

### A PEDLAR'S EXPERIENCE.

#### ILLNESS BROUGHT HIM ALMOST TO THE VERGE OF THE GRAVE.

Pale and Emaciated, Suffering From Excruciating Pains in the Back, Life Became a Burden and Death Was Thought to be not far off.

From the St. Catharines Journal.

It is a curious pathological fact that spinal complaint has sometimes actually been mistaken for Bright's disease, and there is no doubt many have been mal-treated for Bright's disease when spinal trouble was the real malady. Geo. T. Smith, pedlar, of St. Catharines is one who thus suffered. His narrative is as follows: "In the fall of 1894 I began to experience alarming symptoms of what I thought to be spinal trouble. I resorted to lotions, plasters and other remedies, but to no avail, as I continued to grow worse. At this point my friends advised the services of a physician, which I gladly submitted to. The professional man made a minute examination, and pronounced mine a case of Bright's disease, which quite naturally gave me a severe shock, as I deemed the death sentence had been passed upon me. The doctor said he could alleviate my sufferings, but remarked that it would only be a matter of time with me. However, I accepted his medicine, and took it according to directions with no beneficial results. In the meantime a friend procured a remedy said to be a cure for Bright's disease. This medicine I took, but with no effect whatever. Ten months had passed away and I had become so baggard, emaciated, stooped and miserable that my friends had difficulty in recognizing me. In fact they, like myself, harbored the most painful apprehensions. At this juncture an aunt came to visit me and strongly advised me to try Dr. Williams' Pink Pills. Like a drowning man reaching for a straw I did so. To my great surprise I soon noticed an improvement, the pain in my back began to leave, my appetite improved, my color returned, and by the time I had used eight boxes not an ache or pain remained, and I am as able to travel about to-day as previous to the attack. I know that I owe my restoration to Dr. Williams' Pink Pills, and I urge those ill or suffering to give them a trial.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink). Bear in mind that Dr. Williams' Pink Pills are never sold in bulk or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, put up in similar form intended to deceive. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for them.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ontario, and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box, or six boxes for \$2.50. They may be had from any dealer, or will be sent by mail on receipt of price.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which the pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

### MARKHAM.

**Railway accident.**  
Mr. John Grace, of Whitechurch, was in Markham on Monday week and purchased a wagon from Messrs T. and G. Morgan, and while returning home with the two wagons was struck by the Sutton train at the 9th con. crossing, and had both wagons demolished and himself seriously injured. The horses ran away and one was badly cut up.

The will of John A. Line, a farmer of Vaughan Township, who died a widower, is being proved by the son Charles, the daughter, Mrs. Rhoda Baker and John C. McQuarrie, who are the executors. The estate comprises 220 acres, valued at \$11,000; personally \$1,400, and \$1,000 life insurance. Provision is made for his father and mother, and an adopted daughter, but the bulk of the estate is left to his son and daughter.

**Explosion at the high school.**  
During a chemical experiment at the high school here Tuesday morning an explosion took place. Mr. Doidge assisted by three of the pupils were making oxygen gas when the vessel exploded. Grant Carmichael, who was nearest the apparatus, had his hands and face burned and his hands cut, also his clothes were set on fire. James Reesor had his face burned slightly. The explosion was due to impure chemicals.

**With honors.**  
Among the successful candidates who passed their junior examinations at the Ontario College of Pharmacy, Toronto, we are pleased to note the names of E. J. Thom, formerly of Markham, with first class honors, and Mr. Harry Brodie of this place, with second class honors. Also Mr. W. D. Corson of Branford, (nephew of H. R. Corson) with second class honors. May these young men be equally successful in the final examination next spring.

**Nearly a fire.**  
What might have proved a disastrous fire was narrowly prevented early Monday morning. The house occupied by Mr. Bert Jennings, back from Main St. and next to the Markham drug store, took fire, the cause being a mouse's nest next to the stovepipe in the second floor. When discovered the fire had a good hold of the floor and the bed clothes in a room upstairs. A few pails of water sufficed to put it out, but in a few minutes more the services of the fire brigade would have been required.—Economist.

Dr. J. D. Kellogg's Dysentery Cordial is a speedy cure for dysentery, diarrhoea, cholera, summer complaint, sea sickness and complaints incidental to children's teething. It gives immediate relief to those suffering from the effects of indigestion in eating unripe fruit, cucumbers, etc. It acts with wonderful rapidity and never fails to conquer the disease. No one need doubt its efficacy if they have a bottle of this medicine convenient.

### STOUFFVILLE.

**Left a fortune.**  
Wm. Bangey, a farm laborer residing near Mongolia, has come into a large fortune through the recent death of a rich uncle in London, England, who left an estate valued at over \$700,000, to be equally divided between Wm. Bangey and his six brothers. There is no myth about his fortune as Mr. Bangey has received full particulars from his uncle's solicitors and the probate court.

