

Thomas A. Johns.

A Common Affliction

Permanently Cured by Taking

AYER'S Sarsaparilla

A CAB-DRIVER'S STORY.

"I was afflicted for eight years with Salt Rheum. During that time, I tried a great many medicines which were highly recommended, but none gave me relief. I was at last advised to try Ayer's Sarsaparilla, by a friend who told me that I must purchase six bottles, and use them according to directions. I yielded to his persuasion, bought the six bottles, and took the contents of three of these bottles without noting any direct benefit. Before I had finished the fourth bottle, my hands were as

Free from Eruptions

as ever they were. My business, which is that of a cab-driver, requires me to be out in cold and wet weather, often without gloves, and the trouble has never returned."—THOMAS A. JOHNS, Stratford, Ont.

Ayer's The Only Sarsaparilla

Admitted at the World's Fair.

Ayer's Pills Cleanse the Bowels.

CORRESPONDENCE

PICKERING.

The friends of the Presbyterian church, Dunbarton, will hold their anniversary on Sunday, January 3rd.

G. W. Decker has purchased the pretty park across from the Woodbine known as the Small's Park. The buildings are to be retitled and the place improved to the extent of several thousand dollars. When completed it is said that the place will be one of the most desirable in the vicinity of the city. We extend the wish that George may prosper with his undertaking.

The Farmers Institute meeting held here on Tuesday evening was very successful and will likely prove a success in the future to those who are anxious to give the farmers some useful information. At this season of the year there is nothing to prevent farmers and their wives from attending these meetings. It is some claim, the speakers in the past have not been of a high order. It is your privilege to compare and have a better class secured.

Collector Hutchinson informs us by letter that three quarters of all the unpaid taxes are south of the 5th con, and only one quarter north of the 4th con.

Ed. Basse writes us from St. Louis stating that he has just undergone a very successful operation for the removal of a cancer. He has been suffering for a year and now has every hope of a complete recovery.

James King and some others killed a pig on Monday for John Kemmer, of Fairport, that weighed 60 lbs. and measured 8 feet from tip to tip. This animal was three years old and was not considered rough pork.

We must extend our congratulations to W. E. Anderson, formerly of the Pickering Pharmacy, he having taken second place in a class of one hundred and ten pupils in the recent Pharmacy examinations. Such diligence is worthy of commendation.

John Amann, south of the village, met with an accident one day recently while drawing a fence post out of the ground. In some way the lever slipped striking him upon the head. For some time he was unconscious, and since that time is not feeling first-class although recovering—News.

BRECKIN.

Mr. John Santimiro has returned from the north, where he has spent the last four months.

The W. W. W. Co. are making quite a stir in town. They have given away a large number of presents since they have been in town. Last Saturday evening blank tickets were given at the door, of which the audience were to vote for the most handsome and popular young lady of Brechin. Miss Cooper received the majority of the votes, and was presented with a costly lemonade set.

Mr. John Owerend's little girl, while running across the street, was run over by a horse and buggy, injuring her foot but not seriously.

Mr. Matt McDonald is in town again. Our town is increasing fast in population. Mr. Patrick Doyle and Mr. Michael McGrath were each presented with a son last week.

We are glad to see that Mr. R. L. Gaughan has entirely recovered from his recent illness.

We are all very sorry to say that Miss O'Connor, our school teacher, is leaving for good, she was well liked by the children, and highly respected by their parents.

Cold in the head—Nasal Balm give instant relief; speedily cures. News fails.

TOWN LINE.

