Almost Passes Belief

Mr. Jas. E. Nicholson, Florenceville, N. B., Struggles for Seven Long Years with

CANCER ON THE LIP, AND IS CURED BY AYER'S Sarsaparilla

Mr. Nicholson says: "I consulted doctors who prescribed for me, but to no purpose; the cancer began to eat into the flesh, and I suffered in agony for seven long years. Finally, I began taking Ayer's Sarsaparilla. In a week or two it noticed a decided improvement. Encouraged by this result, I persevered, until in a month or so the sore under my chin began to heal. In three months my lip began to heal, and after using the Sarsaparilla for six months, the last trace of the cancer disappeared."

HEALTHY DIGESTION.

A BOON AND A BLESSING TO MANKIND.

The Life of a Dyspeptic One of Constant Misery - One Who Has Suffered From Its Pangs Points the Way to Renewed Health.

From the Cornwall Freeholder.

The Life of a dyspeptic is proverbially a miserable one, eliciting universal commiseration. Not so much because of the actual painfulness of the ailment, but largely because it projects its pessimistic shadows upon all the concerns of life, and here they sit like a deadly incubus upon every enterprise. An impaired digestion gives rise to an irritability that exposes the person to much annoyance, besides being extremely trying upon others. We are all aware of the value of cheerfulness in life. It is a flower of the rarest worth and strongest attractions. It is a tonic to the sick and a disinfectant to the healthy. Those things that destroy a man's habitual cheerfulness, lessen his usefulness, and ought therefore to be resisted by some drastic and efficient remedy. The duties that devolve upon the average man and woman are invested in so much difficulty as to put a premium on hopefulness. The relation between the prevailing moods of the mind, and the health of the digestive apparatus is close and vital. Hence it is not surprising that many would-be benefactors have caught the pith of the matter from indigestion. Judging by results Dr. Williams' Pink Pills is a remedy unique in its success, therefore it is confidently recommended as a safe and adequate cure for acute dyspepsia. This claim is substantiated by experience as the following facts will show:

Mrs D. McCrimmon of Williamstown, Glangarry Co., suffered untold misery from a severe attack of dyspepsia, which manifested itself in those many unpleasant ways for which dyspepsia is notorious. Every attempt to take food was a menace to every feeling of comfort, until the stomach was relieved of its burden by vomiting. When not suffering from the presence of food in the stomach, there were other symptoms more or less disagreeable consequent to the functional disturbance of the stomach, such as impaired taste and appetite, unworded labor, increasing apathy, and falling animation. Such an aggregation of the symptoms produced a trying state of affairs, and relief was eagerly sought. One of the best physicians of the neighborhood was consulted. He prescribed. His medicine was taken and his directions followed, but unfortunately three months of the treatment brought no substantial relief. When Mrs. McCrimmon expressed her intention of trying Dr. Williams' Pink Pills the doctor laughed and held the thought in derision. However Mrs. McCrimmon decided she could not afford to leave untried such a well-recommended remedy as Dr. Williams' Pink Pills. Hence she took a course of this medicine, which after a fair trial was eminently successful. From being only able to take stale bread and milk or soda biscuits, she became able to take a hearty meal of any variety, without the painful effects that once asserted themselves after every meal. It only remains to be said that Mrs. McCrimmon improved in flesh and general comfort from the first taking of the pills, and almost anything going she could eat with impunity. Dyspepsia became a thing less dreaded, and largely belonging to the past. It is little wonder therefore that she urges the use of Dr. Williams' Pink Pills upon others similarly afflicted.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink). Bear in mind that Dr. Williams' Pink Pills are never sold in bulk or by the dozen or hundreds, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, put up in similar form intended to deceive. They are all imitations whose

STOUFFVILLE.

