LOCAL LAONICS.

Miss Jessie Fisher, Toronto, is visiting at Dr. Meldrum's.

Listen! Don't buy a stove until you see Lake McIntyre.

Mr. C. Burnham, Peterboro, is enjoying a week's vacation here.

Miss May Dean, Milton, visited in town this week with friends, the guest of Mrs. W. L. Barnes.

W. Mecklenburg, scientific optician, will be in town at the Royal Hotel, on Saturday, Nov. 22. Eyes tested free of charge.

Postponed on account of rain, Dr. Starr's sale will take place Saturday, Nov. 7th at 10 o'clock. L. Fairbanks, auctioneer.

A young chap in Toronto was fined \$20 and costs for scratching plate glass windows. It was a little of that sort of law enforcement in Whitby.

Messrs. W. S. Gold, John Griffin and John McCulloch are deer-shooting at Lake Joseph. Mr. Fred Hatch did not, as usual, join the party.

Mr. J. T. Wilson, mail clerk, left on Monday to spend a three week's vacation with his parents at Napanee, and Mr. W. J. Lawrence has taken his place.

Great slaughtering of boots and shoes still continue at the new shoe store, east side. \$1 and \$1.50 boots for \$1. Everybody who come to have a pair—Come early. M. W. Collins.

The Bell Rose Emslie Concert Company will give a very interesting and varied entertainment in the music hall on Monday evening, the 10th inst., under the auspices of the Methodist sabbath school. Seats reserved at Allin's drug store. Plan opens on Monday, 9th inst. Popular prices.

The Gazette's attempt to print a local page twice a week has woefully petered out. On Tuesday it came out with three pages of Toronto laundry print and one local page made up of advertisements and a miscellaneous assortment of clippings and other stuff with half a dozen locals put in to fill up.

Home Made Bread. Parties wishing the above can be supplied by calling at the residence of Mr. Henry Gold or at Mr. Pringle's grocery.

Burbs. Mrs. Theo McGilivray, Whitby, of a son; Mrs. Rev. J. Chisholm, Dunbar, of a son; Mrs. D. L. Vickers, of a daughter; Mrs. J. J. Frank, of a son; Mrs. Frank R. King, of a son; Mrs. Jas. Brodie, Oshawa, of a daughter.

St. Andrew's Day. The anniversary of St. Andrew will be celebrated by the St. Andrew's society of Whitby and Pickering, on Monday evening, the 10th inst., by a concert in the music hall here. An energetic and representative committee is hard at work, and everything gives promise of their labors resulting in a first class concert. Do not forget the date, Monday, the 10th inst.

Farewell to Thos Yates. A very pleasant time, with a tint of sadness in it, was had at the Royal Templar's rooms, Whitby, on Wednesday evening of last week, in view of the impending removal of Mr. Thos Yates and his esteemed wife and family to Toronto. Mr. and Mrs. Yates are both members of the select degree in Whitby council No. 27, and Mrs. Laura Yates of the royal degree, all of them earnest and enthusiastic workers, ever ready to do their share in furtherance of temperance or any other good cause. Mr. Yates will be very much missed, not only as a Royal Templar, but as a well known public spirited citizen. A more kind hearted and obliging man it would be hard to find, and the whole town will sadly miss his kindly, cheerful face. Said council presented him with a beautiful morocco bound copy of Bagster's comprehensive teacher's bible as a memento of their fraternal esteem. We trust he may be very successful in his new sphere of labor.

Hallowe'en Celebration. This dread event passed off on Saturday night with more than the usual stir in town. The boys, the number of four score or more, turned out ready for operations about 12 p. m. They first secured the largest legislative building in town and placed it at the main crossing, Brock and Dundas streets. One of McGeary's cutters was set astride its dome, a sign announcing that Downey & Co. had moved to the market block was nailed on its rear, a sign of "ticket office" was nailed beside the ventilator shaft in one end, a sign of the Whitby Hedge Company attached to the front, and Tommy Tom's carriage sign on the other end. Clear around this whole establishment was stretched Hayward's streamer announcing that there was a clearing out sale which would end in going out of business. There was a general transfer of signs, until the four corners could not be recognized. Next the busy throng proceeded to the CHRONICLE office and transferred the back premises to the front door and decorated for the occasion. All hands then proceeded eastward on Dundas street and placed a buggy astride the board fence near Mr. E. Armstrong's residence. Mr. W. H. Warner's portable engine was hauled out of his woodyard onto the road, and set in shape to perform. A bonfire was started near the ladies' college to wind up on, and a war dance performed by its glimmering light.

School has been closed owing to fever at S. S. No. 1, Pickering, baseline west.

Dr. Starr's sale postponed until Saturday afternoon, Nov. 7th, at 1 o'clock, owing to inclement weather.

6 piece solid walnut parlor suite, plush, with silk plush bands, for \$32, worth \$45, at W. Till's.

Mrs. D. J. Adams, Port Perry, and her son Douglas Adams, were guests of Mrs. Annes this week.

