The closing exercises for Bishop Bethune college will be held on June the 23rd. The invitations are out and a good programme will be given by the pupils.

The Wesleyan methodist church Sunday school, Toronto, brought their picnic here on Monday. There were between twelve and thirteen hundred present.

Last Saturday the employees of the J D King shoe factory and their friends, numbering between two and three hundred, held their picnic at prospect park.

The anniversary services of Simcoe street methodist church will be held on Sunday. Arrangements are in progress to get Rev A Carman, superintendent of the methodist churches in Canada, to take the pulpit.

On the 22nd of this month the Park Nine base ball club will play ball in Peterboro when they receive a guarantee of $30. On the same date the McLaughlin Carriage Co's base ball club plays in Newcastle for a prize of $25.

On Monday, July 6th, Mr Edmondson will open a series of free concerts in the park. A good orchestra has been engaged and refreshments will be on the grounds for all who wish to buy. This is indeed a boom to the Oshawa people, free park and also free music.

Mr Boyd has disposed of his jewelry business to Mr J B Owens, of Manitoba. Mr Boyd will resume business in Ottawa. On Wednesday night he was presnted with a handsome gold headed ebony cane by the brethren of the local Canadian Order of Foresters.

The piano recital which was given by Miss L Bambridge's pupils Saturday afternoon was a very interesting and enjoyable affair. The following took part: Misses Dillon, Woon, Morris, Morphy, Stainton, Gadsby, Burk, Adams, Law, Veale, Cooper, Holden, French and Lorne Moore.

At the last regular meeting of Lebanon lodge, No. 139, G.R.C., the following were elected officers for the ensuing Masonic year 1897-8:—W Master, Bro P H Punshon; S W, Bro Wm Dickie; J W, Bro W E O'Brien; Chap, Bro B J Rogers; Sec, Bro Jas McCaw; Treas, Bro Wm Lauchland; Tyler, Bro Wm Ford; L B board, Bros P H Punshon, A R McLean, and Wm Holland.

Sunday was a gala day with the children of the Christian Sunday school, it being the day which is set apart every year for their benefit. The church looked exceedingly pretty. Gates of lilacs, flowers in abundance, and a large cross and anchor made of flowers. The birds pealing forth their sweet songs making a delightful picture. The little people sang their choruses and went through their different parts in a creditable manner. Special mention should be made of little Miss Moore. Though only an infant she charmed the large crowds at the morning and evening services with her sweet clear voice. The people could not refrain from showing their appreciation of the little tots songs so they gently clapped their hands. Mr. Fletcher announced there would be no service held in that church next Sabbath as he had to attend conference.

Miss Thomlinson has returned home after a pleasant visit with her cousins, Misses Websters.

Mr J G Mitchell, successor to Mr M F Eby, has arrived and is in charge of the business, which will be known as Mitchell's pharmacy.

Several changes have taken place in the running time of the Grand Trunk railway this week. Mail matter going west has now to be in at 4.15 p.m. instead of 7 p.m.

Mr Arthur Henry has made several improvements this year on his property at Oshawa-on-the-Lake. He has had built a fine band stand, also a platform for dancing and other purposes.

Rev Mr McCullough a retired presbyterian minister died at his home in Oshawa on Sunday, aged 47. He has been in poor health for some time and since taking up his residence here has lived a very quiet life.

Mr Thomas Guy, the noted cattle breeder near Oshawa harbor, died on Wednesday morning. Deceased was an enterprising man, and took a herd of his cattle to the Columbian exhibition when he won high honors.

The Jubilee "At Home" held in the Sons of Temperance hall Monday night was quite a success. A good programme was given by the following:—Mr Whitson and son, Misses Mabel Wilson, Maud Galloway, Lily Burke, F Beith, H Trotter, Nina Karrison, Hazel Ellis, Alice Mitchell, Alice Hobbs, Mrs Hicks, and Mr Carswell gave an interesting chairman's address. Refreshments were served at the end of the programme.

The epworth league of Metcalf st. methodist church held their meeting on Tuesday night, this week, as one of their honored members, Miss Alice Jackson, was to leave on Thursday for the Northwest to labor among the indians. Near the close of the meeting Miss A Keeler arose and read a very nicely worded address while Miss E on behalf of the Sabbath school presented her with a gold chain. Mrs. Kirby read the address for the ladies' aid while Mrs. Harris presented her with a writing desk. In Miss Jackson's departure for her labor of love Metcalf church loses one of their most active members both in church and Sunday school affairs.

