Premier Hardy's proposed measure affect ng town councils will reduce the Oshawa council from 16 to 11 numbers. It will reduce that of Whitby and Bowmanville to 7 mem pers. In Oshawa each ward will elect a nen, and the whole town will elect two coun cilors and a mayor. In Whitby the whole 6 councilors and the mayor will be elected by a general vote of the whole town. There will be no more reeves or deputy reeves in councils, except in villages or townships which have no mayors and must have a reeve but no deputies.

He will be sentenced if he comes back.

UXBRIDGE. Seizure of Fish.

On Monday, Deputy Game Warden Frankish seized and sold by public Ditt auction a number of salmon trout brought to town by a women from Pellerlaw named Mrs. Henry Godfres. The fish had been speared in Lake Simcoe, and were brought to town to sell to our local dealers. A number o citizens thought Mr. Frankish in the wrong, but he shows us the following authority for his actions: Sec. 30, Chap. 32, R. S. A great deal of sympathy was expressed for the woman, who seemed to be in poor circumstances, but we are in formed that another section of the ac gives the commissioner power to refund the amount received by him for the fish. The trout were beauties and were sold very cheaply. This case ought to be a

The proposed change in the municipal act will provide for two councillors to be elected by the whole town, but will perpetuate the pernicious ward system with all its recognized evils.
