Dr. Chase's Catarrh Cure Released the Prisoner, and To-day She is as Well as Ever—She Says it is a Great Remedy

"Yes, I am Mrs. Dobell," said a comely, pleasant-faced woman at her home on Horton street to a News reporter to-day, "and I will very gladly tell you what you want to know. About three years ago my husband was very ill, and I had frequently occasion to rise in the night and go for a doctor or to the druggist. In my hurry I often neglected to properly clothe myself, and contracted several heavy colds, which turned at last to chronic catarrh. I tried doctors, who helped me, but did not cure me, and several special catarrh medicines. I was relieved but not cured. I was suffering intolerably when Mr. Shuff recommended me to try CHASE'S CATARRH CURE, and it began at once to help, and in about two months had entirely cured me. I cannot speak too highly of this remarkable medicine, and cheerfully recommend it to all sufferers from catarrh. The blower included is a great help to sufferers.
