

After....

Taking

a course of Ayer's Pills the system is set in good working order and a man begins to feel that life is worth living. He who has become the gradual prey of constipation, does not realize the friction under which he labors, until the burden is lifted from him. Then his mountains sink into moleplace to jollity, he is a happy man again. If life does not seem worth living to you, you may take a very different view of it after taking

Ayer's Cathartic Pills.

A LAME BACK.

ONE OF THE MOST PAINFUL OF MALADIES.

Mr Peter Millar Suffered for Years, and Experimented with Many Medicines Before Finding a Cure.

From the Brockville Recorder,

Perhaps no prettier place is to be seen in Outario than at Newman's upper lock on the Rideau Canal. At this Station for a quarter of a century resided Mr. Peter Millar, who during that period acted in the capacity of lockman, and was perhaps the best known man on the canal. Mr Millar is now a resident of Merrickville, having retired from active life. To a correspondent of the RECORD ER he related the following experience "For many years I was troubled with a lame back which gave me great pain at times, and caused me much loss of sleep. I tried different kinds of medicines but found little or no relief. The spring of 1855 I was assisting at getting out ice one day when I felt something snap or give way in my back, and it was some time before I could straighten myself up. I now became so bad that when I laid down I was unable to rise without assist. tnce, and I fully made up my mind that never expected to see a well day again. What are your resources sion was very pretty and oriental, and particle of lameness, and my health has

White Clover for Pasture.

It is one of the advantages of rough, rocky land that, as it cannot often be or over very thoroughly cultivated, the su face soil is pretty sure to be filled with white clover seed. It is said to be BILIOUSNESS natural to such land, which means that it has so long occupied the soil that there is plenty of seed to grow whenever it has a fair chance. It is an excellent pasture grass, as its roots run near the surface and quickly respond even to light rains, which will not revive other grasses. It is greatly helped by a dressing of gypsum. On long cultivated ground, especially where no clover has been thickly seeded, there will be little white clover visible, but even there it is often ready when it gets the chance. If the first clover crop is alsike, which does not sprout after its pills will be found sufficient. These first cutting, a vigorous growth of after-math clover will often be found, though One pill taken each night during before the alsike was out the white clover thirty days will cure constipation. was too small except for eyes that were sharply looking it to see it.

Mrs. Wm. Hamilton and her so Harold left Wednesday to spend the summer in Brandon, Calgary an Banff, visiting her parents and her brother and sisters.

The famous Bill Pennock abused the woman again last week with whom he has been living, and has skipped out, It is to be hoped he will stay out, but people like him generally turn up

A peculiar thing has been noticed in front of Ward's bicycle repair shop. Several ants have taken possession of a hole in the telephone pole there and are working steadily and systematically to enlarge their home. One after another they come to the edge of the hole, each with a piece of wood as large as itself, drop them out and return for more, There is quite a little pile on the ground at the foot of the pole like sawdust.

An aged resident of the town died on Saturday last in the person of Wm. Townsend, at the west end. Deceased was in his 90th year. He was a native of Cumberland, England, and came to this country at an early egy, settling in Toronto. He afterwards moved to Scott and resided there about forty years, being well known in all parts of the township. He was a staunch Reformer and never missed a vote. He hills, his moroseness gives survived his wife fifteen years. His only daughter was the late Mrs Martin Pirt, and his only living descendants are his grandsons, Dr Wm Pirt of Barrie, Mr E A Pirt of Uxbridge, and one great grandchild. He was a member of the church of England.

Well, perhaps it was my fault, but never mind, I have a pot of "Quickcure" in my kit and it will cure our bruises before we get home. You never saw anything like the way it will heal a cut or a bruise of any kind, and for sprains and strains it is—well, it is just "out of eight."

HENRY IEVERS, L.D.S., Quebec, writes: "One of my children sprained her ankle, which became much swollen and discoloured. Some 'Quickcure' was spread on linen, and applied; the pain ceased at once, the swelling was gone the next day, and on the fourth day she walked to school as usual. I have also proved it to be a wonderful remedy for cuts and bruises.
