

ONE THING
CERTAIN
PAIN-KILLER
TURNS PAIN
TO SLEEP

PAIN-KILLER

THE GREAT
Family Medicine of the Age.

Taken Internally, It Cures
Diarrrhea, Cramp, and Pain in the
Stomach, Sore Throat, Sudden Colic,
Coughs, etc., etc.

Used Externally, It Cures
Cuts, Bruises, Burns, Scalds,
Toothache, Pain in the Face, Neuralgia,
Rheumatism, Frost-bite, etc.

No article ever attained so high a popularity
as this. We have an immense stock of the
Pain-Killer, and know it to be a good article. It
is a great pain-killer, and a most effective
remedy.

It has real merit as a means of removing pain,
and is a most valuable remedy in all cases of
acute pain. It is a most valuable remedy in all
cases of acute pain. It is a most valuable
remedy in all cases of acute pain. It is a most
valuable remedy in all cases of acute pain.

Very large bottles 50c.

KINSALE

Municipal gossip is becoming quite
noticeable again, especially among those
most interested. Mr. Poucher is going
to offer himself for the reeveship, and
makes a straight temperance stand. The
anti-temperance people are somewhat
surprised to know who would do so. It is
grounded that this is an excellent
choice for our temperance advocates to
select a man to represent their cause as
he comes out above board, and declares
he is down on the liquor traffic for lick-
ering township. The ratepayers have so
often declared for temperance reform that
Mr. Poucher says it must be granted and
should be represented the township for 97
in the reeves chair he will do his utmost
to further their desires. If the temper-
ance people of the township can carry a
temperance measure by the voice of the
people certainly they can select a straight
temperance man, such as Mr. Poucher.
It is an old and we believe quite true
statement that temperance people too
often vote politics and forget their tem-
perance principles and this is one of the
reasons temperance measures are so hard
to carry. We say to our temperance
voters—Throw politics away and vote
for the local option law that is working
so efficiently. Place at the head of the
polls the man or men that will pledge
themselves to the cause of temperance
reform. Remember the by law was only
sustained by a very narrow majority last
time, and should a like carelessness pre-
vail among its supporters this time it
may even be repealed. Certainly the
points of law have been verified and are
working harmoniously. Nobody can
doubt as to the working of the by law, it
works to the entire dissatisfaction of the
hard-oung proprietors. Let us like men
stand shoulder to shoulder to stand
for the right, not waver and right will
surely prevail, but as sure as we do not
vote as we talk our good cause will
receive a sure defeat. Remember God and
right is on the side of temperance and
all his miseries are busily engaged and
present a solid front for temperance, with
all its destroying influence. It is in the
19th century are wise we will stamp out
this accursed traffic in as far as in our
power. Let us do our duty, are and
simple, and victory will be ours most
assuredly.

Rev. McDonald has conducted a week
of special services, commencing at 7
o'clock each evening. The meetings
have been well attended, some have com-
e out on the side of God and have put
their hand to the gospel plough, others
have manifested a desire to do so but
failed to come out and claim relationship
to the church. Meetings will continue
this week. All desirous of doing or re-
ceiving good should attend the meetings.

The spring weather, like many of our
neighbors and friends, caught cold the
fore part of this week, causing much less
and much harder and drier roads.
We return thanks to our friend the
weather clerk.

Mrs. Spence Taylor, of Greenwood,
was interred in the Salem cemetery on
Monday last after a protracted illness of
some months.

Mr. Lawrence has finished remodeling
the house now occupied by Mr. Newton.
It now presents a cozy appearance and
no doubt will be much more comfortable
for winter headquarters.

Mr. Jno. Lawton's old grey driving
mare shook off this mortal coil last week.
She was an exceptionally good driver but
after serving her day and generation
faithfully she gave up the ghost. John,
like any other wise provider, has reared
an excellent young driver while the old
one was steadily failing and now he has
an excellent roadster to take the place of
the old worn out veteran.

J. W. Stephenson still does considerable
horse driving, of late he has changed a
few. Of course all horse traders get
the best of the deal, this we all expect
to hear, especially when they relate the
story.

We hear Mr. Meal lost a valuable cow
a few days ago, cause unknown.

Council matters are beginning to boom
once more. Mr. Arthur Johnston and R.
R. Mowbray will be representatives from
our county fathers, we understand, should
they come out head of the poll. It is yet
whether they will meet with opposition.

The temperance workers are bringing out
like any other wise provider, has reared
an excellent young driver while the old
one was steadily failing and now he has
an excellent roadster to take the place of
the old worn out veteran.

Funny Things.

"Henry!"

"Yes, your excellency."