Almost a serious accident occurred on Monday afternoon while Mr. Henry Grace, of the 10th con, Whitechurch, was returning from Markham Village with a new wagon, which was attached to behind his old wagon, and while he was crossing the railroad track on the ninth concession of Markham, the Sutton Mixed came along and severed the two wagons, smashing them to atoms and hoisting Mr. Grace into the fence corner. The horses started up the ninth with the front pair of wheels, at a furious rate, where after running for about a mile they were caught. Conductor Wm. Rowden stopped the train and took Mr. Grace on board and brought him to Stouffville, where his wounds, which were found not to be serious, were attended to by Dr. S. L. Free. This crossing is a very dangerous one as the road runs alongside of the railroad track for a short distance, and it is a train is noticed coming around the curve it puts any person, who happens to be approaching the track, in a dilemma to know whether it is safe to try and cross or not before being overtaken.—Free-Press.

### Thanksgiving Letter.

#### Saved From Certain Death.

#### Paine's Celery Compound

#### Renews Another Life.

#### Twelve Years Work of Medical Men Did Not Effect a Cure.

#### Kidney Disease Surely and Permanently Banished by Paine's Celery Compound.

A terrible record of suffering and misery! Twelve years a martyr to kidney disease and other serious ailments. Money spent for medical attendance and a vast variety of patent medicines, and no cure.

Such disappointments and failures added to physical and mental agonies were sufficient to drive many a sufferer to the verge of insanity.

Deliverance from suffering and disease was long and earnestly prayed for, and a kind Providence directed a friend to the suffering lady to advise her to make trial of Paine's Celery Compound. It was used. There was no blank disappointment; no vain experiments; no waste of hard earned money. Relief and cure came to gladden the soul. Mrs. George Stone, Eganville, Ont., writes about her case as follows:

"For more than twelve years I was afflicted with kidney, stomach and female troubles, and had been attended by five doctors, and tried medicine after medicine without any good result.

"My sufferings a year ago from the kidney and stomach were dreadful. I was in such a state that I thought I could not live, and concluded there was no use trying other medicines.

"I was advised, however, to try Paine's Celery Compound, and finally decided to give it a fair trial. Before I had finished the first bottle I had improved very much and after the use of a few bottles I had not been so well for long years, and am now altogether a different person. The use of Paine's Celery Compound also banished my nervousness. I can therefore recommend Paine's Celery Compound to anyone suffering from kidney, stomach and female troubles."

Old dresses, mantles, jackets, coats, pants and vests, and other articles of wearing apparel can easily be recreated and made fit for wear at a trifling cost. Ten cents expended for some fashionable color of the Diamond Dyes will save you several dollars. This wonderful transformation and money-saving work can only be done perfectly by using the Diamond Dyes. Ask your dealer for them; be sure you refuse all substitutes.

**Money! Make it Yourself!**

I have never seen anything in the papers about the People's Wind Mill; we call it the "People's" because the inventor never patented it, but let everybody use it free. Any farmer can make a mill himself, and all the material complete will not cost over \$10. It is a splendid mill, will pump the deepest wells, and will last longer than any mill I ever had. Any person can get diagrams and complete directions free, as I did, by sending 13 two-cent stamps to my post-office, to Francis Casey, St. Louis, Mo.; he will send pumps also, and when you get your wind mill going would be glad to sell you a pump if you need it. It is certainly useless to pay \$50 or \$60 for a wind mill when you can make one just as good for \$10. I think there could be big money made putting these mills up through the country as everybody would like them.

### (Nominations continued.)

**FOR DEPUTY REEVE.**  
T. G. Jackson said he would have preferred to see Mr. E. R. Blow nominated for deputy reeve. Has been in the council two years, and has had his eyes opened to some peculiar methods. As a member of the streets committee has found Mr. Deverell a most useful and capable chairman, and can say the committee's work has been harmoniously carried on. Noticed that Messrs Pringle and Deverell got along first rate until it became apparent to Mr. Pringle that he could not use Mr. Deverell for his own purposes. Then war was proclaimed between them. He (Jackson) has been chairman of fire and water for a year, and has been able to sink a very large well at the college and also add a light in front of the town hall while keeping within the sum spent in that department last year. Mr. Jackson then took up the matter of the sale of debentures, severely commenting on Deputy Pringle's conduct in writing private letters to a firm of brokers with whom the town was negotiating a heavy cash transaction. He said it looked very much as if somebody was to have a commission if that agency secured the debentures. Would not decide to night whether or not he would be a candidate for deputy reeve.

It being after 11 o'clock p. m., a motion was passed to adjourn until 7.30 Tuesday evening, when Mr. Wm. Burns would have the floor.

