Dear Sir,-It is with pleasure that I Block, South of Market, Brock St., Whitby. write to inform you that your valuable remedy, "Kootenay Cure," has been tried in our institution with most gratifying results. HOT WORK AND LONG HOURS.

Practical bakers are so exposed to extremes of temperature that it is not surprising that they often suffer from kidney and other troubles. In many cases their work at night confines them in a heated atmosphere for hours, from which they sally forth through the cold night air to their well-earned rest.

Mr. George Roberts, baker for Mrs. S. Ranahan, 257 Dundas street, gives us the following facts: "I have suffered so much for the past fourteen years with kidney disease that it gives me pleasure to tell of my changed condition for the better. I had fearful pain in the back and right side; the urine was red in color with a reddish sticky sediment, with brick dust deposit. At times severe pain in the region of the bladder, causing me great suffering and discomfort. Appetite very poor, and much troubled with sleeplessness at night. I felt tired and worn out all the time. Work became a drudgery; it was an effort to do anything. I was low spirited and discouraged. Hearing of Doan's Pills I went to Mr. W. T. Strong's drug store, London, Ont., and got one box. From the first dose I commenced to improve, and now my back and side are all right; the urine is natural in color; the sediment has disappeared; I have no pain of any kind; rest well; appetite has returned; I am stronger and better in every way; for the first time in many years I now feel that life is worth living. Doan's Kidney Pills have cured me of my long standing complaint, and 1 am pleased to acknowledge what they have done for me. I have not taken more than two boxes of the pills and the result is as I have stated. Previously to this I had tried nearly every kidney remedy, but until I took Doan's Pills experienced not the slightest relief.
