HAVE YOU CATARRH?

But One Sure Remedy—Obtain It for 25 Cents. Blower Included, and be Cured.

Catarrh is a disagreeable and offensive disease. It usually results from a cold and often ends in consumption and death. The one effective remedy so far discovered for it is Dr. Chase's Catarrh Cure.

Physicians failed to cure Geo. Belfrey, toll-gate keeper, Holland Landing road. Chase's Catarrh Cure did it.

One box cured William Kneeshaw and two boxes James T. Stoddard, both of West Gwillimbury.

Division Court Clerk Joel Rogers, Robert J. Hoover and Geo. Taylor, all of Beeton, voluntarily certify to the efficacy of Chase's Catarrh Cure.

J. W. Jenison, of Gifford, spent nearly \$200 on doctors, but found no permanent relief until he tried a 25-cent box of Chase's.

Miss Dwyer, of Alliston, got rid of a cold in the head in 12 hours.

Henry R. Nichols, 170 Factory street, London, tried a box with excellent effect.

Dr. Chase's Catarrh Cure is for sale by any dealer, or by Edmanon, Bates & Co., Toronto. Price 25 cents including blower.

Coughs, colds and bronchial troubles readily cured by the latest discovery, Chase's Linseed and Turpentine. Pleasant and easy to take. 25 cents.

When to Harvest Potatoes:

It is sometimes recommended to leave potatoes in the ground after ripening, to cure and improve in eating and keeping quality. This course is certainly not wise in all cases, for, as Farm Journal briefly explains, where scab abounds in the soil the fungus will utterly spoil the crop if left in the ground two or three weeks.

In some soils they will be sure to rot if wet weather prevails, and if near the surface the sun will green them and spoil their flavor as soon as they are deprived of the shade afforded by the vines.

Loose clothes and downy cushions bring only a negative sort of comfort to the woman who is suffering with some derangement of the organs distinctly feminine. Some clothes and some positions make the pain and the discomfort seem less. Perhaps the nerves are affected, and this in turn disturbs the digestion. Nothing will ever relieve but a radical cure. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measure would stop the trouble. Certainly at this time, a little of the right medicine would stop it. When the trouble becomes worse, it is harder to cure, but still it can be cured. Dr. Pierce's Prescription will positively cure any trouble of this character. It may be absolutely relied upon. It affords lasting relief to a woman whose natural modesty has kept her from consulting a physician.

Send 10 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y. and receive Dr. Pierce's 100¢ pure "Common Sense Medical Advice," prettily illustrated.