"The Cubans have issued a set of
postage stamps. You have noticed
something about it in the public
prints?"

"I have, sire."

"I suppose Weyler is glad those
stamps have been issued."

"May I inquire why, your excellency?"

"Well, he can lick them, you know."

"You may call Mr. Biggies egotistic
and conceited if you choose," she
said, "but there's one trait I admire in
him. He always gives his wife credit
for possessing excellent judgment. I
don't think that's very egotistical."

"Yes, it is," her husband replied.
"He does that because she selected him
when she married."

"If you haven't been takin' a bath,
I'll eat my hat," declared Mr. Weary
Watkins.

"Guess I'll have to own up," assented
Mr. Dismal Dawson.

"What d'ye mean by it?"

"Election bet, that's all."

Blackwater

Improvement

Mr. W. R. Gladstone has made great
improvements on his restaurant for the
winter season.

Business

The working class is glad that Mr. G. B.
has secured all the standing timber on
poplar-point; what is not fit to make
square timber he intends to make pulp
wood of. In fact it is said the thing will
be all pulp before he quits.

Visiting

Mr. A. Maybee, wife and daughter
have gone to Belleville to visit some relatives.

The New Hook Spoon Free to All

I read in the Christian Standard that
Miss A. M. Fritz, Station A, St. Louis,
Mo., would give an elegant plated hook
spoon to anyone sending her ten-cent
stamps. I sent for one and found it is
useful that I showed it to my friends,
and made \$18 in two hours, taking or-
ders for the spoon. The hook spoon is a
household necessity. It cannot slip into
the dish or cooking vessel, being held in
the place by a hook on the back. The
spoon is something that housekeepers
have needed ever since spoons were first
invented. Anyone can get a sample
spoon by sending ten-cent stamps to
Miss Fritz. This is a splendid way to
make money around home.

Very truly, JEANNETTES.

Blackstock

Sad to relate the death of Mr. John
Axworthy, who died at Mr. T. Whit-
field's, after a few days' illness, on
Dec. 8th.

Miss Flossie Fish, Toronto, is at her
brother's, Dr. W. A. Fish.

Miss Mary Hobbin is spending a few
days with Miss Rigg, Enniskillen.

A large number attended the con-
cert at Darlington were there.

The mock trial held at the S O T
last Friday night was a great success.

Rev. R. L. Edwards preached twice in
the Cadmus Methodist church on Sun-
day last.

Rev. McKeen, of Orono, preached in
the Presbyterian church on Sunday
last, Rev. R. M. Phalen having taken
his place at Orono.

The methodists intend having a tea
here on Xmas day. They have pre-
pared for a large number of friends.
The Rev. Mr. Parker, of Bowmanville,
will preach twice on the Sunday before
Xmas, and on Xmas day Rev. C. O.
Johnston, Toronto, will give one of his
excellent lectures, and the Enniskillen
choir will furnish the music of the day.

paroh of honor. Let the temperance
voters vote as they talk, regardless
of party politics and leave at home the man
who can so ably fill the bill on either side.
In our humble opinion if temperance
workers would vote and pray as they
talk, regardless of a man political status,
there would never be another license
granted in Pickering township. We will
calmly await results.

Mr. J. B. McCallough visited his home
last Sabbath.

Mrs. Stephenson has not recovered
from her recent illness yet, and is still
confined to the house. Dr. Moore of
Brooklin is in charge and we trust we
may early hear of her recovery.

Remember, old maid friends, your day
of grace is nearly up. Leap year was
soon be a thing of the past, any great op-
portunities can never be recalled. If at
first you don't succeed try, try again.

Special services are still being con-
ducted here by Rev. McDonald, pastor
of the circuit. About thirty names
have been handed in who will identify
themselves with the methodist church
of this place.

Mr. Bailey Weatherall, who has held
the position of postmaster here for over
ten years past, has handed over the
government position to Mr. Jno. Rodd.
Mr. Weatherall has moved down on
his farm south of Salem where he
and carry on extensive farming op-
erations. We very much regret that
our post office should find its
way into so many back kitchens.
It is now situated in Mr. Rodd's
back kitchen. This should not be,
it should have been placed in our store,
where it would have been much more
convenient for all as it is much more
central, and while friends and neigh-
bors trade in the store they could bring
their own mail as well as their neigh-
bors. However, Mr. Rodd is not to
blame, it is current reports are correct,
as he would have allowed Mr. Orvis to
have kept it in the store till he retired.
Mr. Weatherall is now in the
Kinsale post office. However, it
will be removed to the store early in
the spring of '97.

Pine Dale

A large number went from here to
Sunderland to hear the Rev. Dr. Carman
preach last Sunday.