### TUESDAY'S MEETING.

Wm. Burns said he had been a member of the town council for many years and had done his best. He is now a candidate for deputy reeve, and expects to be elected by a large majority. Has nothing to say against Mr. Scott, and would like to see him in the council. Mr. Jackson said last night that he had saved \$75 in the fire and water accounts of the year, from which we are to understand that the former chairman (Mr. Burns) had been extravagant. Mr. Jackson went round last year and fixed things up for all the chairmanships. Found fault with the well at the college, stating that Mr. Jackson had selected the location without authority from either the council or the fire and water committee.

Jerome Scott said he had been a member of the council for a good many years, and had decided to retire. Many had urged him to run for deputy reeve. Has the same friendly feeling for Mr. Burns that gentleman has for him. Nobody has brought any charges against him, and he has never made any enemy between himself and the other members. Mr. Burns has found some fault with Mr. Jackson, but that gentleman has done well. Believes taxation should be reduced, and has voted that way at all times. Opposed the \$200 grant on the hills between here and Oshawa because he felt that times are too hard for such grants. Hopes for a great decrease in taxation in a year or two. Has never sought to secure chairmanships. Is no canvasser for votes, but asks support on his record as a councillor for thirteen years. If any person can bring a charge against him he will leave the field. Is in favor of cows running at large, and does not wish to conceal the fact. The charge that he attempted to burke a vote on that question is a mistake. Believes in maintaining our educational institutions well. Is proud of the ladies' college. Believes there should be no fees charged in the collegiate institute.

### FOR COUNCILORS.

Mr. Warner was absent and Mr. Crosby merely said he was a candidate for north ward.

Mr. Henry said that as this was the first occasion he had appeared for election he would not discuss many public matters. Believes taxes are too high. If elected will try to cut them down. Will run for the north ward.

Wm. Robson had no text to speak from. From the speeches already made it appears that Robson is without sin in this time. Mr. Pringle had no charge of spoliation, peculation and damnation to bring against him this year. It is the new chairman on streets who catches it this time. At the commencement of the year he (Robson) and Scott were shut out by the cabal which was formed to strike the standing committees. The north ward was shut out with the exception of Mr. Noble. To heal my feelings they put me in the celebrated committee on manufactures, of which Mr. Pringle has been chairman for years but has done nothing. He (Robson) came into the council six years ago, and soon after found that the town's affairs were in such a mess that the bank would not honor the treasurer's cheque. Next year will see all such difficulties straightened up. Would like to be in the council for 1897 to see the end of it. Is a candidate for councillor in the north ward.

John Noble said he would run for the north ward as councillor.

Dr. Adams and W. J. Luke were not present.

## OLD GOLD CIGARETTES

### 50c. Per Package.

17 First Prize Medals.

### THE SLATER SHOE

#### Fire Proof

Saturate the average shoe in snow water, throw it beside a stove or heater to dry, and you've got a burnt up parody,—comfortable as a metal shoe. Ill treat thus a chrome tanned Slater Shoe, and it comes out smiling, pliant, tough and smooth as before.

Can be boiled half an hour without injury. Is sweatproof and waterproof. Goodyear Welt. \$3, \$4, \$5. Stamped on soles.

### "The Slater Shoe"

MAKERS MONTREAL

Sole Agent at Whitby, M. W. Collins.

## Granby Rubbers

It is no wonder that rubbers, which are not the same shape as the boot, should be uncomfortable. It costs money to employ skilled pattern makers but the result is a satisfactory fit. Each year new patterns are added, to fit all the latest shoe-shapes, and Granby Rubbers are always "up-to-date."

They are honestly made of pure rubber, thin, light, elastic, durable, extra thick at ball and heel.

**Don't Draw the Feet They Fit the Boot**

Cook's Cotton Root Compound is sold by all responsible wholesale and retail druggists in the Dominion of Canada and United States for One Dollar per box.

A January thaw is always more productive of colds and coughs than a January freeze. This is the time Ayer's Cherry Pectoral is needed and proves so extremely efficacious. Ask your druggist for it, and also for Ayer's Almanac, which is free to all.

Six men were accidentally killed in a mine at Red Cliff, Ont.

Fever and Ague and Bilious Derangements are positively cured by the use of Parmentier's Pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body. They are used as a general family medicine with the best results.

Buffalo is caring for 447 more families than at this period last year.

Ms. C. W. Squires, Dresden, Ont., says: "I have been taking Miller's Compound Iron Pills for two months, have increased in weight 15 pounds and feel better than for years." Sold by A. H. Allen, druggist.

Prof. Hermann, the musician, died at Great Valley, while en route to Bradford, Pa.

How to Cure All Skin Diseases.

Simply apply "SWAYNE'S OINTMENT." No internal medicine required. Cures itching, scabs, itch, all eruptions of the face, itching sores, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for SWAYNE'S OINTMENT. Lyman, Sons & Co., Montreal wholesale agents.
