# AYER'S Sarsa-parilla

A MEDICINE

## WITHOUT AN EQUAL.

Statement of a Well Known Doctor

" Ayer's Sarsaparilla is without an equal as a blood-purifier and Spring medicine, and cannot have praise enough. I have watched its effects in chronic cases, where other treatment was of no avail, and have been astonished at the results. No other blood medicine that I have ever used, and I have tried them all, is so thorough in its action, and effects so many permanent cures as Ayer's Sarsaparilla."-Dr. H. F. MERRILL, Augusta, Me.

#### Aver's The Sarsaparilla Admitted at the World's Fair.

Ayer's Pills for liver and bowels.

#### CORRESPONDENCE

--0:::0---LINDSAY.

Thursday evening last two young lad ies from Janetvil'e were returning from a shopping expedition to town. When the embankment at the south end of the Ops swing bridge was reached they met a couple of incoming wood teams, and in will not use the railway at all when endeavoring to pass these the young lad ies drove their cutter so far into the ditch that the borse was unable to reach the level road again. During the animal's plunges one of the ladies was thrown out, but happily did not sustain any serious injury. The drivers of the wood teams gallantly came to the rescue, and carried the cutter and its precious load out of the ditch, being amply repaid by the sweet

Cheap horses are sometimes dear ones in the long run, as a resident of the Bolsover section found out to his sorrow the other day. He got what he considered a "snap" in a horse for \$5, and as evening Friends and Relatives approached the animal was placed in a shed, together with a sheep and calf The night turned very cold, and as the shed contained about as many cracks as boards the poor animal laid down for rest and warmth. In the morning when the owner came to inspect his prize he found it dead and frozen stiff. The sheep and the calf were also dead, the noble ing the night. A horse that is worth buying should be worth taking care of and housing properly.

son of Mr John B Thurston of Dunsford was drawing a load of wood to Mr John Burgess, when he met with a bad acci dent. Just as he was driving down on to the ice his sleigh struck a a pitch hole, which caused such a severe jolt that the front end of the rack broke, pitching Mr Thurston forward onto the whiffletrees and letting the wood fall forward. A this critical juncture the horses attempted to run away, when Mr Thurston was caught under the sleigh and dragged for some distance. Fortunately the sleigh collided with a stump, which liberated the young man from his perilous position. A companion who was with him went to his rescue, and found that one of his legs was broken. He was removed to the residence of Mr Burgess, when medical aid was summoned and the fracture reduced.

On Wednesday evening last a number of men working on the canal at Kirkfield had a narrow escape from being blown into kingdom come in very small pieces. rough shed, sits-or did before the ex coats and extra clothing while at work were uninjured. The engineer mirac ulously escaped unburt, but his chestnut locks are now said to be tinged with grey Dynamite is supposed to be the cause of the disaster.-Watchman.