Wedding bells.
 Friday evening last was the occasion of a very pretty wedding at the residence of Mr. J. L. Paterson, Scarborough, when his daughter, Miss Mary E., was married to Edward Stouffer, a well-known vocalist of Toronto, formerly of Stouffville. The ceremony was performed by the Rev. J. A. Brown. The bride, handsomely dressed in cream silk, with feather trimmings and orange blossoms, was given away by her father. Miss Aggie Paterson, sister of the bride, attired in blue green silk, with chiffon trimmings, acted as bridesmaid, and Miss Dairy Beaton, in lemon-colored silk, attended as maid of honor. The little flower girl, Miss Lizzie Clark, wore pink muslin and carried a basket of flowers. By her side stood the little page, Master Johnnie L. Donaldson. The groom was supported by Mr. J. M. Field, of Walkerton. After a sumptuous repast and the usual toasts an enjoyable musical programme was rendered by the Stouffville Quartette, under the leadership of Mr. David Stouffer; also Mr. and Mrs. Senior, Messrs. Martin, West and Zillar, of Toronto. The bride was the recipient of numerous and valuable presents. Mention might be made of a beautiful silver tea service, the gift of Knox church, Scarborough, as a token of their appreciation of Miss Patterson's services as organist for several years. The newly married couple, bearing with them the hearty good wishes of their many friends, left for Toronto, their future home.

TRIALS AND TROUBLES

When Inferior Dyes Are Used.
 The Diamond Dyes Make Work Easy and Pleasant.

It is admitted by all that the good wife and mother has, in her management of home affairs, many trials and tribulations.

These trials and troubles are very frequently increased when the mother or daughter makes use of some of the many deceptive and worthless dyes put up for home dyeing.

Merchants who sell such dyes are certainly deserving of public censure and condemnation. The women of Canada who use dyes with the view of economizing should never be deceived; it is cruel and heartless to do so. However, the case is plain to those who know; the greedy dealer thinks more of his profits than he does about the welfare and happiness of his best customers.

All troubles and losses in home dyeing are avoided when the Diamond Dyes are used. By their use, work is well and quickly done; results are perfectly satisfactory, as the colors are at all times bright, clear, brilliant and fast. In order to guard against all future trouble, you must watch the merchant who recommends the something just as good as Diamond Dyes. Tell him plainly that no other dyes are as good as the "Diamond." Take only the "Diamond," and your work will be done easily and well.

"Ever have any trouble with your wheel?" "Not yet," said the Sweet Young Thing. "So far, whenever I have run over anyone I have been able to get away before he got up."

In Boston, of course; Hicks—but, really, what kind of a looking girl is this Miss Beekon? "Wicks—Well I can hardly say; you see, she didn't have her glasses on the day I saw her."

It is said by Indian historians that the game of chess originated in India about 5,000 B.C.

University of Ottawa, Ottawa, Canada, April 10, 1896.

Dear Mr. Ryckman, I wrote to you in July last stating that I derived much benefit to my health from taking two bottles of your truly marvellous remedy "Kootenay Cure." Since then I have taken three more bottles, and am now pleased to be able to inform you that I am freed from chronic and acute Rheumatism, Diabetes and La Grippe. This is the first winter since 1890 that I have escaped from having several severe attacks of La Grippe, and notwithstanding the incessant and onerous duties of my position in this university, I have, thank God, enjoyed excellent health since August last.

I have recommended the remedy to many persons, both inside and outside of the university and in most cases with entire success. These include persons suffering from Rheumatism, Bright's Disease, Boils, Salt Rheum, Loss of Appetite, General Debility, Insomnia, Somnambulism, Skin Diseases, Dyspepsia, Nervous Debility, La Grippe, etc., etc. In some of these cases the patients had been under the care of physicians for several months without relief and were cured by using a bottle or two of "Kootenay." I shall adopt it as the "Family Medicine for this Institution."

Yours truly and gratefully, (Signed) J. M. McGuckin, O.M.I., D.D., Rector.

A Humorous Fact About Hood's Sarsaparilla—it expels bad humor and creates good humor. A battle for blood is what Hood's Sarsaparilla vigorously fights, and it is always victorious in expelling foul taints and giving the vital fluid the quality and quantity of perfect health. It cures scrofula, salt rheum, boils and other blood diseases.

Port Hope, Oct. 26 (Special)—Citizens called on here to vote for correctness of the following statement without an exception endorsed it as true: Mr. Chas. Gleibart, Chief of Police and government fishery officer of his town, says: "For ten years my distress increased until the doctor called it Diabetes. At times my suffering was intense, and medicine taken did no good. At last a friend assured me that Dodd's Kidney Pills would cure me. A few boxes have kept that promise, and I thank these pills for a perfect and a permanent cure."

MR. ABRAHAM NELSON, Dresden, Ont., says: "My daughter had Rheumatism bad for years. One dollar's worth of Miller's Kidney Pills cured her; it is one year since she finished the pills, and she has not been troubled since." Sold by A. H. Allan, druggist.
