in the Montreal Herald.

This world is full of change. There
changes that affect the constitution
the individual, changes that will
we cannot avert their coming.
we may parry the unsalutary char-
acter of their influence. Womanhood
its inception is susceptible of changes
and demand the most judicious atten-
tion and prudent care to ensure per-
fect development and happy maturity.
These changes are so vital and so sub-
tle in their character that unless the ut-
most vigilance and discrimination is
exercised in the choice and application
of reputed remedies the worst results
may accrue. The constitution may be
undermined and the germs of disease
fostered. Vigorous life is at the basis
of all enjoyment and success. To be
weak is to be miserable. It is there-
fore fundamental to every interest of
humanity that life's red, red stream be
kept pure and healthy. Owing to
neglect of these particulars many young
women have allowed life to become a
burden and a wearisome round of dut-
ies. Faint and weak very aptly de-
scribes their condition after venturing
to perform some ordinary household
duty. What can be done to accomplish
the rejuvenation of these unfortunate
ones? There is a remedy widely known
and loudly applauded, whose virtues
are proclaimed on the house tops and
whispered on the streets. Ten thou-
sand and mothers have recommended it
and twice ten thousand daughters praise it.
Read what one of them has to say. In
the village of Lancaster there lives Mrs
A. J. Macpherson, widow of the late
A. J. Macpherson. She is well and
favorably known in the community.
Some four or five years ago Mrs Mac-
pherson sent her eldest daughter to
New York. While there she resided
with her uncle and attended school,
being then only about sixteen years of
age. The social life of her temporary
home made rather severe demands
upon her time, and being ambitious
she was anxious to make rapid progress
in her studies. In each particular she
enjoyed a covetable measure of success,
but at no small cost. Many remarked
her paleness and loss of color. She
began to feel tired and weak after a
little exercise, such as a short walk.
Miss Macpherson's stay in New York
lasted about two years. All this time
she ate and slept fairly well. In the
spring of 1893 she came home, and her
mother could not but remark how
changed her daughter was—pale and
anguid instead of being bright and
addy. Thinking that nourishing food
and perfect quiet, with judicious exer-
cise, would restore the lost vigor and
ruddy glow, it was participated in to
the fullest extent. For a month this
was tried, but still Miss Macpherson
was as pale as before, liable to turns of
weakness and with an insatiable desire
for sleep. At this juncture the family
doctor was consulted. Iron pills were
prescribed and a trip to the Thousand
Islands taken, the stay lasting about
six weeks, during which time every-
thing was done to help her recovery.
The friends with whom she stayed
came to regard her recovery as ex-
tremely doubtful, and when she return-
ed home her mother saw no improve-
ment. One day while making pur-
chases from a dealer in vegetables he
(the dealer) took the liberty of making
some remarks anent the health of Miss
Macpherson, which was obviously not
promising. He strongly urged the use
of Dr. Williams' Pink Pills. Mrs.
Macpherson was not over credulous of
the qualities of the Pink Pills, but they
were purchased and used to the best
advantage. Soon after beginning the
use of the pills, says Mrs Macpherson,
I thought I saw a reddish tinge upon
her cheek and in the course of a week
or so my daughter felt better. The
tired feeling began to vanish and the
abnormal sleepiness began to yield to
the influence of Dr. Williams' Pink
Pills. Continuing the use of the pills
the progress of her restoration was con-
tinuous and complete, and her improv-
ed looks were the subject of favorable
comment for some time. To-day her
health is all that could be desired, and
both the young lady and her mother
are firm believers in the medicinal
virtues of Pink Pills and often recom-
mend them.

Dr. Williams' Pink Pills are sold only
in boxes bearing the firm's trade mark
and wrapper, (printed in red ink). Bear
in mind that Dr. Williams' Pink Pills are
never sold in bulk or by the dozen or
hundred, and any dealer who offers sub-
stitutes in this form is trying to defraud
you and should be avoided. The public
are also cautioned against all other so-
called blood builders and nerve tonics,
put up in similar form intended to de-
ceive. They are all imitations whose
makers hope to reap a pecuniary advan-
tage from the wonderful reputation
achieved by Dr. Williams' Pink Pills.
Ask your dealer for them.

These Pills are manufactured by the
Dr. Williams' Medicine Company Brook-
ville, Ontario, and Schenectady, N. Y.,
and are sold only in boxes bearing the
firm's trade mark and wrapper, at 50
cents a box, or six boxes for \$2.50.
They may be had from any dealer, or
will be sent by mail on receipt of price.

