CATARRH

Mrs. Dobell, of London, Ont., Cured for 25 Cents

Doctors Could Help, but Couldn't Cure—Dr. Chase's Catarrh Cure Released the Prisoner, and To-day She is as Well as Ever—She Says it is a Great Remedy

"Yes, I am Mrs. Dobell," said a comely, pleasant-faced woman at her home on Horton street to a News reporter to-day, "and I will very gladly tell you what you want to know. About three years ago my husband was very ill, and I had frequently occasion to rise in the night and go for a doctor or to the druggist. In my hurry I often neglected to properly clothe myself, and contracted several heavy colds which turned at last to chronic catarrh. I tried doctors who helped me but did not cure me, and several special catarrh medicines. I was relieved but not cured. I was suffering intolerably when Mr. Shuff recommended me to try **CHASE'S CATARRH CURE**, and it began at once to help and in about two months had entirely cured me. I cannot speak too highly of this remarkable medicine, and cheerfully recommend it to all sufferers from catarrh." The blower included is a great help to sufferers.

Town Council.

FIRST REHEARSAL OF THE SHOW FOR 1897.—REEVE PRINGLE APPOINTS HIS COMMITTEES.—HIS MEN BEMEN, ALL IN LINE, EROUD TO BE HEADERS ON THE WINNING SIDE.—DEPUTY SCOTT FEELS OUT IN THE COLD.—MR. J. E. FAREWELL APPOINTED TRUSTEE.—MESSRS. FAIRBANKS AND O'DONOVAN NAMED AS AUDITORS.

The town council of 1897 met at the council chamber for organization on Monday at 11 a. m.

The mayor took the chair and Town Clerk White reported that the members had all subscribed to their declarations of office and qualification.

His worship then addressed the council. He said he hoped that every member of council would give his best efforts to the transacting of business which the council has been elected to carry out. He trusted that any feeling which had been engendered would be laid aside now, and that no member would allow personal feeling to interfere with the proper discharge of his duties. This would be an important year, and he hoped for a united effort to serve the town. He pointed out that a new chairman on streets would be necessary, and hoped one would be selected who would be able to give the necessary amount of time to the work.

On motion of Reeve Pringle a committee of five was balloted for to strike the standing committees, resulting in the following selection—Pringle, Scott, Noble, Bewell, Blow.

STANDING COMMITTEES.

The reeve read the report of the special committee to strike the standing committees as follows:

Finance and Assessment—Pringle, Scott, Robson, Bewell, Smith.

Streets and Improvements—Smith, Noble, Luke.

Fire and Water—Jackson, Hayward, Robson, Pringle, Scott.

Town and Market Property—Blow, Crosby, Bewell, Pringle, Scott.

Application to Office — Bewell, Noble, Blow.

Licenses—Luke, Crosby, Smith.

Relief—Noble, Hayward, Jackson.

Printing—Hayward, Robson, Blow.

Railways and Manufacturers—Robson, Jackson, Luke, Pringle, Scott.

The first named on each committee to be chairman.

The first clause was adopted.

On the second being read,

Deputy Scott objected to Coun. Smith as chairman. Personally he had no objection, but Mr. Smith resides so far out of the way. He would move to substitute Coun. Robson's name. The latter is a man of experience and resides uptown. It was a great loss to the streets when Mr. Deverell went out, and Mr. Robson was the next most suitable man. It is plain that the whole committee business was cut and dried before the council met to-day, and that we are now only ratifying the selections of the reeve who has been running around for a week making bargains as to the chairmanships.

The reeve passed some insinuating remarks about Deputy Scott's calling as stage-driver, and remarked sarcastically that this engrossing occupation kept the deputy's mind so occupied that he was unable to take up arduous duties in connection with the town council. He (Pringle) had sought to consult Deputy Scott as to what course it would be best for the latter to pursue, but had found him hard to move to discharge his duty.

