

Almost Passes Belief

Mr. Jas. E. Nicholson, Florenceville, N. B., Struggles for Seven Long Years with

CANCER ON THE LIP, AND IS CURED BY

AYER'S Sarsaparilla

Mr. Nicholson says: "I consulted doctors who prescribed for me, but to no purpose; the cancer began to

Eat into the Flesh,

spread to my chin, and I suffered in agony for seven long years. Finally I began taking Ayer's Sarsaparilla. In a week or two I noticed a

Decided Improvement.

Encouraged by this result, I persevered until in a month or so the sore under my chin began to heal. In three months my lip began to heal, and after using Ayer's Sarsaparilla for six months the last trace of the cancer disappeared."

Ayer's The Only Sarsaparilla

Admitted at the World's Fair.

AYER'S PILLS Regulate the Bowels.

CORRESPONDENCE

STOUFFVILLE
A sleighload of people from Whitby together with neighboring friends assembled on Tuesday evening at the home of Mr. and Mrs. Albert Allan, Bethesda, to celebrate the tenth anniversary of their wedding. After partaking generously of the palatable bivalves the company gathered in the parlor when Mr. and Mrs. Allan were presented with a beautiful hanging lamp. Games and music were indulged in during the evening and all departed wishing the highly esteemed couple many returns of the occasion.

Fire Insurance

There is every probability that the Fire Underwriters Association will at once considerably increase insurance rates in places which have inadequate appliances for extinguishing fire. Stouffville is exactly in this position and if our present high insurance rates are increased, perhaps it will make us take a keener interest in the matter. We have had no great conflagration for years, but we are in such a position that this misfortune might come upon us at any time. The matter of fire protection has been discussed and adversely voted upon and all the interest in it relegated for some time to the region of forgetfulness. Low rate of taxation is very agreeable to us all, but a much higher insurance rate and a possible few fires might make us come to the conclusion that we are "paying too dear for the whistle." The matter of water-works, or what ever system of fire protection is advisable, should receive due attention by our council and also by every interested ratepayer. One thing is certain some thing should be done almost at once to place property in a more secure position as regards fire.

We understand that a move was made in the equalization committee of the county council to increase the assessment of Stouffville \$8,000. It would be well if the members of this committee had some correct knowledge of the assessment of the different municipalities. We are satisfied that property in Stouffville is on the average assessed as high as in any other municipality and much higher than in some. There may be an impression in the minds of some members of the above mentioned committee that business is booming in this town and that real estate here is as good as a gold mine. They ought to invest in business and try it for a few months, they would then see that Stouffville business men do not roll the dice into their pockets any faster than business men in other towns. The county council should move carefully and with full knowledge of the circumstances before raising assessments as it was proposed to raise that of Stouffville-Tribune.

A gigantic departmental store, to be styled the Million Dollar Store, is being projected in Toronto. It will employ 2,000 hands. The proposed site is the north-east corner of Yonge and Queen streets, extending to Victoria street.

We understand the Beaver Match Co., who are desirous of locating their factory in our enterprising town, have been corresponding with the council and asking for a \$2,000 bonus, they guaranteeing to employ 30 hands. The council have replied stating that they would grant them free taxation for 10 years and would also see that they were given a free site, but could not grant them any bonus. We would be glad to see the Beaver Match Co. locate in our midst and hope they may see their way clear to accept of this offer.—Free Press.

WONDERFUL.

Piles Cured in 3 to 6 Nights—Itching, Burning Skin Diseases Relieved in One Day.

Dr Agnew's Ointment will cure all cases of itching piles in from 3 to 6 nights. One application brings comfort. For blind and sleeping piles it is peerless. Also cures tetter, salt rheum, leprosy, barbers' itch, and all eruptions of the skin. Believed in a day. 50 cents. Sold by J. E. Willis.

OXBRIDGE.

