

Ayer's Pills

"I would like to add my testimony to that of others who have used Ayer's Pills, and to say that I have taken them for many years, and always derived the best results from their use."

For Stomach

and liver troubles, and for the cure of headache caused by these derangements, Ayer's Pills cannot be equaled. When my friends ask me what is the best remedy for disorders of the stomach,

Liver, or Bowels,

my invariable answer is, Ayer's Pills. Taken in season they will break up a cold, prevent a gripe, check fever, and regulate the digestive organs. They are easy to take, and

Are the best

all-round family medicine I have ever known."—Mrs. M. JOHNSON, 368 Rider Ave., New York City.

CORRESPONDENCE

CANNINGTON.

Mr. Birnie has bought the stock of Mr. C. H. Amey at the corner of Laidlaw and Cameron Sts.

Mrs. Philpott and son have gone on an extended visit to Rochester and other points east.

I am pleased to state that Mr. Thos. Beatty is around again after his recent illness.

Miss Dancaaster of Orono, is the guest of Miss Mabel Dancaaster this week.

The Rev. Mr. Connell of Seabright occupied the pulpit of the Methodist church on Sunday evening last. Mr. Greatrix taking Mr. Connell's pulpit in Seabright.

Tramps are again beginning to infest the neighborhood and people should take this intimation to put the lock on the chicken coop door.

The old rookery on Cameron street between King and Queen is being pulled down and doubtless something more picturesque will take its place. It was badly needed.

The Rev. B. Bryant of Toronto, who represents the English and Foreign Bible Society preached in All Saints' church in the morning and in the Methodist church in the evening on Sunday last.

The home of Mrs. W. A. Robinson, on Monday evening was the scene of a very pretty affair got up by the Penelope Guild of All Saint's church. The members of the Guild with associate members congratulate themselves on having had a very successful "At Home" and it is to be hoped that this only a commencement of what is to come.

Mr. John T. Robinson contemplates making changes that will in all probability take him from amongst us. We shall all be sorry to hear this as Mr. Robinson is a first rate fellow and one of the kind we shall miss from our midst. However, if he makes the change he will take the well wishes of all with him.

The citizens' band intend having an old time tea meeting on Tuesday, Oct. 13th. The supper will be served in W. H. Hoyle's hall and the programme will be rendered in the auditorium of the town hall.

A gloom was cast over this community on Friday morning last when the news came of the death of one of our oldest citizens, Mr. John Leary. Mr. Leary had been unwell for some time and being of ripe age of course the worst was to be expected. The family have the sympathy of the entire community. The remains were interred in Cedarvale cemetery on Monday afternoon at two o'clock.—Echo.

ENNISVILLE.

Mr. F. A. Jones, V. S., Windsor, a former resident of our village, has been visiting friends here.

Mr. E. White, Warton, has been the guest of Dr. Mitchell.

Mrs. (Dr.) Mitchell and Miss Kennedy have returned from Western Ontario.

Mr. J. S. McLaughlin, Oshawa, has been the guest of Mr. Jno. Potter.

Mr. A. N. Mitchell is in attendance at Toronto university this season.

Rev. C. O. Johnston's lecture on Oct. 20th will be "Seven different people, of whom you are one."

Rev. Cameron occupied the presbyterian pulpit here on Sunday and gave us an excellent discourse. Rev. Mr. Phalen preached in Wick.

Rev. S. C. Rourke's sermon to young women was highly appreciated by the women; but all do not agree with him in all points, however.

PICKERING.

Robert Rogers moved his family to Pelham, near Niagara, on Wednesday, where he has been placed in charge of a Friend's congregation. We trust that he may be successful in his ministerial calling.

F. E. Logan left for Ann Arbor, Mich., on Thursday evening of last week, and did not therefore appear before Major Harper on Friday to show cause why he should practice dentistry without being registered.

As usual rain visited the Whitby fair to the annoyance of those who attended for the purpose of enjoying an outing as well as with a desire to help along the association. Those who did not get wet from here while attending say that it was a good exhibit.

Inspector McBrien visited our school last week, and in his report to the trustees gives both Mr. Murkar and Miss Whitney a very good recommend as teachers. He states that the pupils are making rapid progress. The accommodation is pronounced ample, and the sanitary condition perfect.

