This is a subject calling for legislation. Last winter a de putation of bakers waited upon him, as head of the department which controls the labor bureau, and explained to him the abominable conditions under which they wrought, and under which the bread supply of a great city was being produced. The work was being done in poorly lighted and poorly ventilated basements, which were badly drained. In some instances there was so much water and mud in these basements that thick planks had to be laid down for the hands to walk upon. Rats infested the places and often tumbled from the sleepers above on the dough. The men were not even provided with towels to wipe their sweaty faces, and the drops of perspiration fell into the dough. Under such conditions they worked from ten to eighteen hours a day, according as the heartlessness of their employer led him to be more or less exacting, for if one man would not suffer the miserable conditions imposed he knew another would be obliged to for the sake of obtaining provision for the dire wants of his family. The Presbytery of Whitby met last Tuesday in the lecture-room of Simcoe-st ed for the occasion, the presbyterian hurch being wholly occupied by the Whitby Presbyterial (W.F.MS.) which held its annual meeting the same day. After devotional exercises, conducted by Mr John Radford, the Rev R Whiteman BA, was elected moderator for the en suing year, as successor to Rev J B Mc Laren. Remits from general assembly were considered, Presbytery approving of the proposal to reduce the number of commissioners to general assembly from one-fourth, as now, to one-sixth the num ber of ministers and an equal number of elders. Presbytery also agreed to recon mend the abolition of the billeting sys tem, and the institution of a fund to de fray actual necessary travelling expenses of commissioners to and from assembly and that a local committee collect and as will assist them in finding suitable ac commodation during the meeting of as sembly. Irresistible Proof That There is a Cure for Diabetes. The following sworn statement is the best

proof that diabetes is not incurable, and that there is a remedy which will cure it. Ontario, County of Carleton, to wit: I, Charles Moss, of the City of Ottawa, in the County of Carleton, Blacksmith, do hereby

solemnly declare as follows:

1. I reside at 180 Bell Street, in the said City of Ottawa. 2. For the past fifteen years I have been a great sufferer from kidney disease; among the

prominent symptoms of which were severe pains in my back, hot flashes extending from the base of the spine up between my shoulders, dizziness, headaches, etc. I was in a bad state generally and suffered great agony at times. The intense pain prevented my sleeping, and I seemed to get worse continually. The doctors who were called in pronounced my disease diabetes, but their treatment did no good, and they held out but slight hope of my recovery. I was then so far gone with the disease that I could not turn in bed without help. My urine was of a dark wine color, and full of sediment. 3. I took all kinds of medicine, but without

However, I started taking them, and they struck the right spot at once, and I com-menced to get better. From that time on improvement was continuous until I am now, after five weeks use of Doan's Kidney Pills, entirely free from pain of any kind. The urine is natural, and I am now working right along

5. It is a great source of pleasure for me to testify to the world of the curative powers of Doan's Kidney Pills, and I make this solemn declaration conscientiously believing it to be
