

To Cure RHEUMATISM TAKE Bristol's SARSAPARILLA

Rambling Reminiscences.

(WRITTEN FOR THE CHRONICLE)

(Continued)

Some may remember a terrific storm of wind, hail and rain which swept over the province on the morning of the 18th of April, 1857; it was a day of public thanksgiving which the writer can associate with no other event than the close of the Russian war.

To say nothing of our own Brooklin, of which every true citizen is proud, in this which was a shabby. The first attempt to locate a village was made near the present site of Francis mill.

The first school-house, the indispensable tavern and several private houses were built but the more enterprising could see a better location where Brooklin now stands.

Mr. Campbell purchased several hundred acres on which a part of Brooklin now stands. Mr. Perry locating at Whitby Mr. Campbell never was the man to let grass grow under his feet.

Through the liberality of the M. E. Church the Presbyterians worshipped there for many years, until the present church was built in 1862. Dr. Hunter's house, now Miss Darlington's, was built in 1844.

Among the enterprising citizens was one Baddy McGuire, whose residence was where Mr. Beal's house now stands. There he kept a general store. On the sixth occasion near the creek he carried on a distillery when whiskey could be bought for twenty-five cents a gallon, and experts tell us that it was of better quality than that now sold at a high price.

most assuredly make him wealthy in a short time. Past experiences counted for nothing, and the most level-headed really believed we had got beyond "hard times" forever.

Others took their places. Now others are playing their part. Why all this fuss about superiority and precedence since no one is indispensable, and the trap door in the bridge is waiting all sooner or later?

The brave pioneers are fast passing away and will soon have become a generation of the past. Let their names be spoken reverently. Among the remaining ones may be mentioned Mrs. Shaw, who settled in her home early in the thirties on the seventh concession where she has resided ever since.

The early settlers were strong-minded, self-reliant and industrious, whose aim in coming to the country was to better their condition. The great majority came from countries which were already overpopulated.

The new country offered them homes of their own, at the expense of perseverance, where there would be no prospect of meeting a frowning landlord upon rent day when they had not the wherewithal to meet it.

There still lingers in the heart of every true Canadian a veneration for the rude log structures of the pioneer days of Canada. In the log homes were taught the fear of God and principles of right upon which our grand and glorious nation is founded and for which we predict a boundless and unlimited future.

There are still in the heart of every true Canadian a veneration for the rude log structures of the pioneer days of Canada. In the log homes were taught the fear of God and principles of right upon which our grand and glorious nation is founded and for which we predict a boundless and unlimited future.

Mr and Mrs Eli Pascoe, Solina, spent Sunday at Mr Jas Moore's. Mr E T Slemom, B A, Oshawa, is spending vacation here.

Miss Edith Mountjoy is home. Miss Campbell is visiting at Port Hope.

Mr and Mrs H Creeper, Tyrone, is visiting her uncle W H Creeper.

Mr and Mrs H Banbury, Bowmanville, are visiting here.

Mrs T Ashton visited at Mr Rowe's, Providence, recently.

Thos Gilders is clapping his board here. Taffy and program at the school Thursday afternoon was well attended.

Mr Jos A Montjoy, B A, and company attended the High School concert in Bowmanville.

THE ONLY ONE.

Dodd's Kidney Pills Cure Where all Other Remedies Fail.

BRIGHT'S DISEASE NOT INCURABLE.

But there is Only One Cure in the World, and that we have Named—Hundreds Testify to Cures.—Never a Failure Recorded.

It used to be said, "If you have Bright's Disease, it won't be long before you are walking slow behind you."

Bright's Disease affects brainy men particularly. The brainier and more active a man, the more liable he is to Bright's Disease. Bright's Disease is a disease of the Kidneys. It is the name given to the fatty degeneration of those organs.

It is caused by excessive use of alcoholic drinks. It is caused by excessive eating of rich food and moisture. It may be caused by improper living.

But it is not with the cause we have to deal. It is with the cure.

It used to be thought that Bright's Disease was incurable. We know better now. Restore the kidneys to health, and you may eat what you like, work as hard or as active as you like, and bid defiance to death dealing Bright's Disease.

But woe to the man who doesn't take care of his kidneys! When they cease to filter the blood, the blood reeks with poison. You die a lingering death. The brain and extremities first, the brain last. Dying at the bottom while living at the top!

Bright's Disease may be cured by DODD'S KIDNEY PILLS, which restore the Kidneys, making them filter the blood properly. DODD'S KIDNEY PILLS are the only specific for Bright's Disease. They were compounded just for that purpose. They have cured hundreds of cases. They will cure your kidneys. Try them. Fifty cents a box. For sale at all druggists.

Wm G Wade, 940, Queen East, Toronto, says:—"I have used thirty six boxes of Dodd's Kidney Pills and am cured of Bright's Disease after all else had failed."

T E Craig, 768 Queen East, Toronto, says:—"Never expecting a cure of Bright's Disease, I have been agreeably disappointed by a few boxes of Dodd's Kidney Pills."