The following is the report of the pupils in Union School No. 1, Whitby and Pickering, for the term ending Dec. 22nd, 1895. In the senior class the written examinations held during the term give the standing of the pupils, while in the junior classes, the pupils are ranked according to merit. Sr. IV class, max. 638, Mabel Rowe, 549; Walter Rodd, 505; George Gold, 489; Arthur Mackey, 453; Annie Carruthers and Lizzie Fothergill, equal, 399. Jr. IV class, max. 500, May Rodd, 284; Mabel Mackey, 254; Edmund Bradley and Dewart Carruthers (not present for all the exam's). Sr. III, max. 302, Wilbur Webb, 208; Archie Coakwell, 191; Willie Robertson, 190; Willie Webb (did not take several exam's). Jr. III, max. 250, George Fothergill, 225; Mona Taylor, 207; Edna Shipman, 194; Elsie Kemp, 181; Russel Carruthers, 170; Harry Coakwell, 165; Nichol Robertson, 140; Dennis O'Connor, 136. (missed one exam.) II class, Lillie Robertson and Edgar Austin, equal. John O'Connor and Walter Trull, equal. Arthur Wilson and Earl Bradley, equal. Part II, Charlie Fothergill, May Bradley, Goldie Trull, Frank Vanstone. Part I, Russel Coakwell, Lillie Padgett, Olive Shipman and Edna McGregor equal. The following promotions were made during the term: From III to Jun. IV, May Rodd, Mabel Mackay, Dewart Carruthers, Edmund Bradley, Archie Coakwell, Wilbur Webb, Willie Robertson. Double promotion, from III to Jun. IV, and from Jun. IV to Sr. IV, Annie Carruthers and Lizzie Fothergill. II to III: George Fothergill, Harry Coakwell, Mona Taylor, Edna Shipman, Russel Carruthers, Nichol Robertson, Dennis O'Connor, Elsie Kemp. Part II to III: Tullie Robertson, John O'Connor, Arthur Wilson, Earl Bradley, Edgar Austin, Walter Trull. Part I to II: Frank Vanstone, Charlie Fothergill, May Bradley, Goldie Trull, Russel Coakwell. We closed a year of successful school work on Tuesday, the 22nd inst. The new term commences Jan. 4th, 1897. A joyous New Year to all my pupils and their parents is the wish of H. H. West, teacher.

CLAREMONT.

B. Mantle's chopping mill has again started.

Mrs. Boyer is with city friends over the holidays.

P. Pugh of Chatham, was here last week with his son.

A. Holiday, of Brooklin, spent Sunday at Thos. E. Fugh's.

John McKay, who has been in Dakota for nine years, is here on a visit with friends.

Misses Palmer and Mr. Doyle, of Pickering, were here with friends on Sunday.

Mrs. F. Farmer is in Stouffville this week, having been called there through the illness of her brother Albert Booker.

C. A. Mitchell, who has been with Geo. Anderson & Co., Toronto, for some time has now secured a more lucrative position with Renfrew & Co., of the same place.

The Erskine people held a very successful bazaar and entertainment on Wednesday evening of last week. The ladies as usual provided a very sumptuous repast.

A construction gang from Havelock are engaged erecting a new bridge on the railway east of here at Waddle's farm. Some eight men are employed and they expect to complete the work in about a week.

The Wilson Bros. gave a very fine concert here under the auspices of the Meehan's Institute. The attendance was very poor, however, and the troupe were out of pocket. Should they again visit our reception would be much more extensive.

The anniversary of the Methodist church was held on Sunday and Friday, Dec. 27th and Jan. 1st. Rev. McAuley preached appropriate sermons on Sunday morning and evening and at a mass meeting held in the afternoon. On New Year's night a splendid concert will be given by the Toronto Junction Quartette Club. As this promises to be an exceptional concert all who could should attend.

After a lingering illness stretching over a period of many weeks, due to consumption, James Row died at his residence on Sunday, aged 82 years. Deceased had been a resident of Claremont for a long time, and was highly respected by all with whom he came in contact. The funeral took place on Tuesday when the remains were interred at St. John's cemetery, 7th con. In the absence of Rev. McLean, the Rev. White conducted the ceremony.

We must congratulate our worthy townman, Geo. Gerow, Esq., on his appointment to the position of county councillor for this division, he having been elected by acclamation on Monday at Brougham. Now that Mr. Gerow has been elected to County position we hope in the north desire to have a member at the township board, and no doubt the other portion of the township have no objection thereto. The names of the following have been whispered about for a few days:—Messrs. O. J. Brodie, V. S. Evans, Underhill, Joshua Bundy, E. W. Jans and W. J. Michell. None of these have actually stated that they will run.—News.

CHERRYWOOD

Alice Stover spent last week visiting with her many friends in Mount Joy.

D. Wood, of the N.W.T., called on the acquaintances of his boyhood last week.

D. Hoover has set up a grain chopper in the old carpenter shop. It sounds like old times to hear some machinery running in town.

A temperance meeting was held in the church last Monday evening. Revs. McAuley and Thom, of Pickering, addressed the meeting.

School ended with a flourish Tuesday week. The afternoon was entirely taken up in the delivery of an excellent programme. The visitors' attention was perfectly held throughout the entire afternoon.