"Woebegone," as the boys have named it, received a quota of new settlers from here last week, Alex Skene and family and his nephew, Robert Skene. There is no better class of men than the Messrs Skene for a new country. They are not only practical and industrious farmers, but are first-class citizens in every respect and will be a credit to any community. Wabigoon has been fortunate in the men it has drawn from here and we hope our former residents will all be abundantly rewarded for their enterprise in that new section.

XX rays in Court.

A verdict for \$800 was given last week in the suit of a boy named Dennis Call against the Toronto Street Railway Company. Mr. Laidlaw, Q.C., acted for the company. Mr. V. McBrady, one of Toronto's cleverest young lawyers, conducted the prosecution for the boy. Dr. Amyot, the plaintiff's attending physician, gave minute evidence as to the injuries to the boy's foot, and a photo of the foot by the Roentgen rays was produced to prove the injury. The defence objected to the photo as "a new thing in court." Judge Robertson said it was but it was also common sense and he would allow it. The defence then wanted time to secure some photos, but the judge said they should have been prepared, like the other side.—Journal.

BROUGHAM

Mrs. W. Wilson is ill again.

A load from here attended the social at Joseph Laughlin's the other evening.

Mrs. D. Dafoe has returned from spending a few months with Meaford friends.

A large party took place at Mr. W. Matthew's residence on Friday night, at which there were present about fifty couples. A splendid night was spent.

Mrs. A. Wilson, of Columbus, nee Miss Annie Stephenson, died very suddenly the other day from some form of inflammation. Deceased was well known here in her maiden days.

Henry Elson, an aged and respected resident of this township, died at the residence of Jos. Burk on Sunday. His remains were interred at the Christian cemetery on Monday afternoon.

Miss Annie Hargrave, who has been in Toronto for some time, died suddenly on Monday of pneumonia. The funeral took place on Wednesday, when the interment was made at the Christian cemetery here. The bereaved mother and friends have much sympathy in their sad and sudden bereavement.

A Trio of Afflictions.

VARIED AGONIES FOR LONG YEARS.

4 Man of Seventy-four Years Feels Young Again.

Paine's Celery Compound Gives Him New Blood, Activity and Strength.

The Great Medicine Removes his Troubles and Burdens.

His Cure Vouched for by a Justice of the Peace.

Mr. Thomas R. Baxter, of Yardsdale, N. S., aged 74 years and fast, nearing the grave from a terrible complication of diseases—erysipelas for 40 years, bleeding piles for 15 years, and sciatic rheumatism for over a year—was rescued from torture, agony and death by Paine's Celery Compound after all other means had failed.

After reading the following statement, vouches for by a Justice of the Peace, how can any sane man or woman entertain doubts as to the curing virtues of the above mentioned committee that business is booming in this town and that real estate here is as good as a gold mine.

Mr. Baxter writes as follows:

"I desire to let you know about my wonderful cure by your precious medicine, Paine's Celery Compound."

"I was afflicted by three complaints that made my life a misery and a burden. I had erysipelas for 40 years, bleeding piles for 15 years, and sciatic rheumatism over a year.

"I tried the doctors and all kinds of medicine, but no help or relief was afforded me and I could not eat or sleep well.

"I was then advised to use Paine's Celery Compound, and oh, what a mighty change! The use of the first bottle enabled me to eat and sleep, and after using seven bottles I was quite another man: was perfectly cured, and felt young again.

"All that I have written can be proven by merchants, doctors, magistrates, and by three ministers of the gospel, and by scores of other people. I shall always thank you and your wonderful medicine, Paine's Celery Compound."

"I hereby certify that Paine's Celery Compound has made a well man of Thos. R. Baxter."

JAMES H. THORNE, Justice of the Peace.

SUNDERLAND.

We hear that old Mr. Burke is confined to his bed.

Mrs. Jones, late postmistress, is visiting friends in Sunderland.

