Any sarsaparilla is sarsaparilla. True. So any tea is tea. So any flour is flour. But grades differ. You want the best. It's so with sarsaparilla. There are grades. You want the best. If you understood sarsaparilla as well as you do tea and flour it would be easy to determine. But you don't. How should you? When you are going to buy a commodity whose value you don't know, you pick out an old established house to trade with, and trust their experience and reputation. Do so when buying sarsaparilla.

Ayer's Sarsaparilla has been on the market 50 years. Your grandfather used Ayer's. It is a reputable medicine. There are many Sarsaparillas but only one Ayer's. It cures.

The lawn social given by our Mt Zion friends on C Rogers grounds was a decided success. Kinsale was well represented making up about one third of the attendance. No place does more to help on gatherings of this kind than does our villagers. Surely our north friends are overflowing with gratitude to us as community for our appreciation of their efforts to entertain. The programme given by the Unionville orchestra was an excellent one. Rev McClare presided and everything passed off nicely.