The annual Harvest Home services in connection with the Methodist church will be held on Sunday and Tuesday, Oct. 11th and 13th. The Rev. McCamus, of Port Perry, will occupy the pulpit both morning and evening and deliver appropriate sermons, the church being decorated with fruits of the late abundant harvest.

Willie Smith attempted to obtain goods from Isaac Wise on the strength that he would get an order from one Joseph Heard. But as our worthy silversmith was unacquainted with either parties he preferred to keep the goods. When leaving the shop Willie asked how such orders were usually worded and was told. He no doubt at once set about writing orders as stated last week.

W. Gourlie, of the east end, has rented W. J. Mitchell's farm west of Claremont and we are told will take possession this fall. We are very sorry to lose such worthy citizens as Mr. and Mrs. Gourlie, but shall expect to hear good accounts of them when they remove north. Mr. Miller will work the farm himself as soon as Mr. Gourlie leaves it.

The property belonging to the estate of the late Casper Stott was put up at auction on Saturday, at the Gordon house, by Auctioneer Poucher and sold. The farm containing 122 acres was sold to Patrick Teffy for \$2,450, while John Dwyer bought the house and lot for some \$600. Both these gentlemen have resided at Greenwood for years.

There is considerable discussion going on just now as to the starting of an Oddfellow lodge here and the prospects are that one will be organized before the winter is over. As a rule small places have too many societies of a benevolent nature, striving for existence, with the result that none of them have that degree of prosperity that they should, and Pickering is no exception to that rule. We have already four societies of this nature with the result that some cannot hold meetings for want of a quorum. All this seems needless waste of money as one or perhaps two societies could prosper here and become training schools for our young men, where they would acquire experiences in debate and otherwise that would become useful in after life.—News.

The smallest grain of aniline will color a ton of wine. A grain of permanganate of potash will reduce seven thousand times its weight of water. The most trifling disorder will disarrange every organ of the body and cause eventual disease and death. It is the little ailments neglected that make the big diseases. Most serious diseases have their origin in a disordered digestion and faulty nutrition. This is true of that most deadly of diseases—consumption. It is also true of nervous prostration and exhaustion and also of all forms of wasting disease. Remedies of this description may not only be prevented but cured by a resort to the right remedy.

An unfailling cure for all diseases that have their origin in disorders of the digestion and faulty nutrition is found in Dr. Pierce's Golden Medical Discovery. It cures digestive disorders, restores the appetite, invigorates the liver, purifies and enriches the blood, builds healthy flesh and muscle and drives out disease germs. It cures 98 per cent. of all cases of consumption. Thousands have testified to these facts. Druggists who suggest substitutes are dishonest.

Mrs. Ursula Dunham, of Sistersville, Tyler Co., W. Va., writes: "I should have been dead had it not been for your medicine. I was nearly dead when I began taking Dr. Pierce's Golden Medical Discovery. I had a pain in my side all the time, had little appetite, and grew very thin. The Golden Medical Discovery promptly cured the pain, restored my appetite, and increased my weight."

Dr. Pierce's wonderful free book, "The People's Common Sense Medical Adviser," will be sent paper-bound, for thirty cents in one-cent stamps to pay the cost of postage and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y. For handsome, durable cloth covers, beautifully stamped, send 10 cents more (50 cents in all), to pay extra cost for this style of binding.

PRICELESS RECORDS IN DANGER BUT ALL SAVED.

Hundreds of Gross of Dodd's Kidney Pills Burned—The Dodd's Medicine Company in New Quarters—Orders from Ocean to Ocean—Energy and Enterprise Conquers.

The extensive establishment of the proprietors of Dodd's Kidney Pills, at Nos. 1 and 3 Jarvis street, with its contents, excepting the offices, was entirely destroyed by fire on the afternoon of the 15th.

The fire broke out in an adjoining warehouse, but spread so rapidly that in less than ten minutes the employees of the Dodd's Medicine Company, from the laboratory, the advertising and the shipping departments, were all in panic flight for their lives.

