CANNINGTON

New Books.

The Public Library Board have made a la ge purchase of new books for the Library which will be appreciated by the members. Now is the time to join and have the benefit of the new as well as the old books. There is no way a man can lay out a more profitable dollar for the benefit of himself and his family than by joining, as the works now in and still adding are of the highest character.

Mrs Joshua Shier, on Wednesday Sept 9, while preparing dinner for the family, was overcome by the heat of that day and died on Sunday Sept 19th at 8 o'clock. Skilled medical attendance and careful nurses did all in their power, but to no avail. The blow that has fallen upon the family has evoked the widest sympathy and regret, for Mrs Shier, with her husband, enjoyed the esteem of the citizens of this town and vicinity generally. She was a daughter of Mr John Francis of the Township of Brock, and has been a resident of Cannington for upwards of 28 years, and of this district 49 years, which was her age at the time of death. Besides her sorrowing husband, three sons, Mr J J Shier of this town, Mr A H Shier of Beaverton and Mr Henry Shier of Newark, N J, are left to mourn the loss of a loving wife and devoted mother.

ONE HONEST MAN.

Dear Editor,—Please inform your readers, that if written to confidentially, I will mail, in a sealed letter, particulars of a genuine, honest, home cure, by which I was permanently restored to health and manly vigor, after years of suffering from nervous debility, sexual weakness, night losses and weak shrunken parts. I was robbed and swindled by the quacks until I nearly lost faith in mankind, but thank heaven I am now well, vigorous and strong, and wish to make this certain means of cure known to all sufferers. I have nothing to sell and want no money, but being a firm believer in the universal brotherhood of man, I am desirous of helping the unfortunate to regain their health and happiness. I promise you perfect secrecy. Address with stamp, WM T MULFORD, Agents' Supplies, P.O. Box 59, St. Henri, Que.

To Write on Glass.

The easiest way to write or paint on glass is to take a solution of fish glue and distribute it with a soft brush over the surface of the glass Of course the solution must be carefully filtered, and when it is applied to the glass pane the glass must be held over a stove or lamp in a slanting direction to allow the surplus solution to flow off and dry thoroughly without streaking. When the pane has been prepared in this way, it is ready to write or paint upon. Even writing of microscopic minuteness can be applied to the prepared glass surface without the danger of the ink running. On this surface colors, india ink and any kind of pigment may be employed.

Saved Her Drunken Husband.

She Finally Administered a Remedy, Without his Knowledge, and Cured Him.

A correspondent writes: I had such a happy home and a noble, big-hearted husband till he took to drinking, first through sociability, then because the fiendish desire would come over him, crazing him for drink.

"I was heart-broken. My happy home was fast becoming one of misery till a friend told me to try a liquor cure called Anti Booze. I was willing to try anything, so I sent $1.00, as she suggested, to the Oriental Chemical Co., 20 St Alexis St., Montreal, and by return mail I received in a plain wrapper a little box of pills. I put one of these in his coffee every night and morning without him knowing it, (as they dissolve immediately), and in less than a week, to my delight, he stopped drinking entirely.

"Anti-Booze has changed my drunken husband into a sober, industrious, happy man, and I feel it my duty to tell others about it. They will send full information without charge to any who will write them.

A Permanent Paste.

Soak an ounce of refined gelatine in cold water for an hour, then drain off and squeeze out the water as much as possible. Put the gelatine in a jelly pot and place the pot in a pan of hot water over the fire. When the gelatine has melted, stir in slowly 2½ ounces of pure alcohol. Put in a wide mouthed bottled and cork tightly. This glue or paste will keep indefinitely and can be melted for use in a few minutes by setting the bottle in a basin of hot water. As it contains a very small percentage of water it affects the gloss of the prints but little and dries almost immediately.

Before going on a sea-voyage or into the country, be sure and put a box of Ayers Pills in your valise. You may have occasion to thank us for this hint. To relieve constipation, biliousness, and nausea, Ayers Pills are the best in the world. They are also easy to take.

The Childrens Time.

English folk do not call the pastry and ices dessert, as we do here, the fruit only, served at the end of every well appointed dinner in England, coming under that head. It is this dessert which is the signal for the childrens appearance below stairs—a treat that is never denied them, company or no company. They remain with their elders about 15 minutes and, except in very strict households, get stray dainties from the feast which is nearing its finish. The move to go to the drawing room for coffee is their moment to say good night and retire.

Leather Work.

Occupations by which a woman may make money at home are sought. Leather work offers an opening for those who are accurate and neat. There is considerable demand for pocketbooks and cases, portfolios and other articles embossed or done in repousse. A bright woman will need but a few lessons in the art, the materials may be bought at wholesale, and the stitching and pasting require only a true eye and deft hand.

Bed and Wall.

It is important that a bed, even if kept against the wall during the day, should be moved out a few inches at night. A layer of air lies against the walls which is subject to little movement even when there is strong circulation in the middle of the room. Place the head of the bed to be shielded from the strongest draft, but let a good current of changing air play over it.

Interesting to Farmers,

SINCLAIR VS MINTHORNE.

In the spring of '96 A L Minthorne received peas from Henry Sculthorpe to plant on his land by the usual agreement with Mr Sculthorpe has with all the farmers who get his peas. When the peas were delivered at Port Hope by Minthorne, and before the money was paid by Sculthorpe to Minthorne, Dougal Sinclair garnisheed the money in the hands of Sculthorpe.

Mr G H Hopkins and Mary Ann Minthorne, wife of the primary debtor, claimed this money under a chattle mortgage held by each and a land mortgage under the chattle mortgages on account of their covering all the peas to be grown on the lands during the currency of the mortgage.

The case was tried at Port Hope and judgement was given for Sinclair and against the claimants. A new trial was granted on application, and again the judgement was given in favor of Sinclair and against the claimants by His Honor Judge Ketchum.

The claimants and primary debtor Minthorne appealed, as was their right to the Divisional court at Osgoode hall. The case was argued on Tuesday, 14 inst, before Chief Justice Armour and Justices Street and Falconbridge, Mr Hopkins appearing on behalf of the claimants and Mr Anderson of McSweyn & Anderson on behalf of Mr Sinclair and Mr Sculthorpe.

After a lengthy argument by Mr. Hopkins, the judges were unanimous that the appeal should be dismissed with costs.

This is interesting to the farmers who grow peas for Mr Sculthorpe, as it settles the question as to the ownership of the peas when grown; and also settles the point that no mortgagees of the land on which the peas are grown, or no mortgagees of the chattles, can come in and claim those peas under either of their mortgages or even the amount of money that Mr Sculthorpe to pay to the producers of the peas.
