

Reach Council

Met Tuesday 15th inst. The following was ordered to be paid—F Dobson repairs \$3; W Phoenix gravel \$12.65; Geo Hadden gravel \$3; E J Wheeler for unperformed statute labor re Scuggs game preserve company \$3.75; T Tucker, burial expenses of Mrs Tucker \$7; Wm Gibson per wire fence by law \$12.50; D F Hagerman, indigent supplies, \$17.80; Mr McKay rebate of dog tax \$1; chairman of the board of health, expenses \$10; Chas Gordon, reward for tracing dogs \$2; Robt Acton for building a culvert on lot 1, Con 14, \$5; Anthony Wells repairing ditch on Centre road, \$3; Jos Baird, operating road machine, \$1; R Thompson, goods for Sorborger family, \$5; N Claughton, sheep killed by dogs \$2; Thos Smith do \$8; Jos Burton do \$4.66; Wm McKee do \$6.66; Jas Battenbury, keep of Geo Hambly's family detained during a snow blockade \$3; A Wells, repairing ditch, \$3; E Barrett, repairing culvert, \$1; Mr Swanic, grading road, \$6; Wm Oliver, work, \$7.2c; F Gregg, work, \$1.50; J H Leask, balance through error of former order 62c; Chas McClellan, gravelling \$5.25

The clerk was instructed to advertise for the necessary cedar required by the corporation for the coming year. Mr Stephens moves that \$50 be paid to the reeve, and \$40 to each of the other members of council for services rendered during the present year, and that the reeve be instructed to grant his orders on the treasurer for said amounts; also \$8 to the caretaker being balance of salary due.

The clerk was instructed to notify Mr Thomas Druan, that the council have resolved that he (Druan)—pursuant to statute—is required to kill his dog forthwith—said dog having been detected in the act of worrying and mutilating sheep. The clerk said a deputation consisting of Messrs John Holtby, Josiah Wales, J Hemingway, and T Manderson called at his office yesterday. They intended to have come before the council had it been in session. Mr Holtby said the object sought by the deputation was to induce the council to erect a wire fence, on both sides of the gravel road from the town line north to Mr Vernon's. The clerk said his reply to the deputation was, that he would be pleased to present their case to the council but he questioned its jurisdiction to fence private property to the extent required by the deputation. No action was taken.

A petition was presented signed by Mr Robt Somerville and 11 others, stating that they are aware that the sideline between lots 5 and 6, con 10, is subject to heavy snow blockades and they commend Mr Gibson's action in erecting a wire fence in the locality referred to and would request the council to grant him remuneration in accordance with the wire fence by-law. The Financial Statement in detail of the affairs of the township was submitted to the Council, and the usual number of copies were ordered to be printed. The thanks of the council were tendered to the reeve for the able, courteous and satisfactory manner he had presided over the council for the past three years. In a few judicious remarks the reeve thanked the council for the kind sentiments expressed in the resolution, and after congratulating the members on the ability they had displayed in the inception and facilitating the business of the council, proceedings were brought to a close by singing God Save the Queen.

YOUNG AGAIN.

Do You Wish to Avoid the Infirmities of Old Age?

Paine's Celery Compound An Invigorator and Life Giver for the Old.

Old people seem to grow weaker as the months go by. They are troubled with constipation, flatulence, drowsiness, rheumatism, indigestion and neuralgia. They have had one or more of these troubles for years. Their diseases are truly all of nervous origin. Paine's Celery Compound is the world's great specific for all the difficulties that beset old people. Its regulating influence on the liver, bowels and kidneys removes the disorders that old people suffer from. Paine's Celery Compound is recommended by the best medical practitioners as a grand stimulant to the vital powers, productive of appetite, and a wonderful promoter of digestion. When you are old, use Paine's Celery Compound; it will strengthen and build you up, and add years of comfort and peace to your life. In the past multitudes of people, reduced in vitality and strength, and on the road to becoming life-long invalids, have been made hale, hearty and strong by using nature's great life giving medicine. See that you get "Paine's," the kind that makes old people feel young, and that always makes the sick well.

MOUNT VERNON

Mr Ed Millson attended the Experimental Union at Guelph. Mr Chas and Miss Helena Tamblin and Mr Harry Millson, Orono, were guests at Mr Eber Millson's; Miss Woodly, Tyrone, visiting at Mr James Garfat's; Miss Edith Argue is visiting in Whitby; Mr Luther Bradley visiting at Maple Corners. Our popular violinists, Mr Norman and Fred Heatlie, Miss Mina Heatlie, and C W Soach, vocalists, and Miss Alma Short, Foley, accompanist, took part in a concert at Nestleton, Cartwright, Friday night. Rev Dr Lambly preached here on Sunday.

Accused her of Theft.

Christiana Curry issued a writ at Osgoode Hall to-day against her uncle and aunt, Thomas and Janet Squires, of Maple, Victoria County, claiming \$2,000 damages for slander. Miss Curry now resides in Toronto, but formerly lived with the defendants. She alleges that they charged her unjustly with stealing \$5.

