AYER'S Sarsaparilla

A MEDICINE WITHOUT AN EQUAL.

Statement of a Well Known Doctor

"Ayer's Sarsaparilla is without an equal as a blood-purifier and Spring medicine, and cannot have praise enough. I have watched its effects in chronic cases, where other treatments have failed, and have been astonished at the results. No other blood medicine that I have ever used, and I have tried them all, is so thorough in its action, and effects so many permanent cures as Ayer's Sarsaparilla."—Dr. H. F. MERRILL, Augusta, Me.

Ayer's The Only Sarsaparilla

Admitted at the World's Fair.

CORRESPONDENCE

LINDSAY.

A county meeting of the Patrons of Industry for Victoria will be held in Smyth's Hall, opposite the market, on Saturday, Oct. 24th, next, commencing at one o'clock p. m.

It is claimed that James Duggan, a farmer living near Gelert, had trouble with moose the other day, which was bent in running his farm. He went for the moose with a club, but the animal showed fight and forced the farmer to run for safety. The moose fought and played with the cattle for over two hours, and then disappeared.

Such is fame. Monday of this week Mr. M. W. Robson, the enterprising proprietor of the West End three stores, received an order from a private individual in London, England, for a barrel of good Canadian citrons to be shipped immediately. The moose was enclosed and instructions given to prepay freight. The latter item alone will amount to about \$5. The citron crop is a particularly good one in Ontario this year.

Mrs. E. B. Roberts of Lindsay was the musician at the Markham fall fair, which was opened by His Excellency Lord Aberdeen. When the vice-regal party was passing that portion of the hall in which Mrs. Roberts was rendering her usual brilliant piano selections, she struck up the national anthem, which greatly pleased both Lord and Lady Aberdeen. They asked to be introduced and his excellency congratulated Mrs. Roberts on her ability as a musician, and also thanked her for the compliment paid them. Mrs. Roberts is just the same age as Queen Victoria, and her delicate touch as a pianist is simply wonderful for one of her age.

A wild story comes from Sturgeon lake of the actions of a runaway yacht. It appears that something went wrong with the engine, and when the little steamer was started she could not be stopped until the steam ran down. The plucky captain was determined to make port, however, and let her go. Everything went well as long as they had plenty of sea room, as the craft answered the rudder beautifully, but the danger was to be apprehended in landing. The captain was uneasy until he beheld the staunch liner Estriam, when he stationed the mate on the bow with a line, and as they came within hailing distance cried out, "Catch her, boys; she's running away!" The line was deftly thrown and on being caught by one of the crew was made fast and the progress of the runaway craft was cut short, but the way she churned up the water was a terror. In a short time the defective machinery was repaired and the yacht went on her way with the captain once more in command.

Saturday morning last Masters "Cap" Simpson, Fred Lennon and Harry McConnell decided that their health demanded a little fresh country air. Cap and Harry hitched their well-known dogs to the equally well known carts, and accompanied by Fred on a bicycle, borrowed for the occasion, they took the dirt road for Cameron, eight miles north. This village was reached in an hour and a half, and the dogs being pretty tired they put up for dinner. When this was stowed away under their jackets, the trio of youthful gypsies hitched up and showed the natives that hamlet what a team of well-trained dogs can do in the way of getting over the ground. One old farmer got dead stuck on the outfit and offered the boys a trade for a horse and buggy, but as they were out for fun and not money they declined all overtures and reached home at an early hour, somewhat tired but delighted with the outcome.—Watchman.

CANNINGTON.
Mr. John T. Robinson, who has purchased the Berlin Daily and Weekly News, left on Friday afternoon for his new home.

Mr. W. J. Cowan has shipped another lot of horses from Cannington this week, notwithstanding that the market is very low at present. Mr. Cowan is always buying horses, whether the market is up or down, and he pays the market price every time. He makes this his only business, and if the animal suits him will pay its value, as hundreds of farmers can testify throughout the country. Mr. Cowan bought thousands of horses during the past years.

The Directors of the Markham Fair have passed a resolution to the effect that the one judge system be adopted in all classes except speeding, and judges be paid car fare and hotel expenses. That is just what it should be and every other agricultural fair should do likewise. It is enough for a good judge to give his or her time to the work without being out of pocket. The honor of the position is recognized in the ability of the persons selected.