Deputy Scott asked what right the reeve had to lecture him about his duty. He (Scott) had been hounded all last week to join Pringle's ring, and all sorts of offers had been made if he would go in with the clique to control the council. This report was nothing but the work of a ring, the committees having been struck before the council met. Mr. Pringle had at first come to this council as the opponent of rings, but had already shown himself the most accomplished ringster that had ever held a seat in council. Because he (Scott) refused to join the clique which is in control here to-day he is shut out. Coun. Robson is black-listed for the same reason. He hoped the council would upset the whole thing.

Reeve Pringle said it would be better to allow the report of the committee to pass. He had considered the whole matter carefully and had selected the best men for the different chairmanships.

Coun. Robson said the hand of Mr. Pringle was apparent in the cutting out of the whole string of committees. Mr. Pringle wanted chairman for the committees who would submit to his dictation, and with the exception of Mr. Smith had not given a chairmanship to any experienced member of the council. The chairmen for this year are all boys or novices in council work. There is no quarrel between him and Coun. Smith as to who will be chairman on Streets. The matter is purely one for the council to dispose of as it pleases.

Coun. Smith agreed with Coun. Robson that personally there is no rivalry between them. It is a pity Mr. Deverell withdrew from the council, and feels sure he will not be able to devote anything like as much time to the streets, nor will he be able to turn out his horse and wagon whenever wanted, as Mr. Deverell did. If the council sees fit to name him as chairman he will do his best to discharge his duties fully and fairly.

The motion to substitute Coun. Robson's name for that of Coun. Smith was defeated, yeas—Scott, nays—Pringle, Blow, Luke and Bewell. The others did not vote.

Then the clause was passed with Coun. Smith as chairman on streets.

Later on Deputy Scott stated that he had declined the chairmanship of the fire and water committee. He felt that the reeve had only offered it to him for the sake of taking it away from Coun. Jackson, on whom the reeve desired to vent his spite.

Reeve Pringle replied that he had considered the matter very carefully and had hoped to see Mr Scott take a committee, but could not induce him to do so.

When the clause came up appointing Coun. Robson chairman of railways and manufacturers, that gentleman kicked. He said the reeve had appointed inexperienced men where there was any service to be performed, but had reserved for him this useless function. He (Robson) would not take the place. He moved that Deputy Scott's name be substituted for his.

Coun. Jackson said there was no use in standing out against the report. He believed the committee might be useful if it were in the hands of a chairman who would do something. For two years past Mr. Pringle had been chairman, but had never as much as called the committee together—at least he had never reported anything to council. Mr. Pringle had boasted his intention to consult B. B. Osler and others about this town's rights in railway matters, but nothing came of it all. Coun. Jackson wound up by urging Coun. Robson to allow the clause to go.

The reeve said that his reason for never reporting on railway matters was that the ferry scheme loomed up just as he was going to make a move, and he thought that if that scheme went through the town might secure some special advantages from the Grand Trunk Railway in settlement of our claims. This opportunity had not come round, and he had not thought it wise to act.

Coun. Robson's motion was withdrawn and the whole report adopted.

MR. FAREWELL RE-APPOINTED.

Coun. Bewell introduced and carried through a by-law re-appointing Mr. J. E. Farewell as trustee of the Whitby collegiate institute.

Coun. Bewell next introduced and carried through a bylaw appointing Mr. L. Fairbands auditor on behalf of the council, and confirming the appointment of Col. O'Donovan on behalf of the mayor.

Coun. Bewell introduced and carried through a bylaw to appoint a board of health. Messrs. Barnard, Hatch and Morcombe were appointed, with Dr. Bogart as health officer and Chief Constable Calverley as health inspector.

The council then adjourned.

WORK SPOILED

Did Not Get the Right Kind.

Why labor in vain? Why do you try to dye cotton or mixed goods with common dyes that the makers prepared for all wool goods?

Well, you are not altogether to blame; the dealer who sold you the dye, and who told you it was good for either cotton or wool, is the one who is directly responsible for your loss and failure. He sold you worthless dyes because they gave him a large return of profit.

If you had bought the Diamond Dyes made specially for Cotton and Mixed Goods your work would have been well and truly done. These special cotton colors of the Diamond Dyes are the latest discoveries of the best chemists of the world, and are far superior to all other dyes for the coloring of cotton goods.