Dr. Williams' Pink Pills may be had
from all druggists or direct by mail from
Dr. Williams' Medicine Company from
either address. The price at which the
pills are sold make a course of treat-
ment comparatively inexpensive, com-
pared with other remedies or medical
treatment.

The Newfoundland Government has
purchased practically all the railroads in
the colony.

PICKERING
On Sunday while at dinner, Mrs. J.
Woodruff had the misfortune to choke
on a chicken bone. The assistance of a
doctor was necessary before the lady
found relief.

Joseph Carter, of the 5th concession,
has a phenomenon in the shape of a calf
with five legs. The extra pedal is in
front and appears to be of necessity when
the animal walks. The beast is but a
week old, yet is strong and will likely
live.

Master Fred Holt was taken to the
general hospital, Toronto, on Thursday
afternoon where he will undergo a critical
operation. We all trust that he may get
through successfully and that he will soon
be home again.

Miss Libbie Woodruff, of Dunbarton,
and Fred Karr, of Oshawa, were duly
married in Tonawanda, N.Y., on Wed-
nesday, Nov. 18th, by Rev. Mr. Moss.
The newly married couple have taken up
their abode in Oshawa, where we trust
they will prosper. The bride's many
friends join us in wishing her every hap-
piness.

The influx of old and decrepit horses
have started for the city, several gangs
having passed through this village during
the past fortnight. Perhaps to dispose of
old and useless animals in this way is but
to improve the sanitary conditions of our
country, but if you have an aged animal
that has been faithful in your service for
years, have it put out of the way and
decently buried. Many of these buyers of
second-hand horses have no feeling and
will starve the poor animals, giving them
neither food or water just so long as the
poor brutes can walk. Several fines for
cruelty in this way have been imposed
during the past couple of years in and
around the city, but innumerable cases
have passed unnoticed, and are being
winked at almost daily while the horse
traffic lasts.

Mr. Thomas Poneher, now first deputy,
will be a candidate for the reeveship of
Pickering for next year, he makes the an-
nouncement that reports to the contrary
will be counteracted. Although we have
not obtained it officially we are of the
opinion that the present reeve, George
Gerow, will stand for another year, and
that R. B. Mowbray, second deputy, will
contest the township arena and stand for
county honors. Third deputy Eliits is
not likely to be a candidate for any posi-
tion as he is rather indispensed. Council-
or Richards will likely step up and con-
test the first deputyship. One thing is
evident, either R. W. Mowbray or Geo.
Gerow will oppose Thomas Poneher for
the reeveship. From this programme it
will be seen that but two members of
the old council are likely to stand, and this
will make room for at least three new
men. Arthur Johnston has announced
himself as a candidate for county honors,
and either George Gerow or R. B. Mow-
bray will also seek a similar position. No
other names have as yet been definitely
announced, and to some minds it would
appear that the county men will be elect-
ed by acclamation. For the minor offi-
cers there are a host of names mentioned,
but it is rather soon for these candidates
to announce themselves. Most of them
will wait until after the county nomina-
tion on the 21st inst.—News.

house gathered to hear them.

Richard Puckerin has been in
neighborhood for a week or so.
doubt getting the drift of affairs for next
year.

J. H. Madill intends and is preparing
for an open concert on the afternoon of
one of the closing days of the term. May
he have a fine day.

Arthur Johnston, Esq., of Greenwood,
was in our midst on Friday last with a
good natured smile and handshake. We
learn that it is his intention to attain to
county honors. His friends here will
gladly see him there.

Mr. Bray's sale of farm productions
was largely attended and buying was
very active on Friday last. In our opin-
ion the sale realized as much as a spring
sale would have done. His sons Thomas
and Samuel were down for a few days.

E. L. of C. E. was well attended Tues-
day of last week and the officers for the
current term are:—Hon. Pres., Rev. J.
Thom, B. A.; pres., F. M. Chapman;
sec., W. H. Guthrie; vice pres., Misses
Sadie and Kate Bray, Messrs. F. O. Mo-
Quay and J. H. Madill.

We congratulate and wish much suc-
ceeding prosperity to our friend the
Whitby CHRONICLE upon its arrival at
the 40th mile stone in its history. The
newspaper is always welcomed in our
midst.

Your item re temperance in Pickering
Mr. Editor was a bustling article well
worthy of perusal by all liberal-minded
men. The township will soon have to
record its vote upon the question again
and we want a candid discussion free
from all underhandness.