A successful farmer gave a note of warning the other day in regard to the apple crop. The short crops of the past two years have had the effect of almost exterminating the worm. The apples this year are remarkably sound and free from grubs. To prevent recurrence of the evil, apple growers should not allow the fruit to lie under the trees for any length of time. It is better to use them as food for stock than to wait the chance of a sale at the risk of producing a plague of grubs again.—Gleaner.

Mr. W. H. Hoyle returned from his trip as delegate from Ontario, to the meeting of the sovereign Grand Lodge, held at Dallas, Tex., on Thursday last. Mrs. Hoyle thoroughly enjoyed the trip but from words used in an interview it is just possible that this country suits Mr. Hoyle as well as anything he saw beyond the line.—Echo.

VICTORIA CORNERS.

Miss Nellie McKay left for Toronto last week.

We are pleased to see Miss Minnie Sanders again in our vicinity after spending a few weeks with friends in Toronto.

Don't forget the basket social in the L. O. L. hall on the 15th inst. A good time is expected.

Mr. and Mrs. Robt. Reynolds have returned to their home again.

Thousands of women are cast-up dead on the shores of life because of their own ignorance or neglect. No woman can be free from pain, or safe from the ever-threatening breakers of death, who neglects to take proper care of the organs that constitute her womanhood. A woman who neglects her womanly self will be sickly, nervous, pain-racked and fretful, and approaching maternity will be a menace of suffering and danger.

Wise women know that Dr. Pierce's Favorite Prescription is a marvelous remedy for those troubles that make a woman's life miserable, and fill the period of prospectiveness with fears. It is the discovery of an eminent and skillful specialist, Dr. R. V. Pierce, for thirty years a chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Over 90,000 women have testified to the almost instantaneous action of this wonderful remedy. It works directly on the organs distinctly feminine. It makes them strong and healthy. It cures all weakness and disease. It insures baby's health and motherhood. It is easy for a woman to avoid this suffering and danger.

GREEN RIVER.

Miss Maggie Spence has returned to winter with us.

Mrs. Miller, of Cleveland, Ohio, is visiting at O. P. Ferrier's.

Sanford Doten is going to work his farm himself next year.

Miss Ida Fraser has returned home after spending a few weeks with friends in Toronto.

Some are talking of enlarging their cellars to store the apple crop. They say they can't let England have such cheap fruit.

All our industries are running full time, especially Hoover and Sons' cooperage. That establishment is kept very busy filling orders.

I hear that the anniversary of the baptist church here is coming off on the first of next month although no official notice has been given me at writing.

Miss Cynthia Ferrier, who has been absent for about three years at Cleveland, Ohio, has returned to spend a few weeks with her parents here. We are all pleased to meet her again.

PICKERING.

We are sorry to say that Captain Hiltz, of Fairport, is not in very good health, neither has he been for some weeks.

David Annan arrived here on Sunday morning, having been across the ocean three times since last he visited us. He leaves this week again to make another trip.

Walter Richardson has secured a lucrative situation in Toronto, having been placed in charge of the dress department of Murray's large departmental store. His tailoring business in Lindsay has been abandoned.

The mail bag that was thrown from the Wednesday morning through express going west, was caught by the suction and carried beneath the train and badly cut to pieces. The mail matter was likewise much damaged.

If the pathmaster does not soon repair those three culverts on the base line just south of this village we shall be tempted to remove the scantling to another part of the locality and thereby secure some cheap firewood. The aforesaid culverts are in a bad state.

Wm. Balmer has rented the McCullough farm on the east townline, and has moved thereon. Mr. Balmer has been foreman on W. Westlake's farm, west of here, for the past two years, and we are sorry to have him leave the neighborhood. J. J. Ashley, who has been for some years manager of B. Gibson's farm near Whitby, will look after the Westlake place. He has taken possession already.

During the past few weeks the Toronto papers have published a number of very sensational articles as to the domestic life of John Hood and wife, of Brougham. A stranger, from reading these accounts, would think, and in fact one paper stated, that the yeomanry of Pickering were much exercised over a suit threatened by Mrs. Hood against her husband. Now, the facts are that very few in the township have taken much interest in this couple since they were married. While few have taken much notice of them it will be a source of much satisfaction to many to know that they have settled matters up, that Pickering township will not acquire more notoriety through their continued quarrels and law suits of every conceivable character.