Chief Constable Calverley asks us to announce that cows must be shut off the streets after Nov. 15th, according to by-law. There is a fine for neglecting this matter.

The G. T. R. have issued a new, complete time table, combining all matters connected with the present Grand Trunk railway system. It is a first class time table, the best that has been placed before the public for a long time.

The combination sale at Mr. J. H. Long's on Saturday was carried on from 10 a. m. until dark. Auctioneer Scott talked in a voice from a mellow, silvery tone until it was as coarse as an old fog horn. A great deal of stuff was sold, some of it at fair prices. There was a good attendance.

To keep apples and other fruit, store the barrels in a cool place. Heat destroys more apples than does cold, and alternate freezing and thawing is also disastrous. The location for the storage of apples is therefore more important than anything else. Store only sound and perfect apples, and do not allow even one to be injured in the barrel.

A W. Campbell, provincial road inspector, is authority for the statement that \$200,000 have been spent in money or statute labor on roads in Ontario during the past ten years. Properly directed that money or work would have made enormous improvement, but much of it has been wasted and a greater amount than that has been lost by the effects of bad roads on traffic.

Bogus Canadian half dollars, made in China, as pure as the genuine and an almost perfect imitation, are in circulation. The bank first discovered the fraud. About \$2,000 worth of these coins were shipped from China, and there is more to come. The coins bear the date, 1894. They are whiter than the original and a shade larger and heavier. There are also ten-cent bogus pieces being distributed.

Will the Gazette please explain what the election of Messrs. Rutledge and King has to do with Mr. Henderson's salary, or how the CHRONICLE's support of these men has hindered the amalgamation of the town offices? If our town, has half a column to spare twice a week to the discussion of amalgamation let it state how it would suggest that this thing be done. We make these suggestions because it has become so abundantly apparent that the Gazette's zeal in these matters arises entirely out of its desire to pitch into Messrs. Rutledge, King and Henderson. Some publishers would scorn to prostitute their journal to so base a purpose, but the malignity of Mr. Newton knows no bounds, and always precludes his honesty of purpose.

Farms to Rent. We guarantee a larger circulation than any five papers in the county, and insert small advertisements at 25 cents per week.

Clearing Sale. During the next sixty days the Burns & Co. stock of boots in the store north of Hatch & Bro. will be sold at and under cost. On 1st January the balance of the stock will be removed to Oshawa. Bargains in every size.

It's a Good Thing—Push it Along. The CHRONICLE is pleased to know that the suggestion to form a choral club in Whitby made in a letter to the editor of this paper by Mr. F. Howard Annes, which we published last week, is being very favorably received by the music loving citizens of the town. The next thing to do is to call a meeting and organize those who are willing to carry through to success this highly commendable movement.

Collegiate Institute Notes. A series of extension lectures has been arranged to be delivered bi-weekly in the assembly hall of the Whitby collegiate institute, commencing with Friday, Nov. 13th. The first four lectures are announced as below: 16 to 1—Silver vs. Gold, Mr. A. G. Henderson; Advantages of the Metric System, Mr. G. H. Hogarth; German Fairy Tales, Mr. G. M. Jones; Curious Facts About Plant Life, Mr. W. A. Dent. A cordial invitation is extended to the public.

Nominating Officers for County Council. Some Newspaper Snaps. \$1. The Weekly Sun, (Farmers' Sun), 8 pages, chiefly controlled and edited by Prof. Goldwin Smith, and THE CHRONICLE, 8 pages of county news, in all 16 pages weekly, for \$1 to Jan. 1, 1897.

\$1.25. The Weekly Globe, 16 pages of general news weekly, and THE CHRONICLE, 8 pages of local news weekly, to Jan. 1, 1897, for \$1.25.

\$2. The Saturday Mail Empire, 24 pages illustrated, the Weekly Mail Empire, and THE CHRONICLE, for \$2 a year (the price of the Saturday mail alone).

\$2.50. The Toronto daily World and THE CHRONICLE \$2.50 per annum. These are not briler plate sheets printed in Toronto type foundries and palmed off on the public as newspapers.

Blathering Councilors. One would think to hear the town councilors and some others talk about the pranks at hallowe'en that they knew nothing of the town's service. The chief constable is not paid for watching the town either day or night. He is supposed to come when called upon. The old joke about not being found when wanted does not hold good in Constable Calverley's case for he is always ready to do his duty, and often spends whole days on duty although only hired to be on call.

