ONE HONEST MAN.

Dear Editor.—Please inform your readers, that if written to confidentially, I will mail, in a sealed letter, particulars of a genuine, honest, home cure, by which I was permanently restored to health and manly vigor, after years of suffering from nervous debility, sexual weakness, night losses and week shrunken parts, I was robbed and swindled by the quacks until I nearly lost faith in mankind, but than 't heaven I am now well, vigorous and strong, and wish to make this certain means of cure known to all sufferers. I have nothing to sell and want no money, but being a firm believer in the universal brotherhood of man, I am desirous of helping the unfortunate to regain their health and happiness. I promise you refect secrecy. Address with stamp, WM. T. MULFORD, Agents' Supplies, P.O. Box 59, St. Henri, Que.

Warning to Boys. Agents of the Grand Trunk system have received this notice :- "You will please notify the parents of young people and the lads themselves that they must remain away from jumping on and off cars either standing or in motion. Take the names of each so notified and if after notifying them they persist in disregard ing the inst uctions refer the matter to the proper official and a detective will be sent out to prosecute them for trespass. Let the parents thoroughly understand what steps will be taken." The above warning has not come too soon. It is a wonder that some of our town boys have not been injured before now as they have been seen doing what is mentioned in this warning. If the officials in issuing this notice had also inserted that men who use blasphemous and filthy language in the hearing of ladies and children would be prosecuted, it would be taken as a favor by the public. The language used by some men who go to our town station is disgusting and should be stopped and the order cannot come too soon for all concerned. I am told that if it is not stopped, that some parties who have busi ness at the station intend to write to the officials who issued the warning quoted.
