Our school football team claim they won the medals at the Union picnic on Friday, although they did not get them. To be sure they were defeated by their opponents, bearing the name of Cherrywood, but as the latter team were by no means pupils of the school bearing that name, or any other school for that matter, and that fact being made known to the committee, our boys were declared the winners. But the Cherrywood fellows got possession of them and are not fair enough to give them up. We hear that the committee have some notion of taking legal action to recover the medals, so uncles at Brooklin. that they may be given to the proper owners. The excursion to Guelph held under the auspices of the Baptist Sabbath school on Wednesday of last week was a very good success, as in the neighborhood of \$25 left after all expenses are accounted for.
