

After Many Years
A SUFFERER IS RESTORED TO HEALTH AND STRENGTH.

Suffered From Weak Heart and Could Not Safely Walk Any Distance—How the Pulse of Life Was Adjusted.

From the Cornwall Freeholder.

The romance of unwritten facts of real life far exceeds the rich elaborations of fiction. A peep behind the scenes would furnish us with adequate proof that there is more of care, trial and severe anxiety in human life than floats on the surface. We find many whose experience has almost incessantly fluctuated between health and sickness; little if any of this is obtruded upon the notice of the world, or breathed into human ear. You may secure the confidence of some of these sufferers who will rehearse to you dark catalogue of pains and aches that are often ill understood by the friends and inadequately treated by the physician. Thanks be to the mighty genius that discovered the now famous panacea for the ills to which humanity is subjected when suffering from impoverished blood or a shattered nerve system. Thousands have, and thousands are still using to the greatest advantage Dr. Williams' Pink Pills. They have passed the ordeal of experiment again and again with ever increasing honor.

The following statement is from one who was rescued from seeming permanent enfeeblement and distressing heart action. Mary Fisher, of Lancaster township, Glangarry county is a maiden lady. About eight years ago Miss Fisher was seized with weakness and a distressing sensation in the region of the heart. It was attributed to several causes, all possibly more or less true, they were overwork, exposure etc. She was certainly weak and the action of the heart was abnormally rapid. The doctor in attendance pronounced the ailment nervous palpitation of the heart and she received treatment accordingly for two years. At this stage she took to her bed she was so low. For twelve months she lay receiving only domestic attention. She improved somewhat, however, and was able to be taken to a friend of hers near Lancaster village. Mrs J Haucy where she was under medical attendance and took medicine for about three years. At the end of this time she could not safely venture to walk out even a short distance. All this time she complained of her heart. About two years ago she began taking Dr Williams Pink Pills, from that date she began what proved a steady restoration of nervous energy. During the summer of 1896 the improvement was marked. She was able by the middle of the summer to do as much work and walking as most ordinary women and to satisfactory and apparently permanent is the cure that Miss Fisher has gone to her former home. Such are the unvarnished facts of a remarkable case. The malady was persistent, tenacious and hard to fight. But the constant use of Dr Williams Pink Pills wrought a marvelous change, which Miss Fisher's friends would be profited to know to many others.

Dr Williams Pink Pills cure by going to the root of the disease. They renew and build up the blood and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr Williams Pink Pills for Pale People.

CANNINGTON.

A sad bereavement.

The news that Mrs Joshua Shier had passed away during the night came to the village as a shock on Monday morning last. On Wednesday, Sept. 9th, while preparing dinner, Mrs Shier was suddenly stricken with a stroke of paralysis, it is supposed as the result of the intense heat, since which time until she died she laid in a semi-conscious condition from which it was hoped she would recover but in spite of most careful nursing she succumbed. The blow that has fallen upon the family has evoked the widest sympathy and regret, for Mrs Shier, with her husband, enjoyed the esteem of the citizens of this town and vicinity generally. She was a daughter of Mr. John Francis of the township of Brock, and has been a resident of Cannington for upwards of twenty eight years, and was her age at time of death. Besides her husband, three sons, Mr. J J Shier of this town, Mr. A H Shier of Beaverton, and Mr. H Shier of Newark, N. J., are left to mourn the loss of a loving wife and devoted mother. Mrs. Shier was a general favorite with all who came in contact with her. The funeral on Wednesday was largely attended after divine service in the Methodist church burial took place in Cedarvale cemetery.—ECHO.

BROUGHAM.

Mrs Dunham is slowly improving. Albert Rescor and wife, of Teath line Markham, were here this week with his sister, Mrs Willis.

John Dalos walks with a limp this week, he having his knee jammed between two wagon hubs. The injury might have been much more serious.

Will Mathews horse broke out of his enclosure on Jarvis street, Toronto, and strayed away and after about a month's absence was found at Vivian.

Mr Coltman and family have returned from visiting friends in Western Ontario, after being away from here for about three months. We are pleased to know that he is very much improved since his departure. Much sympathy is felt for Mrs Coltman, who was called upon to mourn the death of her mother but a few weeks ago.

While cutting bands at Smith Brothers the other day, Frank Ham was with a severe accident. A sheaf was thrown from the mow and striking the knife drove it into Frank's hand. The wound had profusely for considerable time, but eventually the flow was stopped and he is now doing nicely. Lockjaw was feared for a time.

Good Blood and Sound Muscles.

Scott's Emulsion is a blood-making and strength-producing food. It makes that feeling of utter helplessness which takes possession of one when suffering from general debility.

GREEN RIVER.

Jennie Leonard is some better. Miss Palmer is visiting her cousins, the Misses Burke.

Wm. G. Barnes is overhauling his factory machinery and repairing the dam.

Scarcely any fall plowing done here on account of the hardness of the land. Miss Hattie Hutchison spent a few days last week visiting her friend, Miss Calvert.

Mrs. Hutchins, and Mrs. McNealy spent a day last week with Mrs Marks, Kingston Road.

Geo Ferrier, who had his knee cut sometime ago, is getting along very well although confined to bed.

Will Robinson, who has been sick so long, has improved since last writing. We hope it may be for the best.

D. Hoover has taken possession of his newly rented farm. I think it is situated at the C P R crossing on the 7th concession, Pickering.

CHEBBYWOOD.

Miss M Ressor is visiting with Miss Main for a few days.