Mrs. Harry Glendinning is recovering from a severe attack of inflammation.

Mr. Alfred Thompson has bought out Mr. L. Pangman's general grocery store.

We see load after load of cattle, hogs and sheep shipped away. Mr. Beall appears to have plenty of money and he is seen to scatter it among the farmers. We see farmers from Sutton bringing their stuff here.

"Back to do not occur in the blood or in the tissue of a healthy living body, either of man or the lower animals." So says the celebrated Dr. Kook. Other doctors say that the best medicine to render the blood perfectly pure and healthy is Ayer's Sarsaparilla.

MUNYON PRAISED.

Druggists Everywhere Speak in The Highest Praise of His Cures

DOCTOR YOURSELF.

Facts of Actual Cures Have Dispelled all Doubts of Munyon's Treatment.

Munyon cures. His remedies—to be had of all druggists—cure.

Thousands of people have found it so. Thousands of sufferers have taken Munyon's improved Homoeopathic Remedies have a world-wide reputation. Why? Because they are cured. Because they have relieved and positively cured thousands of sufferers when every thing else has failed.

Canadian physicians have never endorsed, never welcomed, never grasped such a grand opportunity as Munyon offers.

They manifest these facts in many ways: in the stores, on the cars and in the streets you hear the same significant words—MUNYON CURED ME!

Mrs. S. L. Baldwin, Buckingham, Ontario, says: "I was a great sufferer from catarrh and blood disease for over two years. I could not do any work. Most of the time confined to my bed. Had terrible pains every day. Running ulcers broke out and were not healed for many months. The trouble was accompanied by sore throat, and even my mouth became full of ulcers. In fact I was a confirmed invalid. The village doctor gave me medicine and garbles, which did me no good. He then advised me to go to hospital where I was treated by five doctors, but when I got home I was worse than ever, and confined to my bed. No appetite and completely prostrated. I finally began the 'court' opened in due form. Able counsel defended the prisoner, and a learned Q. C. looked after the interests of the crown. The arguments on both sides would have done credit to the most erudite disciple of Blackstone. However, the evidence against the prisoner was of the most convincing character, and the 'jury' found him guilty without leaving their seats. The 'magistrate' in delivering judgment read the prisoner quite a lecture on the enormity of his offence, and sentenced him to ten days at hard labor cutting wood for the man he had assaulted, the work to be performed forthwith. He immediately set about performing his task, thankful it wasn't seven years at Kingston, and as we go to press the job is about finished. Unless he reads this item he will never know but that he was tried and sentenced by a court of competent jurisdiction.

Gold in the North Country.

There is evidently a good-sized mining boom in store for the north country, which only awaits the coming of spring to develop. Last week the Watchman mentioned the progress that is being made at Sootheran Bradshaw gold mines in Glamorgan township, Haliburton county, and now we learn that gold has been discovered on the adjoining property, and also a rich vein of copper in an adjacent lake, not far from the shore.

Mining experts from the east have visited the locality and have opened up several "showings." They have located what they believe to be the same rich vein as that which runs through the Sootheran Bradshaw property. Workmen are now employed in drilling, and dynamite is being used to open the ledges on the island referred to above. The indications, we are told, are very promising indeed.—Watchman.

A separate cure for each disease. At all druggists, mostly 25c a vial.

TREATMENT BY MAIL.

Write Prof. Munyon 11 and 13 Albert St., Toronto, for advice, which is absolutely free. The most obstinate cases successfully treated in strictest confidence. "Guide to Health," FREE.

AUDLEY

(Too late for last issue.)

Some of our farmers attended O'Leary's sale in Pickering on Saturday.

Mr. and Mrs. Neal, of Kinsale, called on Mr. and Mrs. Bray here recently.

Mr. Wess Gee and Miss Etta Gee with her friend, Miss Page, spent Sunday at the home of the former's parents here. Miss Gee is having great success as a teacher of the "Concord of sweet Sounds" in the city. How did it be otherwise? No 5 always turns out No 1 pupils.