The way statute labor is performed was very fairly illustrated by a piece of work that has recently been done east of town on the Kingston road. A competent authority stated that the work could be performed under contract for about $20. The material was hauled from the north along the western boundary east of town. That road was in good shape but the hauling was done in wet weather and badly cut up with deep ruts so that a good deal of work will have to done to put into shape again. Then if statute labor is taken into account at a fair cash valuation, about $100 worth of work was done to do the $20 job. Taking the condition of the side road as the restlt of the hauling it would have paid the township to have let the work and kept the road in good shape.

A great deal of talking is being done in favor of a limited Sunday car service in Oshawa. We frequently hear of people coming in on Sunday trains who, having no one to meet them at the station, are often obliged to walk to the part of the town they are going to, probably through rain. We think it would be advisable to have cars meet the trains and also have the time table arranged that church people may have the use of the cars to convey them to and from church. Then in the summer we should have the same car service, with additional cars running to the lake. How often we hear people say, "If I only had a wheel." They stay in their room and wish for a wheel. If they could take the car to the lake they would have no need for a wheel. If the railway company would take hold of the thing and push it they would find it to their benefit.

Things to admire in Oshawa

Since the public lecture that was given last winter in the town hall on "road-making," a great deal has been done here in the way of changing the state of our main streets: for instance, placing sharp cornered, broken stone over the streets in piles and allowing the wheels of vehicles to scatter them over the surface of the whole street. This not only helps the bicycle repairer's business, but increases the pleasure of the cyclist, it being only an expert on a bicycle who can push his wheel from one end of the town to the other without having a heavy jolt, or possibly an accident. Our town is noted for its enterprise in keeping abreast of the times in the way of sidewalks, streets and public buildings. Take for instance our bright little post-office, town hall, music hall, high school, etc. These buildings always attract the attention of new comers and visitors to our town. There's never a visitor that comes here but passes some pleasing remark about our post-office. They remark on the neatness of the building, the brightness of the fittings, and conveniences not to be found in larger towns and much larger offices.

R A J Little has just got in a few dozen boy's lacrosse sticks selling at from 10 cts to $1.

A large number went on the excursion to Niagara Falls on Tuesday, and report a very enjoyable time.

Mr Donald Spaidal of the McLaughlin Carriage Works has tendered his resignation to the company. He has secured a better salary with a simular concern in Brockville.

Mr Spaidal will be missed here, as he has formed a great many acquaintances since coming to Oshawa, having first worked in the office of the Railway Company here.

Another of our popular young men has taken into himself a wife. Mr W A Halnan and Miss Mary E Ritson were married at the bride's home last Friday afternoon by the Rev J P Wilson. The bride looked charming, gowned in a white cashmere trimmed with chiffon, and carrying a lovely shower boquet of lillies of the valley. Her sister, Miss Una Ritson, was bridesmaid, and looked exceedingly pretty in her dress of white organdie trimmed with yellow. The ceremony was performed in the drawing room under a large bridal bell of white lilacs, while other flowers were scattered in delightful confusion about the room. After the large number of friends and relatives had partaken of the weddiug supper the happy pair were driven to Whitby, where they took the train for Toronto. They will take up their residence on Albert street when they return,

The Grand Trunk Railway System will shortly have ready for distribution a handsome Diamond Jubilee Souvenir. The design is one of the finest production of the lithographer's art, and is emblematical of the Glory of the British Empire, Canada the Premier Colony, and Canada's great Railway. It contains pictures of the Queen, The Prince of Wales, The Duke of York and Prince Albert Edward. At the top of the design is a radiant star, in the centre of which are the Letters "LX," and on either side of this is a Union Jack suitably draped. Beneath is the Coat of Arms of Canada, and miniature views of the new Victoria Jubilee Bridge, Montreal, and the new Single Arch Steel Bridge, Niagara Falls. Between the two bridges is a small trade mark of the System. The demand for the Souvenirs will undoubtedly be greater than the supply and it has been decided to distribute them to the company's patrons in the order in which applications are received.

