The absence of Mr Gibson makes the trial doubly difficult to bear and few mothers heart under such trying circumstances. Mrs Gibson has been called upon to follow many relatives to their last resting place within a comparatively short time, but this last blow is the heaviest which she has to endure. We are glad to hear of her extending sympathy to Mrs Gibson and her aged mother, Mrs. Hockingbottom.

Town By-law re bicycles.

The only bylaw ever passed in this town regarding the obstruction of sidewalks by vehicles, was dated February 17th, 1855, and is signed by James Rowe as mayor. The clause which is now held by some as being applicable to bicycles is as follows: "No person shall ride any horse or vehicle on any sidewalk, except at the entrance of a gateway." Another very peculiar section says: "No person shall be allowed to use a wheelbarrow, hand cart, sleigh or wagon on any of the public sidewalks of the town, vehicles used for the health and airing of children only excepted." The bicycle was unknown here at the time this bylaw was made, but by a decision of the courts since given the bicycle is held as being a vehicle, which brings it under the first clause quoted. It looks like a very queer thing to dig up an antiquated bylaw and apply it to an article which had not been invented when the bylaw was passed, which bylaw could only be made to apply by inference from decisions of the courts. A case founded on such a basis ought to be freed out of any court. No law should be made to apply to inventions that were not thought of when it was enacted, the regulation which could not have been contemplated at that time. A court might as well apply if moral law to the affairs of today. Some say that this line of argument would enable horseless carriages to go on sidewalks, and that they will naturally be defective and incomplete. To expect a magistrate to perform the mental operation of making bylaws up-to-date which were passed to regulate arks, chariots and other things which existed before the fact, and to make these bylaws apply to bicycles, horseless carriages, and flying machines of today, is too much. Some English laws a few centuries old are applicable to the affairs of to-day, but only in such a manner that they might be applied to the things of today.

On Monday afternoon Herb Cassidy of the Tontout cycle club left the Don bridge at 1.56 p.m. and with the aid of a strong sou'wester, pedaled towards Whitby, endeavoring to break the Toronto-Whitby record, which he did by one half a minute, arriving at the Whitby house at 3.23. His time was 1.27. A train at Pickering detained him about three minutes.

The town has rested for a long time in the show line, but was blest with two this week and between \$200 and \$300 was sent out of town. People have plenty of money for amusement, even if they are short on other things. These travelling troupes take every precaution not to leave a cent in town. They allow the smallest possible rate to hotels and draymen, and bring all their printing with them.

Finnigans Fortune.

A Whitby audience is always well entertained by an Irish play, such was the case on Tuesday night when Finnigans Fortune was presented in the music hall by George Almante and company. The leading role "Larry Finnigan" was well sustained by Geo Almante and Miss Dolly Theobald as "Katy" highly delighted the audience. The comedy throughout was very funny and the audience were highly delighted and went away well pleased with the nights fun.

To Correspondents.

J. B.—We are of opinion that it is a fake. Use a three cent stamp to find out. That is the only way we can take to find out for you.

M.W.—Your memorial lines are well intended, and do your heart good, but from a literary standpoint would cause criticism and amusement. For instance "above" does not rhyme with "loved," and if it did you cannot use the same rhyme words in every stanza and make your poetry sound so well. It would afford us great pleasure to read some sweet, loving lines about the dear little one who has gone away to rest, but the same rules which govern all other literary productions have to be applied to memorial verses. You should not write twelve syllables in one line and nineteen in the line that is to rhyme with it. Poetry is measured as carefully as satin. Even the most comical or nonsensical productions have to be subjected to the strictest rules of versification.

The Game Laws.

The only change made in the game laws of 1897 was the extension of the close season for wild turkeys, Prairie chicken and English pheasants to 1900 and the prohibition of the sale of snipe, woodcock, partridge, and quail till 1900. These are only the changes of importance affecting the game laws. The regulations as to deer hunting and the open season for all game remain as before: deer Nov 1st to 15th, moose, reindeer, elk and cariboo prohibited till 1900. No deer to be killed in the water and no one to hunt without a license, to be had for \$2. Only two deer to be killed by one person in one season for grouse, partridge, woodcock, snipe, teal, plover, black and grey squirrels and hare Sept. 15th to Dec. 15th, quail, Oct. 15th to Dec. 15th. Swan or goose, Sept. 15th to May 1st. Ducks of all kinds, Sept. 1st to Dec. 15th. Cottontail rabbits may be killed at any time. No shooting allowed half an hour after sunset and half an hour before sunrise. No game can be exported from the province, and non-resident can hunt without a license. The open season for other and beaver, Nov. 1st to April 1st, but no beaver to be hunted or to be taken before 1900. Muskrat may be killed from Jan. 1st to May 1st, and may be trapped at any time during the month of April.

A woman with a very sad tale went through the town yesterday selling papers of pins for 5 cents each. She afterwards accompanied a man sat in a very prominent place on the street and the two of them regaled on a pair of beer.

By the Globe we see that John Bright, Myrtle; John Vipond, Brooklyn; R R Mowbray, Kinsale; Edward Cooper, East Whitby; and John D Howdon, Whitby, all farmers incorporated as the Farmers Hedge and Wire Fence Company, Ontario, Canada. We understand that Mr Chapple of Uxbridge has been managing the legal part of the business for them.

Mr McPhee, of Iowa, is again in this vicinity buying stock. He bought four of the best Ayrshires at Guys sale on Wednesday, paying good prices. They will be taken to the stables for breeding purposes. Mr McPhee has become well known in this vicinity; he pays good prices and by his honest dealing commands the respect of all the farmers of the community.