No. 5 literary society met last Friday
with Master Will Calvert in the chair.
After minutes were read the following
programme was given:—Chorus, school;
song, Aggie O'Leary, Annie Maddaford,
Eitel and N. Keeler; readings, A. Ed-
wards, A. and F. Brown; recitations, L.
Puckerin, F. Elliott, E. Lynde, A. Lynde,
Maggie Baigt. The following resolu-
tion was then moved and seconded:
"That this society denounce all destruc-
tion of harmless animals and disapprove
of any members of school engaging there-
in." The above motion was the outcome
of the humanity of the girls upon wit-
nessing a couple or so of boys kill an in-
nocent squirrel. Friends you miss a treat
when you miss these programmes.

Care of the Finger Nails.
In taking care of the finger nails
never allow the flesh at the back of the
nail to be cut. It should be gently
pushed back with a blunt stick from
time to time to prevent the formation
of the hangnail; but under no circum-
stances should it be cut, and it should
never be so far pushed back as to clear
it from the nail. The indentations so
often seen on nails supposed to be well
cared for are the result of this pushing
back the flesh. It interferes with the
proper nutrition of the nail. One
must also exercise great care in cutting
the nails. They should never be cut
flush to the quick on the side. A suf-
ficient portion of the nail must be left
at either side to completely cover and
protect the nail body. There is no ob-
jection to polishing the nails, provided
in the process the skin around them is
not pushed away. If that is done, it is
only a question of time when the nail
will begin to grow crooked, and a de-
formation of the nail is one of the most
difficult things to correct. The nail
should never be cleaned with a sharp
instrument, and the under surface

BEAT ALL OTHERS.
Diamond Dyes Have a
World-wide Record.

The Diamond Dyes are far ahead of all
other package dyes made for home dy-
ing. When the plain directions are fol-
lowed, a child can dye successfully.
Diamond Dyes are warranted to color
more goods than any other package dyes
and to make colors that last as long as
the goods hold together.

All wise economizing and prudent wo-
men use Diamond Dyes because they
never suffer disappointments, failures or
losses that result from the use of poorly
prepared dyes. Every package of Dia-
mond Dye is warranted to do the work
intended for it.

When purchasing package dyes, see
that you get the "Diamond." Some
dealers will try to sell you imitations be-
cause they get larger profits from them.
A void such dyes, and use only the "Dia-
mond" that brings success.

Best Pigs from Old Sows
In looking out for young breeding
sows the farmer is too apt to overlook
the sow that has borne one or two
good litters of pigs, and is now worth
more as a breeder than at any former
time of her life. So long as the sow
is herself growing she cannot do full
justice to furnishing the framework of
the growing litter which she carries.
Hence there are always one or more
runts in litters from immature sows.
The pigs from an old sow will be larger
framed and more vigorous in every
way. They will also make better
breeders than pigs from small, immat-
ure sows can be, however well they
may be fed.

Cholera morbus, cramps and kindred com-
plaints usually make their appearance at the
same time as the hot weather, from fruits, es-
pecially melons, etc., and many persons are
debarred from eating these tempting fruits,
but they need not abstain if they have Dr. J.
D. Kellogg's Dysentery Cordial, and take a
few drops in water. It cures the cramps and
cholera in a remarkable manner, and is sure to
check every disturbance of the bowels.

Wood's Phosphodine.—The Great English Remedy.
Is the result of over 25 years treating thousands of cases with all known
drugs, until at last we have discovered the true remedy and treatment—a
combination that will effect a prompt and permanent cure in all stages of
Sexual Debility, Aneurism, Excess, Nervous Weakness, Exhaustion, Mental
Worry, Excessive Use of Opium, Tobacco, or Alcoholic Stimulants, all of
which soon lead to Insanity, Consumption, and an early grave. Wood's
Phosphodine has been used successfully by hundreds of cases that seemed
almost hopeless—cases that had been treated by the most talented physi-
cians—cases that were on the verge of despair and (many) cases that were
bordering over the grave—but with the continued and persevering use of
Wood's Phosphodine, these cases that had been given up to die, were
restored to many vigor and health—Reader you need not despair—no mat-
ter who has given you up as incurable—the remedy is now within your
reach, by its use you can be restored to a life of usefulness and happiness.
Price, one package, \$1; six packages, \$5; by mail free of postage.

Mr. E. W. Hattell, Reeve of Chatham Tp.,
Kent county, Ont., says: "My daughter has
been very weak for some years; she was
very pale and always felt tired; she was re-
sisted upon by a friend to try a box of Miller's
Compound Iron Pills. I must say it was a
good investment; she at once began to im-
prove. The color came to her cheeks, she got
stronger rapidly and now is quite well." Sold