The Div. of the S. O. T. here are again
increasing their numbers, several having
joined lately.

Our blacksmith here is getting up some
heavy sleighs. Mr. D. Truxax is doing
the woodwork. Anyone needing a good
serviceable pair of sleighs might do worse
than leave an order with George.

Mr. and Mrs. Harman are spending a
few weeks with friends here.

The Patron lodge here disbanded and
a few have formed themselves into a farm-
ers club.

The Christmas tree in connection with
the Sunday school here is to be held on
Christmas eve, a good programme is being
prepared and an enjoyable time is expect-
ed.

Our enterprising stockman Mr. Rennie
has returned from the Guelph fair bring-
ing many laurels, and what is better,
many dollars with him.

Some of the ratepayers from here went
to Cannington on Monday expecting to
hear an interesting election trial but it
turned out to be a political farce. Mr.
McGillivray admitted that he had no
claim to the seat and that was the end of it.
Let us hope that at he so frankly admits
no claim to the seat, that he will also
admit no claim to the \$1000 which he got
last session and will hand it over for the
good of the county.

J. C. Borr.

Marry This Girl Quick.

I saw in your paper that a 13 year old
boy made \$1.25 the first hour he worked
selling the Perfection Metal Tip Lamp-
wick. I ordered a sample and went to
work and the first week I cleared \$10,
the second week I cleared \$15. I expect
to run up to \$25 a week in the near
future, as the Perfection Metal Tip Lamp-
wick makes such a beautiful white light
and does away with smoky chimneys
bad odor and saves oil, it is easy to sell.
If you wish to try it send 18 two cent
stamps to Miss A. M. Fritz, Station A,
St. Louis, Mo., and she will send you
sample outfit, this is a good way to make
money around home.

Miss TINA W.

**As a blood maker, blood
purifier, health giver and system
renovator Manley's
Celery-Nerve Compound is
unrivaled.**

"The eruptions on the face par-
ticularly have been removed, and
the trouble in my back as well, and
I feel like a new man. I consider
Manley's Celery Compound better
than doctor's medicine for blood and
nerve troubles, as it has proved so
in my case."

WHITBY.

PERSONAL INTERVIEWS.

**With People Restored to Health
By Ryckman's Kootenay
Cure.**

LONDON, SEPT. 29th, 1896.
S. S. Ryckman Medicine Co.,
Hamilton, Ont.

Dear Sir,—I take much satisfaction
in sending you this record concerning
persons living in London who have
used "Kootenay Cure," and with whom
I have had personal interviews and can
vouch for their statements. Mr. C. B.
Hamilton, aged 32, a miller, and high-
ly respected citizen, was troubled with
Sciatica of a very aggravated type for
over twelve years. He began taking your
medicine last spring and has now
gained entire freedom from pain and
does not suffer any symptoms of the
troublesome disorder. Mrs. Sarah
Burdick, aged 68, widow, has been for
seven years a victim of Eczema. She
was unable to wear her clothes and
friends had to wait on her as on a child.
She began to take your medicine last
March and is now without a blemish on
her body. Eight bottles of the medi-
cine cured the disease that was thought
to be incurable. A most astonishing
cure is that of Mr. Patrick Ryder, aged
70, a retired farmer, well and favorably
known. He was sorely afflicted with
intermittent rheumatism for some
thirty-six years. About a year ago he
could neither dress nor undress him-
self, but after taking your excellent
medicine, the rheumatism left him and
he is not only well but a very active
man for his years. Mrs. Sarah Judge,
living in West Nissouri, had neuralgia
and rheumatism for twenty years. She
has used Kootenay since February last
and is now perfectly cured. Had her
suffering continued much longer, she
states, she would either have been in
the asylum or the grave. Mr. Mc-
Gowan, 85 years of age, has endured
agony during the past year from a dis-
ease of the skin called pemphigus.
His whole body was covered with angry
sores and ulcers, and he never had a
moment's relief from pain and misery.
He took your medicine and he has be-
come quite rid of all disease, only the
scars remaining to tell of his horrible
affliction.

I have much pleasure in writing the
above, and am certain you have the
heartfelt gratitude of those whom you
have relieved of suffering by your val-
uable and excellent "Kootenay Cure."

Yours truly,
J. B. Richardson, Rev. Canon,
Memorial Church Rectory.

A MESSAGE TO MEN.

Proving that true honesty and true
philanthropy still exist.