Birth—On Sunday, Feb. 7th, the wife of Mr. Walter Bray of a son. The infant only lived a few hours.

Miss Lottie Trull and friend, Miss Kerr, of Toronto, called on friends here last week. A few from here were entertained at her home lately and spent a very pleasant evening.

Mr. Sam. Bray has bought the residence in Claremont lately occupied by the late Mr. Pugh and will move there in the course of a month or so. We are glad Mr. B. decided to stay in calling distance.

Again we are called upon to record the doings of the altar. Hygiene is being adored in abundance in this neighborhood. On Wednesday afternoon last at 8.30, Miss Susan C. McQuay was united in wedlock to Mr. Robt. E. Johnston, of Greenwood, by the Rev. A. McAuley, B.A., of Pickering. Mr. W. McAvoy acted as bridegroom's supporter while Miss Lillian Bray helped the bride through the ceremony. Only the immediate relatives were present. The happy couple left on the evening train for Paris, where they spend their honeymoon. We congratulate Mr. Johnston upon his choice and wish both unbond joy. We envy him in his choice, Miss McQuay being one of our very best girls. They will reside in future on their front road farm, the late McKay farm. Miss McQuay is the only daughter of the late Thos. McQuay, who was highly respected here. Mr. Johnston is the son of Mr. Arthur Johnston, of Greenwood, our county councilor elect, and grandson of the late Squire Birrell, well known as a former light of our municipality.

CLAREMONT.

Graham Bros. shipped a car load of horses from here Thursday week, most of them being intended for the English market. A splendid animal was purchased from John Patterson, that weighed about 1700. He was one of the best horses ever owned in this township, and realized his owner's handsome figure.

Again our hockey boys have shown to the world that they are not acquainted with defeat. Friday evening the Stouffville club came over with the masses of snow determination deeply furrowed upon their brows. After a very hard game the score stood 5 to 3 in favor of Claremont.—News.

"By a mere accident I came across Dr. Agnew's Catarrhal Powder. I was a great sufferer from that dread malady catarrh. To-day it gives me unbounded pleasure and cause for suffering humanity's sake that this wonderful remedy effected a speedy and permanent cure in my case, and I am very thankful for it. I am willing to spend the remainder of my days in spreading the news to my fellow sufferers." Said by J. E. Willis.

Accidents Will Happen.

But This Time it was a God-give to Mr. John Brown, a G. A. R. Veteran, of 2446 Marshall St., Philadelphia—Dodge Shot and Shell in the Interest of His Country, only to be attacked by that Insidious Disease, Catarrh—but Dr. Agnew's Catarrhal Powder Cured and Permanently, too—This is What He Says:

"By a mere accident I came across Dr. Agnew's Catarrhal Powder. I was a great sufferer from that dread malady catarrh. To-day it gives me unbounded pleasure and cause for suffering humanity's sake that this wonderful remedy effected a speedy and permanent cure in my case, and I am very thankful for it. I am willing to spend the remainder of my days in spreading the news to my fellow sufferers." Said by J. E. Willis.

For Twenty-Six Years

A Case of Diabetes

No Help from Medical Men—Suffered for Many Years—Cured by Dodd's Kidney Pills.

North Bruce, Feb. 15th. (Special)—An old and well known settler in this township, named Thomas Brooks, who lives on lots 7 and 8 in the 14th concession is rejoicing with his neighbors over his recent recovery, after a long and painful illness.

He was suffering from the effects of Dodd's Kidney Pills and as nothing else ever helped him, he says they saved my life."

"I had tried all the doctors of this locality and was treated for Diabetes hoping and fearing for years."

From reading of cases I determined to use Dodd's Kidney Pills and I must say that after using the first box I was soon relieved and soon recovered.

"I am now eating anything I want and feel strong and healthy again."