Miss Maude Cotterell, Belleville, Ont., says:—"I have used two boxes of Dodd's Kidney Pills and have been cured of Bright's Disease."

Mr James Went, Orillia, Ont., says:—"I began to use Dodd's Kidney Pills about six weeks ago, have taken three boxes which have cured me perfectly of Bright's Disease."

Stains on Wall Paper

Fresh stains upon wall paper where people have rested their heads can be removed by covering the spot with a mixture of pipe clay and water made into a soft paste and letting it remain overnight. Then brush it off with a stiff whisk broom.

Break Up a Cold in Time BY USING PNYN-PECTORAL

The Quick Cure for COUGHS, COLDS, CROUP, BRONCHITIS, HOARSENESS, etc.

Mrs. Joseph Norwick, of 66 Scriven Ave., Toronto, writes: "I have used Pny-Pectoral and it cured my cough and cold in a few days. It is the best medicine I have ever used."

H. O. PARSONS, of Little Rock, N.B., writes: "I have used Pny-Pectoral and it cured my cough and cold in a few days. It is the best medicine I have ever used."

Dr Wm McCargow, of Hamilton, is dead. Cannot Be Beat.—Mr. D. Steinbach, Zurich, writes:—"I have used Dr. Thomas' Eucalypti Oil in my family for a number of years, and I can safely say that it cannot be beat for the cure of colds, coughs and croup."

KINSALE The mumps seem to be quite fashionable in many surrounding points.

E. W. Wice loaded his car on Monday last and left for Wabagong Tuesday morning. His family will remain in Kinsale for a short time till some necessary preparations are made for their coming.

Mr and Mrs H Creeper, Tyrone, is visiting her uncle W H Creeper.

Mr and Mrs H Banbury, Bowmanville, are visiting here.

Mrs T Ashton visited at Mr Rowe's, Providence, recently.

Thos Gilders is clapping his board here. Taffy and program at the school Thursday afternoon was well attended.

Mr Jos A Montjoy, B A, and company attended the High School concert in Bowmanville.

"The Foot of a Fly"

says an eminent English doctor, "will carry enough poison to infect a household." In summer-time, more especially, disease germs fill the air, multitudes are infected, fall ill, die; multitudes escape. These messengers of mischief do not exist for millions. Why not? Because they are healthy and strong—protected as a crocodile is against gun-shot. It is the weak, the wasted, the thin-blooded who fall; those who have no resistive power so that a sudden cough or cold develops into graver disease. We hear of catching disease! Why not catch health? We can do it by always maintaining our healthy weight.

Scott's Emulsion of Cod-liver Oil, is condensed nourishment; food for the building up of the system to resist the attacks of disease. It should be taken in reasonable doses all summer long by all those whose weight is below the standard of health. If you are losing ground, try a bottle now. For sale by all druggists at 50c and 60c. SCOTT & BOWNE, Belleville, Ont.

Legal.

A CRIPPLE FOR LIFE SO DOCTORS SAID CONCERN RICHARD B. COLLINS

He Spent Months in the Toronto Hospital Without any Benefit—Pain Cure Him After all Other Treatments Failed.

From the Echo, Winton, Ont.

The Echo presents to its readers following plain statement of facts that can perform so remarkable a supply invaluable, and it is no wonder that the aggregate of its sales throughout the country is enormous.

I, Richard B. Collins, hereby make following statement, which can be verified by any number of witnesses in this section of the country. I began to complain about five years ago had been working in a fish shanty was wet almost the whole time, and winter. I was then confined in a house for three months. This was my first attack and on getting better I commenced work again the first of the following February and continued until the next January, when I took a worse attack. The doctors pronounced it rheumatism and after treating it that disease until about the first of

they discovered that my trouble was ease of the hip joint, and advised to an hospital. I went to Toronto and stayed in the hospital five weeks then returned home. I however not recover, and was compelled of the following summer to go back to hospital, where I remained three months getting worse all the time. I was unable to walk by the aid of crutches. I then came home and was not long before I was taken to my confinement in this state until January following, when I was advised by my friends to try Dr. Williams' Pink Pills took their advice and before I had finished the fifth box I began to improve by the time I had completed a dozen boxes I was able to walk without crutches and have never used them. I was able to do light work in a time, and in January last (1897) I commenced working in the woods and no trouble from the hip unless overworked. During the last three years have spent \$300 in doctors' bills, medicines, trying everything recommended, but without any good result until I took Dr. Williams' Pink Pills which I owe my restored condition to the doctors gave up all hopes of ever being able to do any work. I say that before I began taking Pink Pills during my last attack, I put many a night so bad that I expected to be alive in the morning."

Dr. Williams' Pink Pills are sold in boxes bearing the firm's trade and wrapper, (printed in red ink), in mind that Dr. Williams' Pink Pills never sold in bulk or by the dozen, and any dealer who offers substitutes in this form in trying to do you and should be avoided. The pills are also contained against all other called blood builders and nerve put up in similar form intended to deceive. They are all imitations and makers hope to reap a pecuniary gain from the wonderful reputation

James E. Nicholson.