If any man, who is weak, nervous and debi-
litated, or who is suffering from any of the
various troubles resulting from youthful folly,
excess of overwork, or who takes heart and write
to me, I will send him confidentially and free
of charge the plan pursued by which I was
completely restored to perfect health and man-
hood after years of suffering from Nervous
Debility, Loss of Vigor and Organic Weakness.
I have nothing to sell and therefore want no
money, but as I know through my own ex-
perience how to sympathize with such sufferers,
I am glad to be able to assist any fellow man
to a cure. I am well aware of the prevalence
of quackery, for I myself was deceived and
imposed upon until I nearly lost faith in man-
kind, but I rejoice to say that I am now per-
fectly well and happy once more and an de-
sire therefore to make this certain means of
cure known to all. If you will write to me
you can rely upon being cured and the proud
satisfaction of having been of great service to
one in need will be sufficient reward for my
trouble. Absolute secrecy assured. Send 5c.
silver to cover postage and address, Mr. Geo.
G. Strong, North Rockwood, Mich.

Must be Dissolved.

Kidney Disease Can Only Be Cured by a
Remedy which is in Liquid Form—
Common Sense of Science.

For a disordered stomach or sick head-
ache, pills and powders are not without
effect, but when these same remedies are
used to cure kidney disease the common
sense of science rebukes the claim. This
insidious and growing disease will not be
driven from the system unless a medicine is
given that will dissolve the hard sub-
stance—uric acid and oxalate of lime—
that give rise to the distress and pain
that is common to all who suffer from
kidney complaint. South American Kid-
ney Cure is a kidney specific. It dis-
solves these hard substances, and while it
dissolves it also heals. The cures effected
deserve no question of its merits. Sold by
J. E. Willis.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Lord and Lady Aberdeen visited Brandon
and attended a number of public functions.

"Let parents not live for their children, but
with them. The mother should always
false modesty to stand in the way of her daugh-
ter's knowledge of herself, of her possibilities,
of her perils. For over thirty years Dr.
Pierce has used his "Favorite Prescription" as
a strengthener, a purifier, a regulator. It
works directly upon the delicate, distinctly
feminine organs, in a natural, soothing way.
It searches out the weak spots and builds them
up. A woman who would understand herself
should send 31 cents to the World's Dispensary,
Buffalo, N. Y., for Dr. Pierce's Medical
Adviser, a book of 1008 pages.