When the belfrey was erected at the fire hall we advocated that the lower flat be fitted as a lock up, but our remarks were not even taken seriously and the matter was allowed to drop. In the light of recent events we must again call attention to the fact that such could be yet utilized with little expense for a lock-up. We have occasionally far too much rowdiness upon our streets, and had we such a place of confinement at hand, its presence would have a very quieting effect upon those young fellows who occasionally get it into their heads that the world wants conquering and at once proceed to lecture the first citizen encountered. As we have no corporation to appeal to, the firemen seem to be the only body capable of taking hold of the matter. Another requirement is the appointment of a second constable. While we have an efficient officer in the person of John Gordon, that gentleman is not always available. We have had two vacancies for many years, and the present vacancy was but recently caused by the removal of Geo. W. Decker to Toronto. We would respectfully direct the attention of the proper authorities to this matter and ask for the appointment of a constable at once.—News.

Agitation in the world of homoeopathic medicine has been its very soul of progress, and the individuality of men have been parent to the disintegration of the standard of these bodies have been elevated. For most of our famous preparations—formulas—their organs distinctly feminine, promoting regularity of the functions, allaying inflammation, checks unnatural, exhausting, and puts the whole delicate organism into perfect condition. Almost all the ailments of women are traceable to some form of what is known as "female complaint." There are not three cases in a hundred of women's peculiar diseases that Dr. Pierce's Favorite Prescription will not cure.

The city council of London has adopted plans for the new sewerage system, which will cost about \$200,000.

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhoea, cholera, and all summer complaints, sea sickness, etc. It promptly gives relief and never fails to effect a permanent cure. Mothers should never be without a bottle when their children are teething.

The Hamilton District Council has decided to purchase a new sewerage system, which will cost about \$200,000.

CHERRYWOOD.

MARKHAM.

Several scraps are reported to have taken place the last night of the fair and there is to our knowledge truth in one or two of the stories. This should not be allowed by the authorities, the town has of itself enough county constables to put down a small riot, but not one of them seems to have taken a hand in stopping this sort of thing. It should not occur again; free fights are not conducive to a good reputation for any town or fair.

In the town hall Monday morning two young men giving their names as Wm. Smith, of Belfast, Ireland, and David Mackenzie, of Houston, Texas, were charged before Magistrate Tazant and Robinson with trespassing on the G. T. R. property. They were arrested Sunday afternoon by County Constable Clendenning in a section shanty at Miller grade. When the constable arrived Mr. Smith and Mr. Mackenzie were enjoying themselves with a nice quiet game of cards with a fire to keep the temperature of the room right. They were let go on suspended sentence and a warning.—Sun.

A good story comes from Markham in connection with the fair. Among the visitors of the last day were J. Patterson, of Little York, and C. Loudon, of Victoria Park, who drove out in a hired rig. When the fun was over in the evening the two looked up their horse to go home, but couldn't find it anywhere. In fruitless search about the stables they encountered a man and told him of their difficulty. "What color was it?" asked the stranger, and on learning that it was a dark grey he burst out, "Oh there's a dead horse like that lying back of the barn up the road," and there they found it, dead as a dog nail.—Toronto World.

Directors' Meeting.

A meeting of the directors of the Beach, Port Perry, Seagov and North Ontario Plowing Association was held at the Railroad House, Port Perry, on Saturday last. Present: Messrs. Geo. Brown, Robt. Brabazon, W. M. Weir, Wm. Graham, Thos. Lamb, J. S. Baird, N. C. Martin, J. Bradley, R. Stretton, John Martin, Jos. Stone, Wm. Birkett and D. Whitney. The president, Mr. G. Brown, in the chair. Mr. Wm. Graham, secretary, read the minutes of the previous meeting which on motion were confirmed. The committee appointed at the previous meeting to select suitable grounds on which to hold the coming match reported in favor of holding the match on the farms of Messrs. John McClintock and Jos. Raines, on the western limits of the corporation of Port Perry. On motion of Mr. Weir, the report was adopted. On motion it was decided that the date for the match be fixed for on or about the 5th November. The next order of business was the selection of judges after which the meeting adjourned to meet again on Saturday, 17th Oct.

Teachers'

The Ontario Court met in the City of Toronto, on Thursday, 8th and 9th inst. A large and a deep interest in the convention throughout the session.

THURSDAY.

Precisely as in the last year, Mr. Tamblin took the proceedings to read the secretary to read the minutes of the last annual meeting, and the confirming the president's report, and the address which pertained to the nature of a valedictory address.

MR. TAMBLIN.

Mr. Tamblin said possibly the last time the teachers of the province have met in this city, and he thought it was a privilege to be here, and he thought it was a privilege to be here,