The Dominion and World's Womans Christian Temperance Union convention will be held in Toronto, October 20th to 26th and will be a gathering of distinguished representatives from all parts of the world. Prominent W. C. T. U. delegates will occupy all the pulpits on Sunday, 24th inst. Single fares on all railways, tickets good to return until November 9th. A young farmer of very close texture who lives west of this town, visited the town barber shops three months ago and tried to stand them off for a hair-cut at half rates. He failed, and had to pay regular rates. The other day he tied again to secure special services on a preferential basis. In one of the shops he bantered hard, and kept up at the same time a forward movement towards the chair, in which he planted himself, still holding out for a special rate. The barber at last declared that he would not cut hair at less than regular prices, but that where people could not afford to pay he would do the work for nothing. The young farmer argued no further, and had his hair shorn, after which he bid times were too hard for him to pay, and walked out, leaving the barber to make his living of honest men.

Anniversary Services.

These services will be held in the baptist church next Sunday when Pastor J J Ross, of Uxbridge, will preach in the morning at 11 and in the evening at 7. A series of special evangelistic meetings follow during the week, beginning each evening with a song service at 7.30 and followed by preaching by Mr Ross at 7.45. Single fares from Whitby and country cordially invited to attend these meetings.

Conductor McMillan Transferred.

Conductor John D. McMillan has been transferred to Belleville, from whence he will conduct the express between Belleville and Peterboro, the new route of the party to the popular conductors many friends, and will cause the removal from town of one of our best citizens in every sense of the word. Conductor McMillan has been here for nearly thirty years and has thousands of warm friends here and elsewhere. As a man dealing with the public he has proved a most capable and courteous officer.

Anniversary of Dr Cade.

The Rev Dr Cade, of Belleville, preached the anniversary services in the Methodist tabernacle on Sunday last to large congregations. The subject in the morning was Pauls exhortation to the Elders of Ephesus "Remember the words of the Lord Jesus, how He said, It is more blessed to give than receive," and in the evening on the "Cure of Naaman the Syrian." Both discourses were of a high order of merit, and were heard with great pleasure by the congregation.

The Misses Rice of Oshawa assisted the choir in singing at both services. The services were a grand success, the contributions being almost \$400, which is considerably better than last year. Dr Cade spent Monday in town and was most busy shaking hands with his old friends who were delighted to see him.

Chronic Grumblers at Work.

The Gazette comes out two weeks after the exhibition here with some fair notes, in which it starts a rumor that Messrs Woodruff and Crawford are not to be paid their prizes for trying because the prizes were sold. We believe it will be generally conceded that there never was as good a racing programme at Whitby fair as this year, and no person can say for a moment that either of those named above did not trot their horses at the utmost speed. If anybody else pulled their horses these men are not to utter the penalty. We doubt not that the chronic grumblers of this town would have gone away happy if outsiders had captured all the prizes for speed. That sort of criticism is what has made Whitby amount to nothing, with all its facilities. If anybody deserved punishment for pulling horses here it was those who refused to give the prizes, and those who refused to give their horses to the utmost and giving the money to the outsiders.

The Board Meeting of the Womans Missionary Society of the Methodist Church.

C. T. U. This assembly will be composed of ladies from every province of the Dominion and Japan, their delegates will be open to the public at all times, public meetings will be held in the church on Tuesday and Wednesday evenings. The following is a partial report of the services: Roll call. Report of Nominating Committee. Field corresponding secretarys report. Treasurer's report. Home Supply Committee. Reports from mission societies—Japan, India, Wednesday, 8 p. m. Field—Japan, France. On Wednesday, 8 p. m. testimony meeting will be held. It will be followed by the sacrament of the Lords Supper. Social arrangements are being made for the musical programme which is being given by the society. Every effort will be made and it is hoped distinguished strangers may be secured on a pleasant and profitable as possible.

Every Saturday Tourists Sleeping Car Route to California

Commencing next Saturday night, and continuing every Saturday night thereafter, Midland Route tourist cars en route to Colorado, Utah and California will leave the Chicago Union passenger station of the Chicago, Milwaukee & St Paul railway at 10 o'clock, running over the Chicago and Omaha Short Line to Omaha, thence via Lincoln, Neb., Colorado Springs and Leadville, Colo., Salt Lake City and Ogden, Utah, Reno, Nevada, and Sacramento, Cal., arriving at San Francisco at 8.45 p.m. Wednesday. As will be noticed, this route is Midland through Northern Illinois, Iowa, Nebraska, Kansas, Colorado, (through the heart of the Rockies), Utah, Nevada and California, affording a perfect panoramic view of prairie, mountain and coast scenery. These popular every Saturday California excursions for both first and second-class passengers (not foreign emigrants) are operated by families or parties of friends competent and courteous "couriers" who will attend to the wants of all passengers en route. This is an entirely new feature of tourist car service and will be greatly appreciated by families or parties of friends travelling together, or by ladies travelling alone. Particular attention is paid to the care of children who usually get weary on a long journey. Remember that the Midland route tourist cars are sleeping cars and are supplied with all the accessories necessary to make the journey comfortable and pleasant, and the sleeping berth rate is but \$6 (for two persons) from Chicago to California. Ask the nearest ticket agent for a tourist car "folder," giving complete information about the Midland route, or address "Eastern Manager Midland Route," No. 95 Adams street, Chicago, Ill., or A J Taylor, Canadian Passenger Agent, C. M. & St. P. Ry., 2 King street east, Toronto, Ont. Single fares from Toronto to Chicago, and return order received up to each Saturday morning. First come, first served.
