Fred Carter is at present visiting in Toronto. He will probably go to Detroit from there.

Miss Blanche Wellington, of Toronto, is the guest of her grandmother Mrs. R. Willington.

The town will have three baseball clubs this year—the Park Nine, the Orioles and the McLaughlins.

No 3 Co's will begin drill this evening and all going to camp are requested by Captain Giersom to attend.

Miss Porter, of Toronto, who has been spending a few days with her sister Mrs. Payne, has returned home.

The fire brigade are practising with the hose reel and hose coupling for the tournament at Bowmanville on the 24th.

R. A. J. Little has undoubtedly the nicest display of fire cracker, etc., any where in town. A large balloon ready to send up for 35 cents.

The report that two men dropped dead somewhere east of Oshawa on Monday night when they saw the balloon with Little's advertisement on it has been found to be untrue.

Mr. W. Bosberry is making a marked improvement on the appearance of King street west. He has moved the frame house from north and is going to build a fine brick house in its place.

Two side altars have been placed in St. Gregory's church, the gift of M. Finnigan. Besides these there are life size figures of the Virgin Mary, Joseph and the child Jesus. These will be publicly blessed on Sunday next, when Archbishop Walsh holds confirmation service here.

The fireworks and band concert on Monday night was a grand success, the balloons being the greatest attraction. The big white elephant that was last seen walking away to the north east many hundred feet above the ground was picked up on Wednesday by Mr. E. Scales about three miles from here. It had come in contact with some berry bushes and was badly torn.

The Oshawa baseballists made a good opening for the season of 1897 on Friday last by defeating the Red Stockings of Toronto. The game was the first of the year, and as might have been expected was not very brilliant, though the Oshawa men played well all round. The visitors lost the game in the first and second innings, and gave it up in the 8th, finishing with a score of 11 to 8 in favor of Oshawa. The day was wet and the attendance was not as good as it would otherwise have been.

Two fore-runners of the Grocery Clerks and Drivers' Excursion from Toronto whetted down on Sunday last to see what sort of place this Oshawa is. They rode a Cleveland tandem which had been lent them by the Lozier firm. It cut up very badly with them and nearly caused them to walk from Oshawa to Toronto, it being difficult for them to find the parts necessary to repair their wheel. At length they ran across Ed Guy, who acted the part of the good Samaritan, lent them the parts needed and sent them on their way rejoicing.

end the town would starve him out, while a train would be fed liberally from door to door.

In looking over the Vindicator we notice that Mr. Proven has expressed a wish, not only his own but that of the majority of the citizens of Oshawa, for a Sunday car service here during the summer months. He has been very modest in suggesting that he have this service from June 1st until Oct 1st. We should have a Sunday car service for at least from May 1st to Nov 1st. For the last three Sundays we have seen young men and girls walking out into the country, mostly towards the pleasant woods to gather flowers and lounge in the warm sun.

It is a pity that such a thing as a Sunday car should start out on foot for the lake. Sometimes they walk as far as Conant's hill and content themselves with a glimpse of the water and occasionally they walk as far as the lake. But girls find it too long a walk. If they could ride to the lake and enjoy a ramble along the sand on the shore, how much better it would be than walking up and down the sidewalk or moping over the Saturday papers, or wishing for church time again so that they can shake themselves out and forget their ennui. We hear some saying now who have read Mr. Proven's letter that such a thing as a Sunday car was never thought of in Oshawa before, that the late contest in Toronto came to such a successful issue. To those who think in this way we might say that the railway company has been approached on different occasions by the private parties wishing to know if something could not be done to have Sunday car on special occasions on being informed that the town council were the proper ones to interview the railway company. The company is taking a very neutral stand on this question maintaining that it is a question to be settled on its own merits.

Mrs. John Ewen met with a painful accident on Monday by an encounter with a kicking cow, the result being a bad looking face.

On Sunday afternoon last while Mr. and Mrs. W. Akhurst accompanied by Miss Marin were driving to church, and when near Mr. S. D. Just's residence the horse took fright and threw them out of the buggy. Mrs. Akhurst was thrown on her shoulder, and broke her collar bone. Dr. Park was called and bound up the fracture and it is now doing as well as can be expected. The other two escaped with a severe shaking up.

UKBRIDGE.

The case of Fiewell vs. Fiewell, which was adjourned from the last sittings at Whitby, was settled at last. The history of the case is very interesting. Richard Fiewell, who owned a good hundred acre farm in Ukridge and a good deal of personal property, began to fail in body and mind a year or two ago. The members of his family met in consultation and decided to induce the father to reside with Wm. F. Fiewell, the son, who had been a lawyer in his day in his son's care he had spent everything to William. The other members of the family became alarmed when they found this out and consulted Mr. Farewell Q. C. who at once made an application to the court to set aside the deed, which was granted. The court in action was started to set aside the deed, on the ground that it was secured from the father by undue influence owing to the weakness of the father's mind. Presently the father died, and the case has been going on ever since. The hearing was in law taken place on 11th inst. in Toronto, and many witnesses were summoned to the city to testify, but a settlement was made at the last moment by the terms of which each party to the suit paid his own costs, and William Fiewell is allowed \$1,500 out of the estate, the rent of the farm for last year to be paid to the other heirs. Farewell, Q. C. for plaintiffs; Chapple, M. P. P., for defendant.

The remains of the late Mrs. Capt. Coats were brought here Tuesday and interred in the cemetery. She was a sister of Mrs. J. K. Garbutt.

ALMOST A MIRACLE.

OTTAWA, SEPT. 9th, 1896. To the Phrenoline Medicine Co., Ltd., Ottawa.

GENTLEMEN,—I hardly know how best to express my appreciation of your valuable rheumatic remedy, Phrenoline. My son Gordon, who is 9 years old, has been a sufferer from inflammatory rheumatism for the past 2 years; and so bad at times that he had to be carried about on a mattress; was attended by two city doctors, apparently without the slightest benefit; spent two days at Caledonia Springs, came home with no marked improvement; took 3 bottles of a Homeopathic remedy now being extensively advertised, which did not believe him in the least. I was beginning to give up all hope of his recovery, when a friend I mentioned the case to gave Phrenoline a trial.

I did so, with the result that when my boy had taken on only half a bottle he was able to get on his bicycle and ride like any other boy around the block.

I certainly feel that I cannot say too much in praise of your medicine, and shall do all I can to make known its value to others. Yours very sincerely, (Signed) REUBEN CLARK.
