

Common

Affliction Permanently Cured by Taking

A CAB-DRIVER'S STORY.

"I was afflicted for eight years with Salt Rheum. During that time, I tried a great many medicines which were highly recommended, but none gave me relief. I was at last advised to try Ayer's Sarsaparilla, by a friend who told me that I must purchase six bottles, and use them according to directions. I yielded to his persuasion, bought the six bottles, and took the contents of three of these bottles without noticing any direct benefit,

Free from Eruptions

my hands were as

as ever they were. My business, which is that of a cab-driver, requires me to be out in cold and wet weather, often without gloves, and the trouble has never returned."- THOMAS A. JOHNS,

Before I had finished the fourth bottle,

Admitted at the World's Fair.

Ayer's Pills Cleanse the Bowels.

WAS SLOWLY DYING.

THE RESULT OF AN ATTACK OF LA GRIPPE AND PNEUMONIA.

The Strange Case of Mr James Owen, of Feed this for a week or ten days, baking centres. Sold by J E Willis. Johnville -- Doctors Told Him Hi Lungs Were Affected and He Could Not Recover - Now in Good Health.

I rom the Sherbrooke Gazette.

When a man faces what medical au thorstes tell him is certain death, and regains health and strength, he is natur restored him Such a man is Mr James Owen, one of the best known farmers in the vicinity of Johnville, Que. Mr Owen tells his story of shattered health and renewed strength as follows: "On the 17th of December, 1894, I was at tacked with la grippe. A week later the trouble developed into pneum ma in its worst form, and I did not leave my bed until the first of March, 1895, and then I was so weak that I was unable to walk alone All winter my life hing in the keep them scattered or colonized. balance. Summer came and I was still weak and feeble, though with the warm weather I gained a little strength TORTURED AND HELPLESS. I had, however, but very little power in

my legs, and I could not ride a mile in a buggy owing to the pain they caused My lungs also troubled me and I raised a great deal of matter. I then consulted the best doctor we have in this section of the province. He told me candidly that I was past medical belp. He said my left lung was in a state of collapse, and that my right lung was also affected. This was in July 1895. For the next three months, every day seemed to draw me nearer and nearer the end. I was so pressed for breath at times that I could not walk any distance without stopping to regain it. In the month of November I began to take Dr William's Pink Pills. It was certainly a forlorn hope and I admit I did not expect much benefit from them, but took them rather to please a friend who urged me to do so I believe I was surprised when I found they were helping me, for I thought I was beyond the aid of medicine, but help me they did, and I gladly continued their use. The result is they have made a well man of me. I have not a pain about me, my breeth comes as freely as it ever did, and I am strong and vigorous. My case can be briefly summed up in a few words. Dr Williams' Pink Pills have given me a new lease of life and I am glad to let everybody knew it.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink). Bear in mind that Dr. Williams' Pink Pills are never sold in bulk or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so called blood builders and nerve tonics. put up in similar torm intended to deceive. They are all imitations whose makers hope to reap a pecuniary advanachieved by Dr. Williams' Pink Pills. ing track of the year's transactions. How was a good cathartic, meaning, of course, such Ask your dealer for them.

These Pills are manufactured by the Dr Wi'lam's Medicine Company Brock-Dr Wi'liam's Medicine Company Brock- etc? This is an important matter and Hamilton has decided upon August 5th as ville, Ontario, and Schenectady, N. Y., should not be neglected. > Frank A Gadbois, Cornwall, Ont. ' was for several years a great sufferer from indigestion, dyspepsia and nervousness. I took many -cmedies without any relief. I saw Sout American Nervine advertised. I procured a bottle, medicine I ever used, and I strongly re commend it to anyone suffering as I did. A few doses wonderfully helped me, and two bottles have made a new man of me.' It cures by direct action on the nerve

