

Sick
Headache
CURED PERMANENTLY
BY TAKING
Ayer's Pills

"I was troubled a long time with sick headache. It was usually accompanied with severe pains in the temples, a sense of fullness and tenderness in one eye, a bad taste in my mouth, tongue coated, hands and feet cold, and sickness at the stomach. I tried a good many remedies recommended for this complaint; but it was not until I took Ayer's Pills that I received anything like permanent relief. A single box of these pills did the work for me, and I am now free from headaches, and a well man."

Asking for a grant.

Reeve Fisher, Deputy-Reeve Robinson, Warden Boddy, and County Treasurer Sanford waited upon the Hon. the Commissioner of Public Works, Toronto, on Wednesday of last week in reference to the grant for the new iron bridge over the east branch of the Severn. The Government Engineer praised the plans submitted, and promised to inspect the work within a few days.

Broke her arm.

This month is becoming notorious for the number of serious accidents that are befalling pedestrians. On Sunday evening while returning from church, Mrs. Coll Robertson fell opposite Reeve Miller's residence on West street, and broke her arm just below the shoulder. The accident is a painful one, and it will be some weeks before Mrs. Robertson regains the use of her arm.

Painful accident.

On Christmas afternoon three young boys, about 15 years of age, Albert Little, Massey, and Montgomery, were amusing themselves shooting at a mark near the residence of Mr. Little at Dartmouth. Massey had fired, and re-loading the gun, a muzzle loader, handed it to young Little, who taking aim, pulled the trigger. The gun exploded, lacerating Little's left hand in a dreadful manner, and throwing the gun through a window some distance from where the boys were standing. Word was immediately sent to Orillia for medical aid, and Dr. Gilchrist drove out and attended to the wounded boy. The thumb and forefinger had been torn completely off, and the other fingers were hanging by shreds. The flesh of the hand had also been blown off, and part of the wrist, and it was found necessary to amputate the member above the wrist. This was done, and the young lad is now doing as well as could be expected.—Time.

THE NEW YEAR.

How You May Feel Happier and Better Than in the Past.

Paine's Celery Compound Will Enable You to Thoroughly Enjoy Life.

Act Promptly and Your Fondest Desires Will be Realized.

Many of our readers can truthfully confess that the year just gone by was to them a period of pain, suffering, anxiety, disappointment and wretchedness. Some were laid on beds of sickness, weak and helpless; others, ailing and almost broken down, were just able to move about to imperfectly attend to daily duties and work. The sick and ailing ones met with many failures and disappointments in their efforts to regain health. Doctors failed to cure them, and the very ordinary medicines of our times failed to bring back the blush of health to the pale and wan face.

Those of our readers who were unhappy last year may this year throw off their burdens and shackles, if they use that marvellous source of health-giving—Paine's Celery Compound—that contributed to the happiness of so many thousands in past years.

There is no necessity here to enlarge on what Paine's Celery Compound has done or is doing at the present time. Every day it is making well rheumatic, neuralgic, dyspeptic and sleepless mortals, and giving a new life to those afflicted with kidney, liver and blood diseases.

All classes unite in praising and recommending Paine's Celery Compound as the most effective of medicines. The more physicians know of it, the more do they earnestly commend it for the sick. If you would be well, happy and vigorous all this year, begin at once with nature's healer and life-giver.

How the Dipper Saved the Farm.

Father was sick and the mortgage on the farm was coming due, I saw in the Christian Advocate where Miss A. M. Fritz, of Station A., St. Louis, Mo., would send a sample combination dipper for 18 two-cent stamps, and I ordered one. I saw the dipper could be used as a fruit jar filler; a plain dipper; a fine strainer; a funnel; a strainer funnel; a sick room warming pan and a pint measure. These eight different uses makes the dipper such a necessary article that I went to work with it and it sells at very near every house. And in four months I paid off the mortgage. I think I can clear as much as \$200 a month. If you need work you can do well by giving this a trial. Miss A. M. Fritz, Station A., St. Louis, Mo., will send you a sample for 18 two-cent stamps—write at once.

A very melancholy death took place near here on Christmas morning. Hiram Avray, who resides with his aged father and mother, on the 4th corner of Uxbridge, at the townline, committed suicide by hanging. The father is helpless, while the mother is over seventy years of age, and there being no work the unfortunate Hiram became despondent, fearing that all hands would starve during the winter and hence the rash act it is thought. He deliberately carried a chair to the stable and standing upon the same adjusted the rope and jumped off. Much sympathy is felt for the old people, as he was their only support.—News.