Fast Diamond Dyes for Cotton are quite fast to light, and if you use them your carpets and rugs will be as bright after years of wear as the most expensive carpets you can buy. For dyeing Cotton or Mixed Goods, ask for Fast Diamond Dyes for Cotton; take no others.

Words of Farm Wisdom.

Mistakes on the farm may be attributed to carelessness, shiftlessness, want of system, working without method or calculation, keeping no account of business matters or transactions, doing business on the credit plan, want of proper care of farm machinery or the domestic animals and not doing the right thing at the proper time, are prime factors of ill-success on the farm. Lack of observation or attention to little details follows in the wake of haste. To illustrate: A bolt tightened or put in place, a rail or bar laid up, a door or gate closed properly may save endless trouble or perhaps the life of some animal. Good intentions will not atone for lack of system. Systematic habits once formed become the rule of action and make it easier to do the right thing at the right time.—Farm and Home.

I began to grow worse, and the pains were frequent and intense. About this time I saw South American Kidney Cure advertised as a speedy relief for all kidney troubles. I consider it worth its weight in gold, for it assuredly saved my life." Sold by J E Willis.

Rheumatism Cured

Eighteen Months Trying to Get Cured—Had the Best Doctors—He Found what He Wanted in Dodd's Kidney Pills.

Goderich, Jan. 11 (Special)—A case of great interest here just now is that of Mr. Alexander J. Sharkey, who for some time has been an extreme sufferer from Rheumatism. His statement to the correspondent is as follows:—

"For eighteen months I was a victim of Rheumatism and during the whole of that time was trying every means to cure it. I had the best doctors in Canada and took their prescriptions with faith and patience."

"I got tired at last for I found the disappointment nearly as killing as the disease."

But one friend wiser than the others convinced me that my disease must be cured by way of the kidneys and recommended Dodd's Kidney Pills.

"I have used two boxes of these pills to effect a perfect cure and I don't care who knows it."

BREAD AND BAKING.

The Staff of Life and the Men who Make it.

HOT WORK AND LONG HOURS.

Practical bakers are so exposed to extremes of temperature that it is not surprising that they often suffer from kidney and other troubles. In many cases their work at night confines them in a heated atmosphere for hours, from which they sally forth through the cold night air to their well-earned rest.

Mr. George Roberts, baker for Mrs. S. Ranahan, 257 Dundas street, gives us the following facts: "I have suffered so much for the past fourteen years with kidney disease that it gives me pleasure to tell of my changed condition for the better. I had fearful pain in the back and right side; the urine was red in color with a reddish sticky sediment, with brick dust deposit. At times severe pain in the region of the bladder, causing me great suffering and discomfort. Appetite very poor, and much troubled with sleeplessness at night. I felt tired and worn out all the time. Work became a drudgery; it was an effort to do anything. I was low spirited and discouraged. Hearing of Doan's Pills I went to Mr. W. T. Strong's drug store, London, Ont., and got one box. From the first dose I commenced to improve, and now my back and side are all right; the urine is natural in color; the sediment has disappeared; I have no pain of any kind; rest well; appetite has returned; I am stronger and better in every way; for the first time in many years I now feel that life is worth living. Doan's Kidney Pills have cured me of my long standing complaint, and I am pleased to acknowledge what they have done for me. I have not taken more than two boxes of the pills and the result is as I have stated. Previously to this I had tried nearly every kidney remedy, but until I took Doan's Pills experienced not the slightest relief.

Agitation in the world of homœpathic medicines has been its very soul of progress, as in politics and religion—the difficulties of opinion and the individuality of men have been parent to the disagreements by which the standard of these bodies have been elevated. So with most of our famous preparations—foremost in illustration of which truth stands the world-famous remedy to general debility and langour "Quinine Wine,"—and which, when obtainable in its genuine strength, is a miraculous creator of appetite, vitality and stimulant, to the general fertility of the system. Quinine Wine and, its improvement, has, from the first discovery of the great virtues of Quinine as a medical agent, been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrop & Lyman, of Toronto, have given to the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which skilful observation and scientific opinion has pointed out in the less perfect preparation of the past. All druggists sell it.