Travelers shudder with horror at the thought of the train-wrecker who stealthily undermines the supports of a railway bridge and precipitates a passenger train with its load of precious human freight to a horrible death by fire and water. There is a deadlier enemy than the train-wrecker that menaces not only travelers but stay-at-homes. Its name is Indigestion. It slowly undermines the supports that hold up the bridge of life and precipitates untold thousands into the dread valley of consumption every day by fire and water. Thousands can avoid this calamity and even remedy it after it has occurred if they will act in time. All cases of indigestion and every disease that has its origin in indigestion or faulty nutrition are cured by Dr. Pierce's Golden Medical Discovery. It cures 90 per cent of all cases of consumption. It cures wasting diseases. It is an unfailing remedy for nervous prostration. It is the great blood-maker, flesh builder and nerve tonic. Thousands have testified to its merits. There is nothing else "just as good." Druggists sell it. I beg leave to inform you, writes Mrs. J. C. Hill of No. 1708 Thos. Place, Minneapolis, Minn., that Dr. Pierce's Golden Medical Discovery cured my trouble in my neck—Goutie. It cured my rheumatism. At the sixth bottle it began to grow smaller. Before it had grown larger very perceptibly. I am very grateful for the cure.

Healthy babies. Healthy mother. Healthy father. These are what you find in the homes that have a copy of Dr. Pierce's Common Sense Medical Adviser. Send for one-cent stamps, to cover cost of postage and mailing only, to World's Dispensary Medical Association, Buffalo, N. Y.

ALTONA.

A. B. Reesor, of Brooklin, is in our midst again.

Miss T. Stouffer, of Stouffville, was visiting here over Sunday.

There was a temperance meeting in the Union church Monday evening.

"A pure heart is the gift of God, — a pure heart is his dwelling place." The bible society collectors are on their annual round. Give them a cheery reception.

The trustees of our public school have engaged Charles McDonald, of Dunbarton, as teacher for next year.

Charlie was in our midst on Monday. The devil lives in the same house as the man that gets mad quick.

F. J. Reesor was working in Scott last week.

"Heap on more wood 'til the wind is chill; But let it whistle as it will We'll keep our Christmas merry still."

GREEN RIVER.

Miss Hattie Hutchison is spending a few days in Toronto.

Misses Maria and Gertrude Hopkins were visiting at B. Wilson's on Sunday last.

Geo. Ferrier arrived home Saturday last to spend the holidays with his parents and old friends.

Wednesday evening last the teachers of the Union Sabbath school held their annual meeting. A very large number of teachers and scholars were present. All the old officers and teachers were re-elected for another year. This speaks well for superintendent and teachers.

UNDER OATH KOSTENAY

PARALYSIS CURED—SWORN STATEMENT. Mrs. Maggie McMartin, 27 Badenhurst St., Toronto, Ont., writes that Ryckman's "Kostinay Cure" cured her of Paralysis which rendered one side of her body entirely useless. Physicians said there was no chance of her ever recovering the use of her limbs. Hope deserted her, but to-day she is walking around telling her friends how Ryckman's "Kostinay Cure" gave her life and happiness. Sworn to, July 10, 1895, before J. W. Seymour Corley, Notary Public.

SWORN STATEMENT OF A GRATEFUL MOTHER.

Louisa White, nine years old, who suffered with Eczema since her birth, has been entirely cured and her general system built up by Ryckman's "Kostinay Cure". The above facts are given in a sworn statement made by her mother, Mrs. George White, 120 St. John's St., Hamilton, Ont., dated July 5, 1895, before J. F. McKee, Notary Public.

A COMBINATION DISTURBED—SWORN STATEMENT MADE.

Charles E. Newman, 19 Marlborough St., Toronto, Ont., had a complication of blood troubles, Rheumatism, severe kidney trouble, and constipation. Was frequently disturbed at night, lost his appetite and health condition, his kidneys are now in a torpid and constipated state; all this was done by Ryckman's "Kostinay Cure". He makes sworn statement to the above facts before J. W. Seymour Corley, July 10, 1895.

LINDSAY.

Fatal accident. On Saturday Mrs. Adela Bisette, went to visit her daughter Mrs. Fred Burke, in the Academy of Music. While coming down stairs she fell down a short flight of three steps, breaking her leg. Dr. Poole was summoned and he found that her leg was broken in three places, so badly that the bones protruded through the skin. A consultation was held and it was found that it would be necessary to resort to amputation of the limb to save the patient's life. She was taken to the train and thence to the Peterboro hospital in charge of a doctor. The operation took place Monday and was successful, but the unfortunate lady died an hour afterwards from the effect of the shock to her system. Mrs. Bisette was fifty-eight years of age and was for many years a resident of the east ward, where she was and favorably known. The remains were brought to town Tuesday morning on the 9 a. m. train, the burial taking place on Wednesday. Great sympathy is caused by the lamentable affair.—Warder.