An interesting law suit, in regard to property at Sturgeon Point, is likely to come before the courts at an early date. A suit is being instituted by Mr. Wm. Simpson, who purchased the hotel property from the company who controlled it, against the Crandells. It is claimed that the latter have leased ground to which they are not entitled, and illegally collected rentals. Louis Dyer and a number of boathouse owners will come into the legal fight. The lake avenue and water front is the bone of contention. There is a general law that all land some thirty feet from high water mark along the shores of navigable streams and lakes is public property, but of course this law does not apply to Sturgeon Point.—Watchman.

LINDSAY.

Railway people report that the volume of business done by them this Xmas season has been unparalleled during the last twenty years. The Grand Trunk ran three special trains on Thursday to meet the increased passenger traffic. On the C. P. R. lines the trains were made up in many cases of 10 or 12 coaches, with two engines attached. Freight traffic was also abnormally large compared with other seasons.

Several dogs—valuable and otherwise—have been poisoned in town during the past week or two. If all the mongrel curs in town were sent to the happy hunting ground by the strychnine or any other route it would be a god-send; but it is too bad that really valuable and useful dogs should also suffer. The trouble is to sort the chaff from the grain—every fellow thinks his dog is a daisy, and worth a pocketful of money.

W. H. Fleming, of Lindsay, the young man who forged Mr. George Gooderham's name to a cheque for \$2,700, was sentenced to one year in the Central prison at the Toronto general sessions on Thursday. Before being sentenced Fleming made a carefully thought out speech to the bench. He said that he was very sorry, and appealed for mercy on behalf of his mother and home, and for a chance to regain his position in society. His honor commented on the seriousness of the crime, but let the young man off with the above light sentence.

A medical man in town has been in a rather gloomy state of mind for about a week past. He was the recipient, by mail, of a miniature oak coffin, with latest trimmings and plate glass front. The only thing absent was the corpse. The medico is puzzled to know whether the sender intends him to prepare for death, or has sent the coffin as an intimation that he buries his work well under a ground. However, there would be a funeral sure if the donor could be located.

Before being sentenced Fleming made a carefully thought out speech to the bench. He said that he was very sorry, and appealed for mercy on behalf of his mother and home, and for a chance to regain his position in society. His honor commented on the seriousness of the crime, but let the young man off with the above light sentence.

A medical man in town has been in a rather gloomy state of mind for about a week past. He was the recipient, by mail, of a miniature oak coffin, with latest trimmings and plate glass front. The only thing absent was the corpse. The medico is puzzled to know whether the sender intends him to prepare for death, or has sent the coffin as an intimation that he buries his work well under a ground. However, there would be a funeral sure if the donor could be located.

An interesting law suit, in regard to property at Sturgeon Point, is likely to come before the courts at an early date. A suit is being instituted by Mr. Wm. Simpson, who purchased the hotel property from the company who controlled it, against the Crandells. It is claimed that the latter have leased ground to which they are not entitled, and illegally collected rentals. Louis Dyer and a number of boathouse owners will come into the legal fight. The lake avenue and water front is the bone of contention. There is a general law that all land some thirty feet from high water mark along the shores of navigable streams and lakes is public property, but of course this law does not apply to Sturgeon Point.—Watchman.

Railway people report that the volume of business done by them this Xmas season has been unparalleled during the last twenty years. The Grand Trunk ran three special trains on Thursday to meet the increased passenger traffic. On the C. P. R. lines the trains were made up in many cases of 10 or 12 coaches, with two engines attached. Freight traffic was also abnormally large compared with other seasons.

Several dogs—valuable and otherwise—have been poisoned in town during the past week or two. If all the mongrel curs in town were sent to the happy hunting ground by the strychnine or any other route it would be a god-send; but it is too bad that really valuable and useful dogs should also suffer. The trouble is to sort the chaff from the grain—every fellow thinks his dog is a daisy, and worth a pocketful of money.

W. H. Fleming, of Lindsay, the young man who forged Mr. George Gooderham's name to a cheque for \$2,700, was sentenced to one year in the Central prison at the Toronto general sessions on Thursday.