The night watchman is the man who is hired to watch the town at night, and who gets the big salary, and he should do the work. Why councilors should do a lot of spouting about Constable Calverley not being out at hallowe'en to watch the boys we cannot imagine. He is not engaged to do night watching any more than the members of council are. As regards the mischief done by the boys on Saturday night it was not worth talking so much about. No harm was done worth speaking of. We notice that in every town in the county a series of tricks were played, some of them being annoying if true, but not vicious. There is no part of the town's service where there is as much talk and as little public service as in the town council. The members find all sorts of faults in each other, whether such exist or not. They wrangle and make one another out to be liars, and appear determined to accept no statement on honor from one another, but want each other's word backed by independent testimony. These are the men who pitch into the chief constable, who has the best official record of any chief constable within fifty miles of Whitby, and who never has been known to fall short of his duty. Last summer it was complained that he did not enforce the cow-by-law, and the CHRONICLE took the trouble to send a representative to investigate in the parts of the town where complaints were made. No doubt some cowboys were running in unlawful hours, but none could be found by our reporter, which shows that no one man can attend to it for a certainty. If the council had adopted our plan in the first place and had appointed Chief Constable Calverley night watchman as well, one salary would have covered the two offices, he could have spent the evening and night on duty, and we would have had efficient service. As it is the town has paid a large sum of money to two officials but has no manipulative things that neither could be much service. The town council had better stop blathering and give a little time to an earnest attempt to rectify its own blunders in those matters, and then we will guarantee good service. The present trouble is all the fault of the council.

Scott repairs all kinds of pumps.

Hardwood dining tables, 4 leaves, only \$5, at W. Till's.

Deputy Sheriff Gilpin and Mr. M. Collins, J.P., escorted Gurney Harrick to Kingston penitentiary on Friday last.

There will be a song service in the Methodist tabernacle next Sunday evening. The choir will be assisted by Miss Ida Hatch.

44 per cent. loans made on improved farms. Write with stamp enclosed or call on Reynolds, Starks & Co., 124 Victoria St., Toronto.

Postmaster J. W. Burnham, Port Perry, was in town Saturday, visiting his father, Judge Burnham, who is now almost convalescent again after his recent illness.

Messrs. Major Harper, J. P., and Inspector Ferguson visited Port Perry on Monday morning to take up some liquor trials, Mr. Harper sitting with Mr. Jno. Nott, J. P., on the cases.

Mr. Thos. Yates and family left here on Tuesday for Toronto, where they will reside in future. Mr. Yates is a worthy citizen, an exemplary man and has a model family. We wish them abundant success in the Queen City.

Herbert Cassidy, Toronto, on Monday made another attempt to lower the road record between Toronto and Whitby. Unfortunately the arrangements were not complete, and there was no person ready to catch his time when he arrived here, although it was obvious that he had reduced the record from 1:37 1/2 to about 1:34. However, it will not do to have any doubt about the record and Cassidy cannot claim it until he has covered the distance with better arrangements.

The concert given by the Belle Rose Emslie Concert Company in the opera house last evening was a great artistic and financial success, and only what the splendid programme given by these talented artists deserved. Belle Rose Emslie is one of the cleverest readers that has ever been here for her readings, whether funny or sad, were equally well given. Charles Kelly's grand basso was as great as ever; time deals very kindly with Mr. Kelly. Miss Kelly is a very clever musician, playing with equal artistic skill the piano and mandolin, and has a very sweet contralto voice which she uses with great art. The audience was a very enthusiastic one and encore were the rule of the evening.—Almonte Gazette. In music hall, Whitby, Monday evening, Nov. 16th.

Photographs. Henry & Putney, Oshawa's leading photographers, will pay railroad or stage fare from Whitby on all orders amounting to three dollars.

Coming. Jobb, the eminent eye specialist and inventor of the famous Recherche Optometer, for pointing out every defect and disease of the eye and sight will be at Allin's drug store Nov. 18th only. Consultation and examination free. See small bills. Treatise of the eye and sight free.—49-2 in.

A Big Shipment. Of boots and shoes arrived at the West Side Boot and Shoe store this week, which will be sold at hard time prices. 100 pairs of house slippers at 9c. per pr. 100 pairs of buttoned boots at \$1 per pr. Men's gaiters at \$1 per pr. Men's laced boots at \$1 to \$5. Boys' school boots at 50c. per pr. at the West Side Boot and Shoe store.

County Teachers' meeting. The Teacher's Association will meet in the collegiate institute here on Saturday the 14th inst. at 1.15 to listen to an address by Professor Newlands of Kingston who has kindly consented to discuss methods in teaching vertical writing. The member of Newlands is the father of the system in Canada a most interesting address may be looked for. Trustees and all others interested in school work are cordially invited to attend.

The Bailey Inquest. The last sitting in the Bailey inquest was held on Wednesday night, when nothing new in way of evidence was presented. The jury rendered a verdict expressing the opinion that he died from the effects of a corrosive poison upon the stomach. No blame seems to be attached to any member of the Bailey family, and the manner in which Levi L. Bailey's death was brought about is as much a mystery as ever, but it is very probable that it was caused by some accident or agency which places no responsibility on anybody. It was a very sad case, that is all there is to it.

Some Newspaper Snaps. \$1. The Weekly Sun, (Farmers' Sun), 8 pages, chiefly controlled and edited by Prof. Goldwin Smith, and THE CHRONICLE, 8 pages of county news, in all 16 pages weekly, for \$1 to Jan. 1, 1897.