There have been two picnics from Toronto at Prospect Park within the last few days. The employes of J D King's shoe factory were here on Saturday. They and their friends numbered between two and three hundred. On Monday the Wesleyn Methodist church Sunday School had their outing. They came down on the "Garden City" and "Queen City," steamers and what could not come by boat came by rail. This is the largest Sunday School in the province and a well desciplined lot of youngsters they proved to be. There was probably twelve or thirteen hundred in the party altogether and they had an enjoyable time. The management of both excursions expressed themselves as well pleased with accommodation at the park and the arrangements that had been made for their convenience.

Mr E Carswell is nothing if not patriotic and it would gratify his feeling of patriotism if the Union Jack were to be floated over every public school in the Dominion on every school day. In New York and many of the New England States every school has a flag sargeant whose duty is to raise the flag before school opens and lowers it at its close. If the flag is not up there is no school until it is in its place. It is only a bit of cloth to be sure but it is the greatest agency for building up patriotism that the world knows and no country can be great without the feeling in their breast of the people that the land under their flag is the best on earth. Our judges have to have the flag over Court Houses while they are administering the law but it is much more important that the flag should float over our school houses. It will in after years be revered for boyhood associations and a country that loves its flag is a great country whether it be numerous in population or not.—Vindicator.

Our Milk Supply.

The Board of Health had a meeting on Monday night when it was decided to ask the town for funds to employ a competent veterinary surgeon to inspect the stables of the different diarymen who furnish Oshawa with milk. This is to be done to see that tuberculosis is not present. It will also be requested that the Health Inspector be instructed to take samples of milk from the different milk wagons as the necessity may arise. This will be for inspection to see that the milk is suitable for consumption. Modern science has established the fact that a great many epidemics have been caused by impure milk, and the action of the board will have a tendency to prevent this if the milk is found to be unsuited for use or if there should be contageous disease in the family of the vendor. Of course the Board of Health has power under the statute to act independant of the town council, but the course they are pursuing may avoid friction and is a courtesy to the council.—Vindicator.

Jubilee Demonstration.

The work of preparing for the Jubilee Demonstration on Dominion Day is progressing. The committee from the Board of Education composed of Messrs L K Murton, chairman of the Board, R J Mackie, C W Scott, Wm Bambridge, H P Samuels, and C H Crysdale, are making every effort to have the day a notable event in the history of the town. There will be drill competition between the companies of the Boys Brigade, and calesthenis exhibition by the pupils of the Whitby Collegiate Institute, under Capt Henderson. Besides these, there will be a programme of sports and games. The sport will be open to the pupils only. It is not the intention of the committee to have any long list of addresses, but an orator will deliver a patriotis address, and the school children will sing patriotic songs prepared for the occasion. It will be a great day in the history of the British Empire, and all classes of citizens are asked to observe it in decorating their premises as much as possible. A few small flags will do a great deal to give the town a lively appearance.

The children of Cedar Dale school had a group photograph taken, and it was well executed.

Mrs L Head, of Pickering, returned home on Monday, after an extended visit with Mrs Kirkpatrick, of the Brook House.

A number of our young men are enjoying military drill on the plains of Niagara and they will have same unusal experiences to relate when they return.

L J Coryell, who is at present on a business trip to Uncle Sam's domains, writing home states that everything is decidedly dull, not only in the seed lines, but everything else.

An exciting game of base ball took place between the Cedar Dales and Lakesides on Saturday last. The former came out victors. Score, 19—11. This team is anxious to down some others.

Thomas Conant has received from Cape Cod a whale's jawbones, which he proposes using for gate posts. These are certainly a novelty in this vicinity, but Mr Conant states they are quite common in the south of England.

A good number patronized the excursion to the Falls on Tuesday of this week. The Oshawa Railway brought down all one car would accommodate. This, with the enormous crowds from Toronto on Monday has brightened things consideraly to residents along this line.

Messrs W Pamers and M Kelly returned home from Gas City, Ind., this week where they have been working for the past six months. In speaking of the mode of procuring heat and light, they say it is only necessary to bore 1400 feet for the gas, and the insertion of a pipe therein, guarantees to the householder fuel and light sufficent for all purposes.
