Major Sam Hughes M P, said some months or so ago the Conservatives had divided the Province into districts f r purposes of organization, and he had been selected as chairman of the Midland district. He is confident that had the Conservative government been sustained Mr Smith would have been Minister of Agriculture ere now. He raid Provincial politics would in a year or two become prominent, as an election would take place. The local government as at present constituted is in the hands of a number of very ordinary men, since Messrs Pardoe and Frazer had died and Mr Mowat had gone to Ottawa. The Ontario Government was carried on for the sole purpose of providing money enough to pay the salaries of the 3000 officials which had been appointed in all parts of the Province, and whose sole business is to perpetuate Grit power. Every child or boy or girl who wishes to pass an examination in school has to pay \$1, or \$3, or \$7 to the government and its countless horde of satraps, until last year \$33,000 was drained out of the cause every pupil there can be laid under pockets of poor students to swell the fund. ### A HERO OF MAGDALA.

A Chat With a Veteran Who Was in the Memorable Battle

British valor is the theme of many a thrilling story and stirring song. Mr. Geo. Kingston, of 136 John street north, is one of Hamilton's best known veterans. A man of martial bearing, magnificent physique and genial personality, he is a splendid representative of the best class of British soldier. To our reporter Mr. Kingston readily gave an interview. With all the pride of a citizen of that empire on which the sun never sets, Mr. Kingston said: "I am a Devonshire man, born near the banks of the Teign. I entered the British army at 19, and served fourteen years in India. Was through the Abyssinian campaign, and fought at the storming and capture of Magdala, King Theodore's stronghold. Here the king and hundreds of his army fell. Napier, the 'Hero of Magdala, was created Lord Napier of Magdala for his splendid services. After this I returned to Old England, remaining about five years, when I was again sent to the sunny south until my 21 years' service was nearly up. That is the place to get kidney and liver troubles, and I was no exception. I was sent as an invalid to the Netly Hospital for invalid soldiers, and for months was a suffering inmate, finally being discharged as a hopelessly incurable invalid. Two years after I sailed for Canada, and have suffered more or less ever since from the constant misery that kidney trouble entails. Piercing pains in the back, headaches and urinary difficulties were seldom absent, so that when I noticed Doan's Kidney Pill advertisement I got a box from Zimmerman's drug Relief came from the first few doses, and before I had taken two boxes, the pains had left my back and I felt like a new man. consider Doan's Kidney Pills a wonderful medicine, the more so because my complaint would not yield to the skill of the best physicians in one of the greatest hospitals in Queen Victoria's