MARKHAM

J J Mullen, a farmer living near Bolton, is in jail for contempt of court in refusing to tell the whereabouts of some money. At the time of the boom Mullen bought some land near Toronto which was subject to a mortgage. He not only made his payment, which was lost, but the mortgage came on him for the mortgage which was on the land when he bought it, and judgment was given against him. Mullen had a little money saved from the wreck and he took it out of the bank where it was deposited, thinking it might be garnished in some way. This money is about all his wife and he have to live on, and when examined as a judgment debtor he refused to tell where it was. Mullen declares he will rot in jail before he gives up what little he has to a company from whom he never borrowed.

Wm Bangey, a farm laborer residing near Mongolia, has come into a large fortune through the recent death of a rich uncle in London, England, who left an estate valued at over \$700,000, to be equally divided between Wm Bangey and his six brothers. There is no myth about this fortune as Mr Bangey has received full particulars from his uncle's solicitors and the probate court. We understand Mr Bangey has almost decided to settle in Markham village. —Economist.

A METHODIST PASTOR.

He Tells About One of His Congregation who Had Bright's Disease.

RYCKMAN'S KOOTENAY CURE

Was the Medicine that Gave her Complexion the glow of health and Removed the Puffed Appearance from her face.

50 Gore Street, Hamilton, Ont, Jan 21, 1895. Mr Ryckman—Dear Sir—I have been conversing this day with Mrs E Clarkson, 138 Hannah Street east, this city, who claims to have received great benefit from the use of "Kootenay Cure," which is sold so generally by you at the present time. Her special trouble was Bright's Disease, and was of nine year's standing. It was so pronounced by two physicians. While she does not claim to be completely cured, having taken only four bottles of the remedy, yet she feels so much better that she does not hesitate to recommend its use to anyone afflicted as she has been. The pains in her head have entirely ceased, and almost from the back. The complexion wears the glow of health, and the puffed appearance is gone from the face. She has increased nine pounds in weight in two months, and is thereby encouraged to believe that what has improved her physical condition will ultimately accomplish a complete cure.

J VAN WYCK, Pastor Gore street Methodist Church. ZEPHYR Mr Geo Winfield of Georgetown, is staying at his home here. Miss Pilkie of Mt Albert, was visiting at Mr G Hagerman's last week. Messrs Chas Jones, H Wilson, and M S Keller, of Uxbridge, were in the village on Sunday. Rev Mr Manning was the guest of Mr Thos Pickering while here. The feed pipe in the boiler of Cook Bros. grist mill burst last week causing a delay of two days. The mill has been running night and day since in order to catch up. The public school officials have decided to put in a furnace for heating. This is a good move. Although it costs considerable at first it will pay for itself in comfort and saving of fuel in the future. This is a great town for life insurance. A large number having taken out policies during the past year. There appears to be considerable rivalry among the agents. Two general agents with their local men, representing different companies, met by appointment a few nights ago at the hotel and had a war, words being the weapons. After the smoke cleared away the spectators decided that the cheapest company is not always the best. The hall committee have engaged the T. A. Baker company of Toronto to furnish their entertainment on Christmas night. Mr Baker has been very highly praised by the Canadian press and will no doubt sustain his high reputation in this place. The band intend holding a series of concerts during the winter in different surrounding villages. They are arranging to give the first in Udonra in the first part of January. Mr Jesse Cook received an order from Buffalo for several cars of Christmas trees. ORILLIA. Frank Madden's close call. Frank Madden, son of Mr P Madden, Leclaire street, had a narrow escape from drowning last Thursday. He and Blake Palmer, another boy about his own age, started to skate to the opposite side of the lake. When behind Chief Island the ice suddenly gave way under Madden, who went down into the cold water. His struggles broke the ice for several feet around him, owing to the rottenness of the ice around where Madden had broken in. The unfortunate lad was just about exhausted when he at last found a solid spot in the ice on which he climbed out, he says, "more dead than alive" Mr Boyle's invention. Mr Jno Boyle has now associated with him in the manufacture of his patent bicycle training machine, Mr John Boyle, a well known lumberman, who recently moved here from Atkin, Harbour. The firm have this week commenced working in the old Banasy Carriage works, and before the end of the week expect to have several hands at work. To the News Letter Mr Boyle stated that if the firm's hopes were realized they would have 50 or 60 men at work. The first lot of 25 machines is now being completed, one being on exhibition at Mr Boyle's office in the Sheppard McCormick block. Every day the firm become more firmly convinced that they have a good thing, and every Orillian will fervently hope so, as the establishment of such an industry as has been indicated would go a long way to mend hard times hereabouts. Next week the firm will launch out into the advertising field on a large scale among bicycling papers. Stole Jake's horse. Jake Gaudaur had an exciting chase after a horse thief last Saturday. About two o'clock in the morning he was awakened by a noise in his stable and going downstairs he was just in time to see a man gallop his horse past the front door towards the bridge. Hastily donning his clothes he went over to Thos Harris' to get the loan of a horse to follow the thief. Here it was found that the fellow had tried to steal Mr Harris' horse, but the animal was a little too wild for him and got away. By the time Jake got under way the thief had about twenty minutes start, but he tracked him a couple of miles past Washago. Here the thief's tracks were lost and the fellow got away, but the horse was recovered a few hours later on the edge of a swamp near Washago. From the footprints around the stable he was evidently a small man, perhaps a boy. Jake did not arrive home till about 8 o'clock in the evening, and says he would rather have caught the thief than the horse. —News Letter.