This is receiving more attention in feed twice a week, and meat or fresh some parts of our older states, and deground bone twice a week. Keep them serves much more than it gets anywhere scratching, make plenty of exercise, give Our public lands are so near exhausted a variety of feed and you can almost see for homesteads, that the superabundance ally grateful to the medicine that has them grow. It is the sloppy, sour feed of land in the United States will not al laying by them that kills the youngsters low us to be wasteful in its use. In Geroff. Keep grit, sand or gravel in some many the planting of forset trees by the form that they can get it when they want roadside is no longer a practice. The it and tresh water the same. Keep the highways are a continuous garden. The different sizes in separate coops, building owner of adjacent land has charge of the or yards, feed them separately and do not roadway fruit, but the roadway officials under any circumstances allow large and assume charge of the care and protection small chickens to rub together or roost of the trees. The railways are now foltagether. The whole secret in the chick lowing the growing custom, and planting en business is feeding a variety of proper apples and pears along the side of their feed, plenty of exercise, cleanliness, and tracks. There are a few sections in the United States where apple and cherry have for some years been the common road trees. The fruit, so far as I can see, is no more subject to molestation than that which grows inside the lines of Rheumatism has Hordes of Victims, and strictly private ownership. I found near is no Respecter of Persons-South Ithaca, N.Y., choice cherries by the side American Rhenmatic Cure Resists his of the road; and the trees were loaded Cruel Grasp. and Heals the Wounds with undisturbed fruit. Possibly most of us would consent that even half of such fruit should refresh the wayfarers if we could utilize the streets and have half the product as compensation for the planting In this section of the state apple trees line some of the roadways, but more at tention is given to ornamental shrubbery extending the lawns to the street ditch

Orchard and Garden.

Any soil that is too damp naturally to produce healthy trees should be avoided. .Vacant places in a young orchard can be filled with trees, but not so with an

Early potatoes, pease, onions and lettuce are the first crops to be put into the

If only well-rotted and thoroughly fined manure is used the garden can hard y be made too rich. Lime is one of the best materials to ap-

ply to get rid of the white grub in the strawberry beds. Wood ashes and poultry manure make the best fertilizers for onions. They can

both be used as top dressing. It is a good plan as well as an interest ing experiment to try a few new varieties every year on a small scale.

When onions are to be raised from seed all reasonable care should be taken to sow the seed at the first opportunity.

Keep the Layers Young.

It is from young fowls that most eggs come and most profit is made. Pullets of last year's growth will lay more the coming six months than in any other equal length of time during their lives. It is true that the twoyear-old hens will produce eggs best for breeding, but beyond this age, except with the very choicest fowls, there is greater profit to dispose of them and replace with pullets. There is some doubt whether the very old fowl should be kept because choice bred will produce as good pullets for laying as they would from eggs laid when at their best for egg production.

Henry Ward Beecher once informed a man who came to him complaining of gloomy and

The Cornwell canal will soon be ready for

navigation by the last week in April.

What are you wearing On your feet this weather?

There is style in footwear as there is in hats. Each year the Granby Rubbers and Overshoes are modelled to fit all the fashionable shapes of boots. They are thin so as to prevent clumsy appearance and Transacted. feeling and to make them so necessitates the use of the finest quality of rubber. While Granby Rubbers and Overshoes are up to date in 2

Granby Rubbers wear like Iron.

Style, Fit and Finish, they retain their old enduring quality.

Resting the Feet.

A hard mattress rests the sleeper more than a downy feather bed, because it does not press so many parts of the body at once, relieving certain bumps while the others are being lain upon.

No two pairs of shoes are exactly alike on the inside, and changing them once per day eases different portions of the feet by throwing the weight upon other parts. This gives a surprising restfulness to the feet, as well as to the shoe, which also gets tired, just as a razor does.

Leathers should always be chosen according to the condition of the feet, as they differ materially in effect and purpose.

On every pair of "Slater Shoes" there is a tag, which tells the exact leather used, giving its peculiarities and the wear it is adapted to.

You can thus buy "Slater Shoes" intelligently and know that they're Goodyear Welted, if you see that they're stamped on the sole with the name and price-\$3.00, \$4.00, or \$5.00.