The perfect safety of all these persons once assured, and while more than two hundred and fifty gross of Dodd's Kidney Pills, together with labels, wrappers and tons of advertising were being consumed, interest and effort all centered in the rescue from the advertising rooms of a mass of seemingly old and worthless letters. These as afterwards learned, proved to be the accumulations of years, consisting of thousands of testimonials from persons cured by Dodd's Kidney Pills, and dating from the inception of the business up to the day of the fire. These records of triumph, these proofs of the supreme merits of this great kidney treatment were the most precious of all the possessions of the firm, and were to be saved if possible, as they fortunately were, at the last possible moment.

On the invitation of the president of the company a reporter of The News visited the quarters, located at Nos. 6 and 8 Bay street, where new premises have been promptly opened. Here a rapid glance revealed many busy hands rushing the several details of completion of new goods to fill orders continuously arriving from all points in Canada, the United States and other parts of the world. Judging from the accumulated orders on file, of which your reporter got a glimpse, the output of Dodd's Kidney Pills is already almost beyond the conception, and one can easily understand that their merit alone can create such an incredible demand.

Characteristic of the energy and enterprise of the Dodd's Medicine Company, it may be mentioned that, though absent in Buffalo during the fire, the manager was made aware of the probable extent and outcome of the disaster, and while the premises were still burning orders had been wired and goods from New York and other points were speedily towards Toronto for the reproduction of Dodd's Kidney Pills, so that no order should remain unfilled.—From Toronto News.

LINDSAY.

Evidently there were one or two professional pickpockets in town during the days of the central fair. Quite a number of ladies from the country had their pockets picked, and several empty purses found on the grounds at the close of the fair are now awaiting owners. One found by some boys near the grounds had a return ticket for Fenelon Falls, per steamer Crandella. While examining some rolls of homemade carpet in the main building on the second evening of the fair a lady from Little Britain discovered an empty purse snugly stowed away in the folds of the carpet. It had evidently been rifled of its contents and thrust where found by some light fingered gent.

Friday night about eleven o'clock a new bicycle belonging to Mr. George Norton of Oakbrook was stolen from the reading room of the Veitch house. The police were notified, and Saturday afternoon about three o'clock Constable Foster succeeded in locating the missing bike in a lane near the residence of Mr. John Duke, just south of the town. The thief had evidently travelled on the wheel until the railway track was reached, when the silent steed was cast aside for some reason and the ties taken for the rest of the journey. Near the bicycle an empty pocket book was found, belonging to a Mrs. L. G. McCrea. The thief was evidently a professional crook, who had been hanging about the town during fair time, and was being watched by the police.

An exciting runaway, with somewhat serious results, took place on Kent Monday evening about 8.20. Two young men named Sheridan and Buckley, the former of whom is from Toronto and is visiting friends east of Lindsay, hired a lively rig and proceeded to do the town. While driving past Veitch's hotel at a pretty good gait they suddenly spied the open drain that is being dug across Kent, and an effort was made to bring the horse to a standstill. The sudden pull on the lines caused the horse to break, and the animal bolted down street. When in front of the postoffice Buckley decided that discretion was the better part of valor, and jumped, alighting safely. Sheridan, however, clung to the lines, and attempted to bring the now thoroughly frightened beast to a halt, but it was no go, and the animal made straight down Ridout-st. for the river, followed by half the young men and all the boys in town. When opposite Mr. E. Williamson's residence, Sheridan was thrown out on the roadside and rendered insensible. He was carried inside and Dr. Gillespie promptly summoned, who upon examination found that one of the bones of the forearm was fractured, and that he had received some minor bruises on the face and a severe shaking up. From what we can learn the lights were insufficient at the drain where the runaway started. The town cannot be too careful in this respect, and should insist that the public be protected against accident by a plentiful display of lanterns at night. Expensive litigation will thus be avoided.—Watchman.

To remove the constipated habit, the only safe treatment is a course of Ayer's Pills, followed by a laxative diet. Most other cathartics do more harm than good, therefore leading to a habit of constipation.

MARKHAM.

On Friday, the 18th inst., the Misses Nash, of Arndale, met with an accident which resulted in serious injury to Miss Bessie. The two ladies were driving down the Markham road in a cart when the horse frightened, ran away throwing Miss Maggie out. A little farther the rig struck the fence throwing the horse down and entangling Miss Bessie in the wheel and spring in such a manner that the spring had to be taken apart to set her loose. Fortunately the horse fell in such a manner as to be unable to rise, for had the horse made a move at all, it would have entailed terrible destruction to Miss Nash entangled in the rig as she was. The injured lady is doing as well as can be expected.