Miss M J Burkholder is visiting with her many relations around here.

W Burkholder has sold his goods and chattels to Mr Hood, of Whitby.

Mrs S Hollinger is visiting down east with her daughter, Mrs Graham.

Mrs J Henderson is on the sick list. We hope to soon here of her recovery.

By a runaway accident on Saturday, D Collins had the misfortune to break one of his legs.

Miss Tena Lawson is spending a fortnight with friends at Toronto and St Catharines.

Some of the chosen few had a pleasant trip down to Black's on Tuesday night of last week and after reaching there decided to go to Rosebank. Getting to that place there were no boats to be had so they returned much fatigued and secured a scow and proceeded down the river.

Sometimes it seems to weary woman that she must certainly give up. The simplest and easiest work becomes an almost insurmountable task. Nervousness, sleeplessness and pain harass her and life seems hardly worth the living.

Dr Pierce's Favorite Prescription was made for her. Dr Pierce's Golden Medical Discovery was made for her. The former for its distinct features, the other for her general system. Together they supply a scientific and successful course of treatment. The "Favorite Prescription" restores healthy, regular action to the organs distinctly feminine. It forces out all impurities, strengthens the tissues, always inflammation. The "Golden Medical Discovery" makes appetite, helps digestion, promotes assimilation, fills out the hollows in cheeks and neck with good solid flesh and brings back the gladness glow of girlhood.

Send 31 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo N.Y. and receive Dr Pierce's 1008 page COMMON SENSE MEDICAL ADVISER, illustrated.

BOWMANVILLE.

Mr Robt Beith, M P, had splendid success at the Toronto Industrial Fair again this year, taking the usual number of sweepstakes, first and second prizes. The awards are: In the cob class the grey mare Miranda won first prize and the sweepstakes for grey stepper in harness. The pony Greta won first in the pony class in harness. The brown mare received first prize in the over 13.2 and under 14.2 class, single drivers. Bianco, the yearling hackney was an easy first. Second prizes were awarded to carriage team, cob in harness, hackney stallion, hackney mare and foal (Monas Queen), 2 yr old hackney filly, yearling hackney colt Lorenzo and for hackney foal. This is a very satisfactory record for one exhibitor. Mr Beith's stables on the grounds were thronged with visitors to see his fine horses.

Your Cough,

like a dog's bark, is a sign that there is something foreign around which shouldn't be there. You can quiet the noise, but the danger may be there just the same. SCOTT'S EMULSION of Cod-liver Oil is not a cough specific; it does not merely allay the symptoms but it does give such strength to the body that it is able to throw off the disease.

You know the old proverb of "the ounce of prevention?" Don't neglect your cough. A book which will tell you more on the subject sent free on request.

Your druggist keeps Scott's Emulsion of Cod-liver Oil. Put up in 50 cts. and \$1.00 sizes.

LINDSAY.

Sheep killed.

From various parts of the country come reports of sheep being done to death by dogs. Within a radius of five miles of Lindsay over one hundred sheep have been killed inside of two weeks. The loss to owners is something like \$500 which is more than a whole train load of dogs are worth. On Saturday night last no less than thirty were killed, presumably by town dogs, Mr Frank Gibbs of Ops losing eleven and Mr Thompkins of Fenelon nineteen.—Warder.

Tuesday of last week a carload of hogs arrived at the Toronto cattle market from Essex county. Up till Saturday they remained unsold from the fact that the animals had been fed on corn. The price of pea fed hogs during the week was \$5.00 and every such hog found a ready sale at the market last week. The corn-fed hogs would not bring \$5, although they were offered at that figure. The principal dealers in hogs refuse to handle corn-fed pork at any price, as it is unsuitable for the English export trade. This incident serves to establish the view that pea-fed hogs and corn-fed will rank as two different grades, having distinct values, and that one cannot be substituted for the other. Feeding corn to hogs does not promise to be satisfactory to either the farmer or the dealer.

Partridge are going to be a scarce luxury in this section this fall from all accounts. Local sports report that the birds have almost deserted their former haunts. So far but few of these dainty game birds have put in an appearance at Sturgeon Point, where in former years they were very plentiful. Various causes are assigned, among them wanton destruction last fall and a cold, wet spring. Wood ducks are also fast disappearing from this section, and are very scarce this fall.—Watehman.

Columbus.

The Maple Leaf Farmers Mutual Fire Insurance Company passed over \$60000 of new business at the last meeting of the Directors, which looks like living and at a prosperous rate.

The attraction this week is the Kickapoo Indian show. The representatives give concerts and sell remedies; the former are gratis, and the latter for all who like to buy.

Mr Lou Richardson is at present in England with a carload of horses, shipped from the Oshawa G.T.R. station. He is expected home again by the end of the month.

R Hopkins, who broke his leg some time ago, is around the house again on crutches, and hopes soon to be around again.

MARKHAM.

A bad bite.

Robt Thompson, driver for Robinsons ginger beer wagon, was here on Thursday of last week and while in the Franklin House sheds he looked into the cattle yard. Just as he was about to turn away one of the cows bit him tearing his face badly and almost laying the cheek bone bare.

Fell Dead.

Mr Frank Tefft, of Hanover, brother of Mr R C Tefft and well known in this vicinity fell dead on the exhibition grounds at Walkerton on Thursday of last week. He had not been well for some time past, heart failure was the cause of death. Mr R C Tefft attended the funeral which was held in Hanover on Sunday and has the sympathy of all in the loss of his brother.—Sun.