ORILLIA.

Brennan's condition. Michael J. Brennan, condemned to death for the murder of Mr. Strathy, remains in the same condition, having to be fed regularly by the jailers. He does not move from his cot, though he seems in a fairly healthy condition. His brother, James Brennan, has already secured several thousand names to the petition for clemency.

Investigating Mr. McPhee. Mr. J. D. McPhee's case is now being investigated at Atherley, the matter having commenced yesterday. Mr. Hugh O'Leary, of Lindsay, sits on the case. Mr. McPhee is represented by Messrs. Gunn and Grant and the government by Mr. Thos. Noble, of Cannington. The charges relate to Mr. McPhee's management of his office of Indian agent.

He was frozen to death. Particulars to hand regarding the death of the late James Murray, of Orillia, from Sudbury, show his demise to have been a sad one. He was frozen to death two miles from Sudbury while returning from Sunday School. His body was frozen on the railroad track. It is supposed that he was seized by an epileptic fit, to which he was subject, and was stunned by his fall and frozen to death without regaining consciousness.

Nearly asphyxiated. The family of Mr. John Hopper, Moffat street, had a narrow escape from death by coal gas on Sunday morning. Mr. Hopper was awakened about 4 o'clock by a weak cry from one of the children, and he investigated. He found his daughter, a girl of 15, almost dead. Her heart beat was imperceptible. Mrs. Hopper's case was nearly as serious. He spent an anxious half hour attending to the patients.

Jake has a mishap. Mr. J. G. Gaudaur is now of the opinion that accidents will happen. He was out fox hunting last Monday and he had with him a very fine double barreled gun, and two valuable hounds. Jake had chased a fox off Grape Island, just outside the Narrows, and was following Reynard along the shore of Boulton's Point toward Mr. Goffatt's Island, when something happened.

Neither of the hammers were cocked, for Jake is a careful man with a gun. The two hounds were on ahead and the champion was making good time, close behind them on the slanting shore ice. Suddenly he slipped and the hand holding the gun came smartly down on the ice. When the smoke cleared away Jake saw one of the hounds had been shot dead, and the other had its legs pretty well peppered. Fox hunting is a dead sport.

Mr. Justice Ross's Dinner. By what trifling things is history made. Here the News Letter has been bothering itself for the past six weeks to find out why the East Simco election trial had been set for Barrie instead of Orillia, against the wishes of everyone interested. This paper had pointed out that Barrie was not in the constituency, that it would be more convenient to hold the trial here, and would be much cheaper. It had just reached the conclusion that Mr. Laurier had something against the town, and this week intended to talk out about it. But there is no necessity, for Mr. Laurier is not to blame. It was all Mr. Justice Ross's fault, and the story of the cause goes back several years to the time when Judge Ross unseated Mr. H. H. Cook in Kennedy's hall. On that visit Mr. Ross put up at a certain hostelry in town, and one day, doubtless for good and sufficient reasons, asked the hotel proprietor to serve his dinner in his own sitting room. The proprietor would not, doubtless for other good and sufficient reasons. And that's the whole story. Mr. Ross does not like Orillia because he was forced to dine with some agricultural gents, who eat boiled food—and with their knife, at that. Judge, the only thing we blame you for is that you kept quiet about it.

Orillia has enough politeness and enough respect for the law to let a man have his victuals any way he wants them. Just try us again.—News-Letter.

Agitation in the world of homopathic medicine has been a very real progress, as in politics and religion—the difficulties of opinion and the individuality of men have been parent to the disagreements by which the standard of these bodies have been elevated. So with most of our famous preparations—foremost in illustration of which truth stands the world-famous remedy to general debility and languor, "Quinine Wine"—and which, when administered in its genuine strength, is a miraculous creator of appetite, vitality and stimulant, to the general fertility of the system. Quinine Wine and its improvement, has, from the first discovery of the great virtues of quinine as a medicinal agent, been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonic and life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrop & Lyman, of Toronto, have given to the preparation of their pure Quinine Wine the greatest care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which afflict observation and scientific opinion has pointed out in the less perfect preparation of the past. All druggists sell it.

The four-year-old daughter of Mr. John Draper, of London, was terribly burned through her clothes catching fire.

Fever and Ague and Bilious Derangements are positively cured by the use of Parmentier's pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the secretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the choleraic mucus is thrown out by the natural passage of the body. They are used as a general family medicine with the best results.

Mr. H. Rabreau, a Montreal pilot, was killed by a G. T. R. train at Lachine.

