For some time past it has been a hotly debated question here as to what two players in town were the champion "Orokinole" team, but the matter was most conclusively settled on Saturday evening of last week, when Messrs. A. E. Cameron and A. W. Hamilton met and vanquished hands down—Messrs. Chas. Leacock; rear admiral of the Beaverton Yacht club, and H. S. Cameron, Beaverton's well-known sharpshooter; in a match for the championship of the town. The score was 3 to 1. The winning team, both the young fellows, are hearing their laurels with becoming modesty, and are content of being able to beat any and all who wish to do battle with them.

Mr. W. H. Spofford of Lindsay, was a visitor here last Thursday.

A few of our local Nimrods are spending their time in the bush north of here, hunting a doe and fawn that have been occasionally seen there.

On Monday last, Mr. Chas. Leacock shouldered his trusty old flintlock, and accompanied by Christie Barber, started off for Cameron's bush, to redeem a reputation sadly shattered by his record as a "shootist," while a member of "Beaverton Hunt Club No. 2." An exhaustive walk of about 14 miles, they arrived at the hunting grounds, but soon discovered a rabbit "trig" or "own" which, who immediately "dropped" the little animal, and so positioned "down" in front of him, but during the time occupied by the burning of the fuse attached to Charlie's "Queen" which he naturally supposed to have been a very respectable, broke its bonds, and fled, approaching a man standing on his way, who discharged his gun in the road about 50 feet behind the rabbit, remarking to his henchman, "It's no use, Christy, I can't hit anything smaller than a ten acre field, and it has to be held for me."—Times.

Peterboro. At the fall session in Peterborough Mrs. Jackson sued the town for damages for injuries caused by a broken plank in a sidewalk. She was given \$200 damages and her husband \$50. The town must also pay the costs. It is to be hoped that Peterboro will not appeal and bring about a repetition of the Mason case which at the outset could have been settled for \$500, but in the end cost the town several thousands of dollars.
