

Rambling Reminiscences.

(WRITTEN FOR THE CHRONICLE.)

(Continued.)
My first recollection of school was in 1847, when mother took myself and next sister to school and gave us into the care of the teacher.

Although there was not such a multitude of studies as at the present day, still they were thoroughly taught, and a good foundation laid for usefulness in any sphere.

Among those who were early in the field practising the healing art was Dr. Gunn. He settled in Whitby, then Perry's corners, at a very early date in its history.

An Honest Profession, When Convicted of Merit, Speaks:
Every dentist, without exception, who has thoroughly investigated "Pheno Bannu" ("Quickcure") endorses it, and prescribes its use in emergencies for all toothaches.

Funny Things.
"Hear about Flemming's wife? She hasn't said an unkind word to him for nearly a week."

Pain-Killer.
A Safe and Sure Remedy in every case and every kind of Head Complaints is Pain-Killer.

Heavy Losses and no Insurance.
The women of Canada lose thousands of dollars every year by having valuable garments and goods ruined by adulterated and imitation package dyes.

(To be Continued.)
Mrs. E. B. Garneau, wife of President, Quebec Board of Trade, writes: "Quickcure has always given instant relief to my children."

GOLD FOR CYCLISTS.

Amateur Riders are Offered Gold Bricks for Winning Races on Red Bird Bicycles Fitted With Electric Tires.

With their characteristic enterprise the Good Bicycle Co., Ltd., of Brantford, are offering amateur riders exceptional inducements to win races during the coming season on Red Bird bicycles fitted with Electric Tires.

A \$500 gold brick is offered to the amateur who will win three out of five of the Canadian championships.

To the rider who wins the most races sanctioned by the C. W. A. another \$500 gold brick will be presented, while a \$250 gold brick will fall to the lot of the rider who scores the largest number of C. W. A. victories.

Aside from the splendid prizes given, the fact that four out of five of the Class B championships of '95 and four out of five of the professional championships of '96 were won by Red Bird riders should tend to make this staunch and speedy Canadian wheel immensely popular with amateur riders.

In addition to this and of a more recent date, however, the Red Bird has met with wonderful success in Australia, Martin and Kellow virtually sweeping everything before them, the latter winning as high as \$2,500 in two weeks, the actual time of racing being in the neighborhood of fifteen minutes.

Mrs. R. H. Smith, wife of President, Quebec Bank, writes: "Quickcure" stopped toothache and its use prevented any further trouble during a trip to Europe and back."

A PREACHER'S STORY.

Like Other Mortals he fell Victim to Disease. Dr. Agnew's Catarrhal Powder was the Agent which Restored him to Health and he Gladly Allows his Name to be used in Telling it that Others may be Benefited too.

Rev. Chas E. Whitcombe, Rector of St. Matthew's Episcopal Church, and Principal of St. Matthew's Church School, Hamilton, was a great sufferer.

Among those who were early in the field practising the healing art was Dr. Gunn. He settled in Whitby, then Perry's corners, at a very early date in its history.

Dr. Fote came into the field when the country was only partially cleared, corduroy roads, log shanties and fields covered with stumps was what the country presented.

While people are almost crazy to get to Rossland or some other part of a remote wilderness to find mines and gold, we see by certain papers that we can find precious metals near home—

A \$500 Gold Brick to the amateur who will win three out of five of the '97 Canadian amateur championships, on a Red Bird, fitted with Electric Tires.

A \$250 Gold Brick to the rider of a Red Bird, fitted with Electric Tires, who wins the second largest number of amateur races sanctioned by the C. W. A.

This makes three gold bricks, the actual value of which is \$1,250. It is specially requested that all wins be promptly reported, so that a correct account may be kept.

Mr. Wm. Taylor, of Kentville, ed With Kidney Trouble. Called Cures Proved Useful. Dr. Williams' Pink Pills. From the Kentville Advertiser. There are very few employ more trying to the health than railway engineers. The hours are frequently long, meals irregular and sleep hurriedly snatched.

Mr Taylor is an engineer on the Dominion Atlantic Railway, his run being between Halifax and Kentville, and one of the most popular drivers of road. When asked by the reporter concerning his illness he said: "It was spring of 1896 that I had a severe attack of kidney trouble, brought on by tenuous running on the road, and the loss it is caused by the oscillation of locomotives. It affected me but slightly at first, but gradually grew worse, until I consulted a doctor and then tried three varieties of so called cures. helped me for a time, but after stopping the use of them I grew worse than I had noticed numerous testimonial papers concerning Dr. Williams' Pink Pills, and reading of one cure was almost identical with my own. I decided to give them a trial, and purchased four boxes at a cost of \$2. But \$3 well spent, for I was completely cured by the use of the pills, and I can therefore be affirmed that others similarly afflicted."
