The bereaved family have the sympathy of the people.

The annual meeting of the teachers and officers of the Sunday school was held Monday night. There was a good attendance and a great amount of business. The scholars and teachers will now have to get there by nine o'clock so as to get through with the lesson in time for the services. The following officers and teachers were elected: Supt., W. Now that another election becomes necessary to fill the vacancy in our township council, would it not be a graceful act to allow Mr. T. E. Cragg (who made such a plucky fight at the last municipal election) to fill the vacant seat for the balance of the year, and save the township the expense and annoyance of another election. Mr. Cragg has the ability to fill this or any other office in the gift of the township with credit to himself and satisfaction to the municipality.

The milk producers of York county won a victory last Friday. A lengthy deputation protested against compulsory inspection of milk cows at the owners expense, and as a result of their representations Premier Hardy said the operations of the law would be for the present suspended.

The new horse law has been so amended as to meet with general approval from a great many. The pan pursued in this province has been to pass a fairly strong act which would please the temperance party, and then to appoint men to administer the act who did not want to see the liquor trade destroyed. As long as the liquor interests had sufficient influence to continue this practice, they need not care very much what kind an act is passed. A stringent measure which there is no attempt made to enforce is not of as much value to the temperance cause as a loosely drawn act which is strictly administered.

Our farmers have sent out some fine stock this winter in the shape of pigs and sheep. We believe there is still left some excellent cattle.

As this is the time of the year for farmers to secure help for the summer months, we may say our worthy men of that profession have a good sample.

Mr. and Mrs. Rodd and family entertained a goodly number of young people on Friday night last. All kinds of games were indulged in and all enjoyed themselves.

Stephenson Bros. lost a valuable horse last week. Veterinary Waring was in attendance and did all he could to save life, but he held out but very faint hopes from the first. Inflammation, we understand, was the disease.

E. W. Wice has moved his family into Kinsale. They will reside for a short time with the Smiths. Mr. Wice intends going to Dryden about 1st April. He has purchased 350 acres of land in that district and intends locating there permanently.

Mr. Joseph Harbron has moved to Salem Corners and occupies the house known as the Smith estate. In the absence of Mr. Richardson he has been appointed caretaker of the Salem cemetery, and will perform the duties of grave digger, etc., on short notice.

Mr. Thomas Neal and family, who have lived here for the last ten years, have moved southward to the Ross farm 1 1/2 miles from Audley. This family leave us with the deserving respect of their many friends. They have proved to be most industrious, honest, worthy citizens, and we regret to lose such a useful family, but join with their many friends in wishing them abundant success.

Rev. McDonald officiated here on Sabbath. His remarks dealt principally on amusement, rest, etc., in connection with the Christian life. He verily believes if a person is a thorough good living Christian they will not waste any time considering which of these questionable games are most profitable, but will fully devote their time and talents to the service of God. Mr. McDonald dealt out the whole truth as it presents itself to him from the Holy Word. The choir was not as large as usual.

The chicken pie social under the auspices of the epworth league given at Mr. Thos. Neal's on Wednesday evening of last week was a grand success considering the state of the roads. Each and all were amply supplied with the luscious chicken pie, and cakes of No. 1 quality were plentiful. A fine program was rendered, R. W. McAvoy ably filled the chair, and Rev. McDonald made a neat little address. Some suitable music was provided by J. W. Salton. Recitations, in part, in the programme were the reading of an address by the chairman to Miss Maggie Neal and the presentation of an easy chair and table, being a slight token of the high appreciation her associates in the ladies' auxiliary lodge viewed her untiring zeal to prompt the best interests of humanity, and build up the cause of right at all times. Miss Neal replied in feeling terms thanking her friends for the recognition of her efforts, and of course the whole matter was a surprise to her. We know of no person more deserving at the hands of the public in and around Kinsale than Miss Neal. She was always foremost in her most earnest efforts to elevate the moral and build up the cause of right. Her removal from Kinsale has left a blank that will not be filled for some time to come. She was an excellent acquisition to the S. S. and church.

We are having a series of the best revival meetings ever held at Bethel. Some where about 50 persons have come out as seekers of salvation, and while perhaps there may be some chaff among the wheat, yet we are satisfied there are a great many genuine conversions which will live to the glory of God. We cannot say too much in praise of our minister Rev. Mr. Wetherall for his earnest labor among us.

The last victim to Manitoba fever is Mr. John Coates. He caught it while assisting Mr. Weir last week and the attack is so severe that he is preparing to leave this, his native town, in a few days with his family en route for Carleton Place. He intends having a sale on Saturday next.

They will be missed very much, and their places will be hard to fill. We hope the fever will abate soon or there will soon be free range land around Shirley.

Mr. Wm. Weir also packed up in hot haste last week and before any of us were aware of it he was sending a car to Myrtle bound also for the north-west. He has removed his wife and family to Columbus for the summer while he goes out to search for wealth in the prairie country. We are sorry to lose the family from our midst as Mrs. Weir especially was a general favorite with everyone, genial and kind hearted and ever ready to do her part in every way. We learned that Mr. Frank Orchard also suddenly packed his valise and joined the army of emigrants who are seeking their fortune in a new country. His family expect to him after a while.

We are sorry to report the death of Mr. Thos. Espin our esteemed and faithful old mail carrier, who died early on Friday morning from congestion of the brain caused by a fall on the ice about two weeks before. Deceased had carried our mail bag to Port Perry and back for seventeen years and a half and was a faithful trustworthy servant in Her Majesty's service. In one of the 50 years ago when no other mails went for many miles around he walked and carried the bag, and his familiar face will be badly missed among us. He was 70 years 6 months having lived the allotted time for man. He leaves behind him a sorrowing wife, five sons and daughters who have the heartfelt sympathy of the neighborhood especially the poor widow who has been nearly blind for a number of years.

The young ladies' hockey teams of Uxbridge and Port Perry played a game of hockey in the Central rink here last Friday evening resulting in a tie 1-1. The play was quite interesting during the game, the ladies adopting some of the tactics of the stronger sex in their playing.
