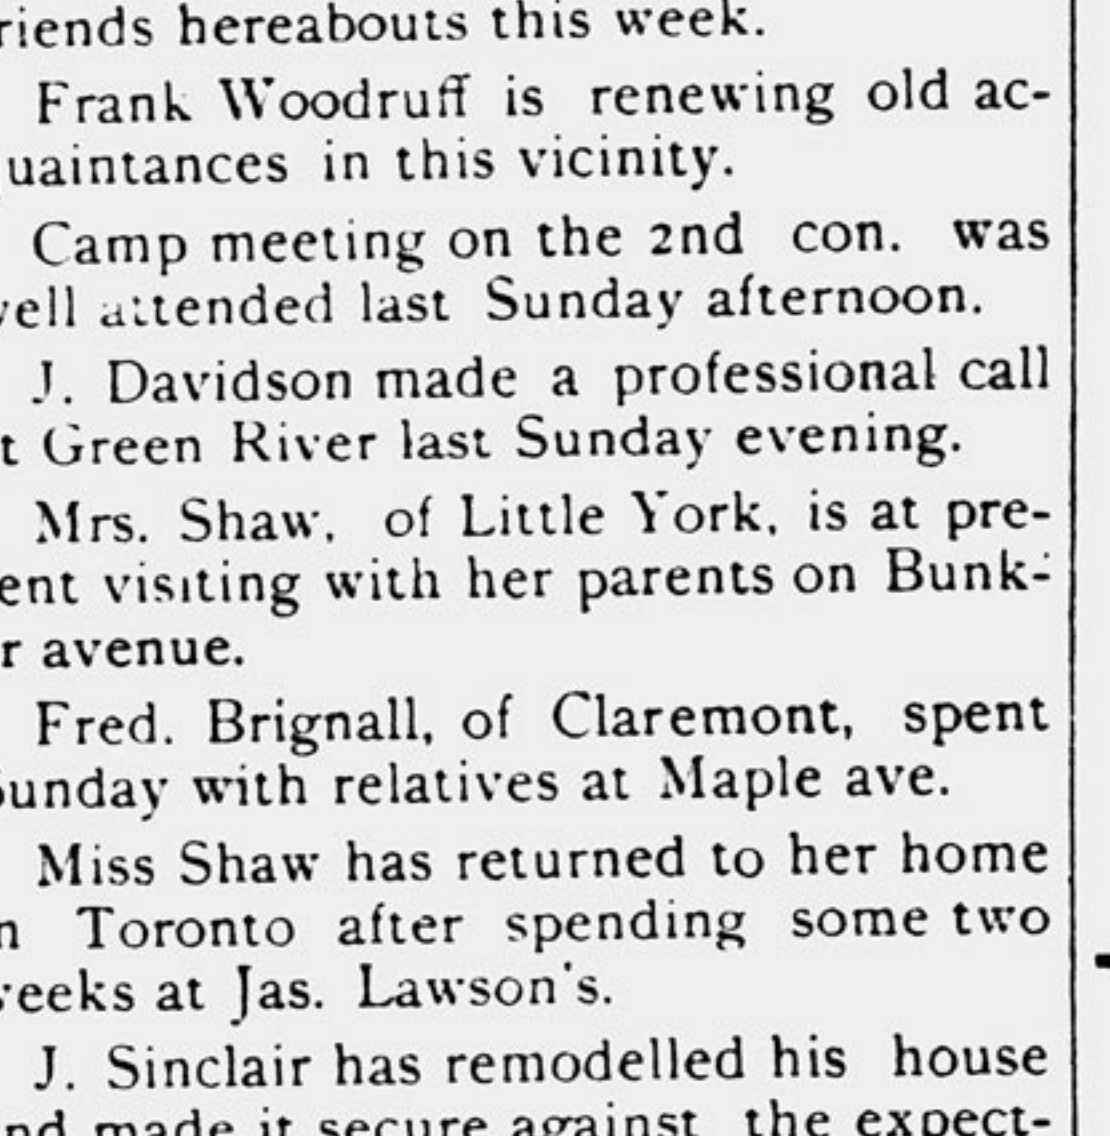

Serious accident.
Mr. Alex. Russel, a well known stock breeder and farmer who lives about a mile north of Unionville, met with a painful accident late Monday afternoon. Mr. Russel is building a silo and Mr. Philip Quantz and his son Eddie were working on a scaffold at the top, about 25 feet from the ground, shingling when Mr. Russel went out to see how the work was progressing and call the men to supper. He stepped off the ladder on to the scaffold, when it gave way, precipitating him and Eddie to the ground. Mr. Quantz succeeded in getting his fingers through a crack in the roof boards and hung there until a ladder was placed under there until a ladder was placed under him a few minutes later. Mr. Russel fell on a pile of stones and besides

sustained a compound fracture of the thigh. Eddie Quantz had his ankle dislocated and his hand cut and was otherwise bruised and shaken up. Mr. Russell's injuries are very serious, but the doctor has strong hopes of his recovery.

A fight with burglars.
Late on Monday evening, as Constable Sanderson was nearing his home at Wexford, he noticed two tough-looking fellows on the road, whose stuffed out pockets so heightened suspicion that he laid hands on them, and walking them, with a hand on each shoulder, the trio set out for the village. On the way, just opposite a bend in the C. P. R. track, there is much thick bush, and in response to shouts of "Come Tom, come Joe!" from the prisoners, two burly toughs issued from the woods and rushed upon the constable. His weapon of defence was part of a whiffletree, which he found had cold steel to contend with. So cleverly did he wield the wood, however, that not a knife reached him, while he felled one man and had his club well dyed with the blood of the rest. All four now fled, and running to the track, climbed upon a beef laden freight train for Montreal, which was there laboring up grade. Sanderson reached the cars together with the last man, whom he grabbed by the coat. In the struggle here, the tramp's black tweed garment and his shirt came away and the robber, now attired in only his pants and boots, dropped off and made good his escape. In the pockets of the coat were found 51 knives, 10 of which were table and 6 butter cutters with pearl handles. These have all been identified by W. S. Rogers & Son, Glencoe, who telegraphed Constable Tidsberry of East Toronto and stated that they had been stolen from their shop on 18th inst. Some razors and three double-barrelled shot guns were taken at the same time, and the former, Constable Sanderson thinks, were upon the persons of the men.