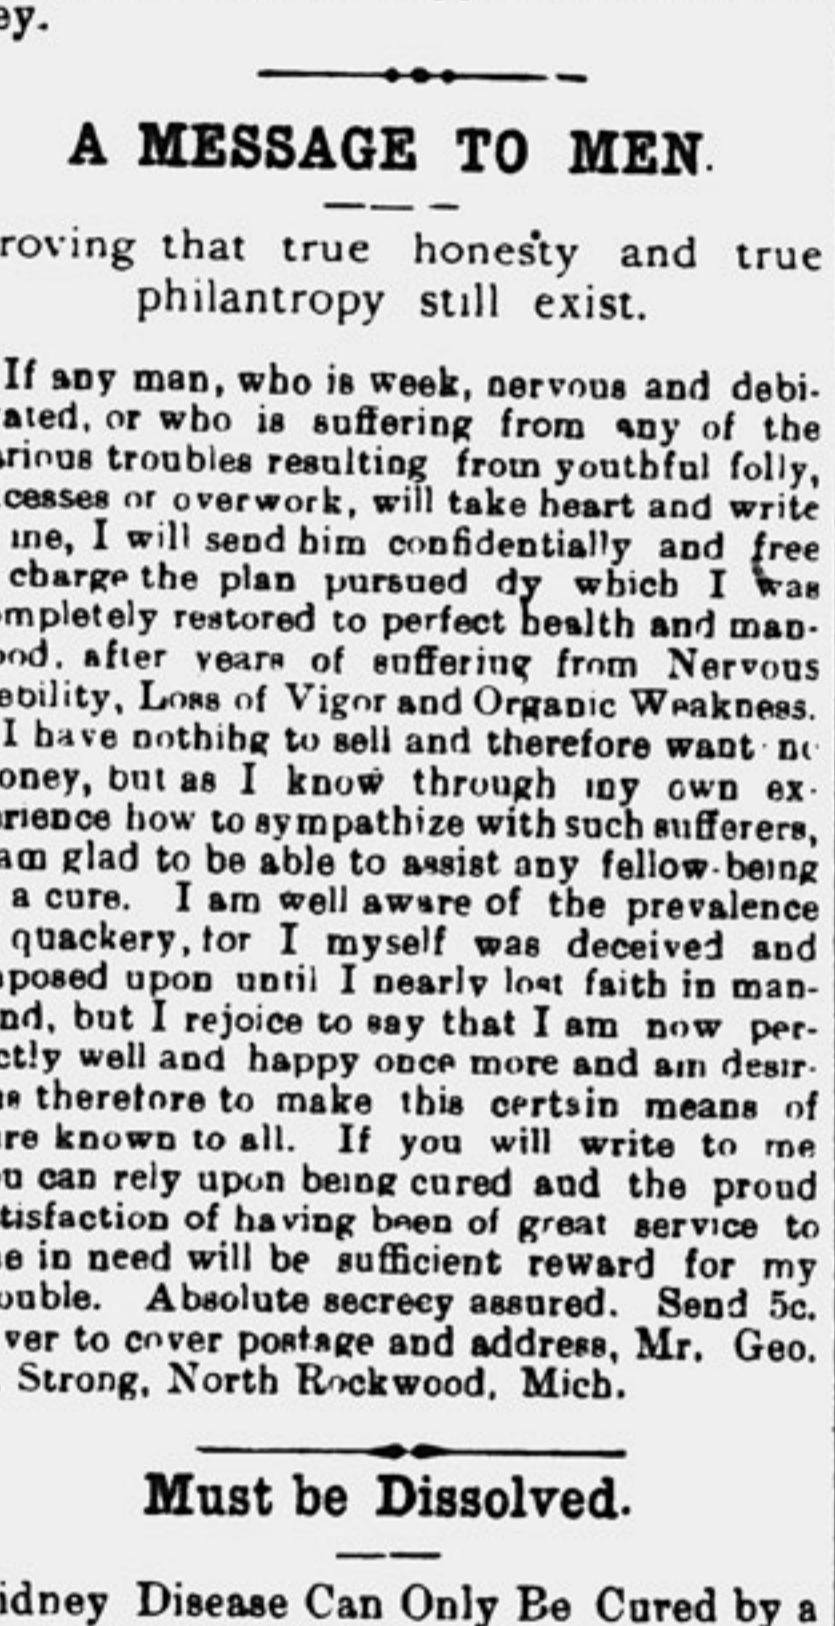

The building permits granted in London
amount to \$337,000 for the year.

Agitation in the world of homeopathic medi-
cines has been its very soul of progress, as in
politics and religion—the difficulties of opinion
and the individuality of men have been parent
to the disagreements by which the standard of
these bodies have been elevated. So with
most of our famous preparations—foremost in
illustration of which stands the world-
famous remedy to general debility and languor
"Quinine Wine"—and which, when obtain-
able in its genuine strength, is a miraculous
creator of appetite, vitality and stimulants, to
the general fertility of the system. Quinine
Wine and, its improvement, has, from the
first discovery of the great virtues of Quinine
as a medicinal agent, been one of the most thor-
oughly discussed remedies ever offered to the
public. It is one of the great tonics and life-
giving stimulants which the medical profession
have been compelled to recognize and prescribe.
Messrs. McEwen & Lyman, of Toronto, have
given to the preparation of their pure Quinine
Wine the great care due to its importance, and
the standard excellence of the article which
they offer to the public comes into the market,
purged of all the defects which skillful obser-
vation and scientific opinion has pointed out in
the less perfect preparation of the past. All
druggists sell it.

ECZEMA!
DR. CHASE'S OINTMENT

Few men better known or more highly esteemed in the ministerial ranks
in Canada than the gentleman whose portrait accompanies this. Although
now retired from the more active work in the ministry, he has held almost
all the more important charges throughout Ontario as a pastor in the Methodist
Church. He is one of the pioneer preachers. A few words of his to fellow
sufferers will be taken in the spirit which he intends them, feeling that in
publishing to the world the great benefits he has derived from his great cure
he is but doing his first duty to man, and, in a measure, fulfilling the old
command, "Do unto others," etc.

About ten years ago I felt the beginnings of what is commonly known as
Eczema. The disease commenced in my ears and spread entirely over both sides
of my head and also developed on my hands. During those ten years I was a great
sufferer. I tried many supposed remedies and some of the best physicians—special-
ists on skin diseases—treated me. Beyond affecting temporary relief, I received
no more benefit and all failed to effect a cure. Some time ago I was led from read-
ing and investigating some reliable testimonies I read in the newspapers to try Dr.
Chase's celebrated Ointment. The first box gave me so much relief that I felt
warranted in persevering. As I wrote this I am just commencing on the fifth box,
and, judging from the rapid improvement effected, I am certain that before the box
is completed I shall be completely cured. I think my cure almost a marvel, and
shall be pleased at any time to answer any inquiry from like cause. Having suffered
so much myself, I give this testimony for the benefit of others.

CHAS. FISH,