Score Post—Mrs. E. J. Neill, New Armagh, P. Q., writes: "I was nearly six months, I was troubled with urinary action, and pain in my feet to such an extent that I could not sleep at night, and as my feet were badly swollen I could not wear my boots for weeks. At last I got a bottle of Dr. Parmentier's 'Score Post' and resolved to try it and to my astonishment I got almost instant relief, and the one bottle accomplished a perfect cure."

BEAVERTON.

Messrs Wm and Fred Smith, of the foundry, spent a week in St. Thomas visiting Mr. Wm Smith, jr., who is about removing to England, Mr. Smith, of St. Thomas, is fast rising in the artistic world, and is as yet but a young man.

Mr. Wes Michell has recovered from his recent illness.

The lake is at last frozen over and good skating reported.

Beaverton will have a good hockey team this year.

We notice the name of Mr. D. W. Rutherford among the successful candidates at the recent civil service exams held in Toronto.

The Beaverton orchestra, as well as a number of young folk of the town, took in the basket social at Point Mara school house.

For a town of its size, we think Beaverton can surpass anything in the way of skaters. Standing on the bridge on an evening of last week, and watching them fit to and fro, was, if anything, amusing. Mr. Harry Cameron and Mr. Sandy Rutherford do the figure eight to perfection. Mr. W. H. Holmes with his Kempenfelt strike, takes the ladies by storm. A. E. Cameron and the "nailer" cut the rose to a T. Misses Turner and Gurly do the grape vine like professionals. Miss Maggie Dobson also manages the flat iron with skill. Fannie King and Minnie Bowmer do the spreadeagle while Lexie McKee trims its wings—with the season. Really Mabel Davidson, the champion lady skater, would not be in it with our girls, so Ena says.

The Methodist church intend holding another grand concert in the Alexandria hall next month.

ENFIELD.

We wish the CHRONICLE and its staff the compliments of the season.

The Sons of Temperance enjoyed a feed of oysters on Tuesday night.

The S. O. E. held a White Rose degree meeting on Thursday night after which a grand oyster supper was served till all were satisfied. Visiting brethren from Bowmanville, Hampton and Burketon were present.

Mr. Wm. Humpage has engaged with Mr. J. Dyer for the coming year.

Who would think that any farmer in this neighborhood would draw and spread manure on the Sabbath day?

Mr. B. Armstrong's sale was well attended and good prices were realized.

Mr. J. Dyer is the proud possessor of a new wind mill.

Like Sufferers Only Know.

R. Scriver, Carpenter, of Hastings, was a Great Sufferer from Kidney Disease—South American Kidney Cure Effected a Quick Cure—It is a Specific Remedy for a Specific Disease—It Dissolves and Eradicates All Solid Matter from the System—is Safe and Permanent.

For many years I have been troubled with kidney disease, assisting the taking of much in the way of remedies. Two years ago they became so bad that I had to seek the aid of a physician. My urine was more like blood than anything else, and was very painful. Just at that time I began using South American Kidney Cure. It gave me immediate relief, and from that time till now I have had no difficulty. I can safely and honestly recommend this great remedy to all persons suffering from kidney trouble. Sold by J. E. Willis.

A Graduate of Toronto University says: "My children have been treated with Scott's Emulsion from their earliest years! Our physician first recommended it and now whenever a child takes cold my wife immediately resorts to this remedy, which always effects a cure."

FAIRBANK'S Real Estate Column.

FOR SALE.—A nice story and a half house with 2 1/2 of an acre of land, corner of Dundas and Garden streets, Whitby, with fine lot of choice fruit trees, good stable, well laid cistern. All in first class order. Will be sold cheap.

Small Frame House and Lot, corner of John and Byron streets, Whitby. Will be sold very cheap.

W. H. Ward.

Almost a Hopeless Case.

A Terrible Cough. No Rest Night nor Day. Given up by Doctors.

A LIFE SAVED BY TAKING AYER'S CHERRY PECTORAL

"Several years ago, I caught a severe cold, attended with a terrible cough that allowed me no rest, either day or night. The doctors after working over me to the best of their ability, pronounced my case hopeless, and said they could do no more for me. A friend, learning of my trouble, sent me a bottle of Ayer's Cherry Pectoral, which I began to take, and very soon I was greatly relieved. By the time I had used the whole bottle, I was completely cured. I have never had much of a cough since that time, and I firmly believe that Ayer's Cherry Pectoral saved my life."—W. H. WARD, 8 Quimby Ave., Lowell, Mass.