The Uxbridge papers keep harping about an account the Markham lacrosse club owes one of the Uxbridge hotel-keepers. It is all poppycock and no one knows it better than the proprietors of the self same papers. It is true that the proprietor of the Queen's hotel of that town rendered our lacrosse a bill for \$5 for meals which he had prepared and were not partaken of and that's wherein the debt consists. And the reason the meals were not partaken of is no credit to Uxbridge—it was because the disgraceful treatment accorded our boys made the game so long that they had only time to leave the field, change their suits, then run for the train. A pretty ease 'tween because of the inhospitable treatment received. The Uxbridge sports would improve their position with the public if, as a small reparation for their conduct, they gave the Markham boys a banquet and an apology.

The Quick Cure for COUGHS, COLDS, CROUP, BRONCHITIS, HOARSENESS, etc.

Mrs. JOSEPH NOWICKI, of 60 Sorauen Ave., Toronto, writes: "Pny-Pectoral has never failed to cure my children after a few doses. It cured myself of a long standing cough after several other remedies had failed. It has also proved an excellent cough cure for my family. I prefer it to any other medicine for coughs, croup or hoarseness."

BEAVERTON.

The Convention of the Y. P. S. C. E. Societies which met in Beaverton last week brought together ladies and gentlemen from all over the county of Ontario. They were charmed with the situation and hospitality of the people, but, alas for our dignity, not with the appearance of the village. The air of untidiness which hovers over the streets is so evident that it was the subject of remark by many of the visitors. A trifling cost to the corporation or a little time by the people would effect a great change in this respect throughout the village.

The selection of candidates for the new county council which is to be elected on the new plan next January is not yet brought forward any candidate. With the exception of the names of Mr. Don Brown of Thorah and Mr. Wm. Broom field, of Mara, we have not heard any names advanced for the honor in this district. In the Brook district Mr. Henry Purvis and Mr. Henry Glendenning are both spoken of and as the affair is likely to resolve itself into a straight party fight either of these gentlemen would prove a strong candidate, especially for the independent party which has lately done such wonders in modifying the ridiculous Tory exclusiveness of Brook. Over in the neighboring county of Victoria the names of Mr. A. McFarlane, Deputy-rév. of E. don and also that of Dr. Wood, rev. of Eldon, are being given as candidates in their respective districts. True, there are some three months yet and many things may happen before the election but it is certainly desirable that the gentlemen who will aspire to this tempting honor should be in the field.—Express.

STOUFFVILLE.

'Twas a fake

Our readers will no doubt remember an article which appeared in the Free Press some time ago giving an account of the brave deeds being performed down in Waco, Texas, by William Lewis, a former resident of Uxbridge, Stouffville and Goodwood. It was taken from the Waco Times, and told how the plucky William had, alone and unaided, cleaned out a whole gang of outlaws who were making targets of the peaceable citizens of Waco; how he had escaped with only a nervous shock and a few bullet holes in his hat and clothing; and how he grew to be a hero in the eyes of the Texas populace. We all felt mighty proud of William. He had shown the fire-eating Yanks that we know how to fight, and when Canada's "glorious victories for 1896" were compiled and flashed around the Globe, we marvelled greatly that William's valorous deed was not among the list. We couldn't understand it at all, and we were extremely sad. But yesterday we received a shock which dispelled the gloom. It is in the shape of a clipping from the Waco Telephone, and reads as follows:—"At 1.30 o'clock this afternoon Mr. William G. Lewis called at the Telephone office and explained how the article about Texas desperadoes being killed by him came to reach Canada. He states that his friends at home thought he was in a lawless country and tried to get him to come home. A printer friend in Waco found out that they were ready to believe anything about Texans and thought he would encourage that idea and have some fun. So he took a newspaper which had been printed on one side and with a proof press printed the story about Mr. Lewis and the desperadoes after he had first put it in type. Mr. Lewis says he had no idea that his friend was going to send it off, but he did, and it got into the Canadian papers. He seems much put out about it and asks that his explanation be made, showing that so far as he was concerned it was all meant for a joke and was intended to stop at that."—Free Press.
