would include the cure of every form of disease which affects the throat and lungs. Asthma, Croup, Bronchitis, Whooping Cough and other similar complaints have (when other medicines failed) yielded to

Ayer's Cherry Pectoral.

### A KINGSTON MERCHANT

TELLS OF HIS RELEASE FROM THE PAINS OF RHEUMATISM.

It Had Afflicted Him for Upwards of Ten Years and Many Remedies Were Tried in Vain -Dr Williams Pink Pills Effected His Release.

From the Freeman, Kingston, Ont.

Fifteen years ago Mr Alexander O'Brien, the popular I'rincess street tailor, was one of the most athletic young men in Kingston, both as a foot racer and otherwise. Eleven years ago he commenced business and shortly afterwards was stricken with rheumatism, which caused him much pain, loss of rest, and neglect of business. He states that

pills a trial, and according to Mr O'Brien it was a lucky venture. After the first box had been taken, customers noticed the change, and when three boxes had His strength had returned, impoverished that milk which is liquid has a larger asthma and consumption. It is pleasblood renewed, muscles developed, proportion of solid contents than have ant, quick and certain. 25 cents. rheumatism almost disappeared, barring many articles of food. Milk averages a slight stiffness in knee joints, which is 85 per cent. of solid matter, of which a gradually going, and in the last six considerable part is albumen. It is good health after such a long seige of ill solid of the potato is mainly starch. alarm was given at the signal box, the ness. Without hesitation he replied. That of milk is divided between case-"Well, I have taken no medicine in the ine, butter fats and sugar, the last of brigade were on the scene in a hurry, past year other than Dr Williams Pink which is found in whey, which, even only to find out it was a false alarm. Pills, therefore I attribute my present though it be soured, shows by that such a good effect in driving the fact that it has had some sugar in it. condition solely to their use. They had rheumatism out of my system and building up my shattered consitution, that my wife whose health was not any too good also tried the pills. A few boxes remedied her illness and she, too, is as loud in her praise of them as I am. Many of my customers and friends who witnessed the effect of the pills on my constitution commenced to use them, and they relate the same story as I have told you. I am as well now as ever I was in

my life. Dr Williams Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengther the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapping bearing the full trade mark, Dr Williams Pink Pills for Pale People.

UDOBA

Mrs C Peers is slowly recovering after her recent illness.

Miss G Stephenson, of Leaskdale spent Sunday in our midst.

Mis B Tennyson has returned home after a two weeks holiday in Sutton. We are sorry to hear of Mrs M Um-phreys illuess, but hope to hear of his Hall, Esq., stove and tinware dealer, Peterspeedy recovery.

Quite a number from here attended leg and the Uxuridge la. and all claim to have terrible; tried many eminent doctors and wa spent a good time.

Before the honourable gentleman could impress his identity upon the great thing is to prevent scour is posusher, he was ordered also to take sible by the careful changing of food "one of those back seats against the

Being unwilling to be drawn into an argument with Mr Usher in the presence of the vast audience, he obeyed orders without murmuring, and joined the former leader of the Liberal party in "one of those back seats against the

When Secretary Somers looked upon the platform a moment later he stood aghast. The sight of Hon. Edward Blake and Hon. John Dryden sitting in the back seats was too much for his usual patience and evenness of temper. Hunting up the innocent offender he gave him the grand bounce, and then brought the two gentlemen down from the back seats to instal them in the seats of honor. The incident was hugely enjoyed by the crowd.

A. H. ALLIN, Chemist and Druggist.

A Remedy for Scour Calves.

Scouring in calves gives trouble to all, and sometimes causes very serious loss on a few farms. It is an infectious dysentery in the young animals, and frequently less than 10 per cent. of those attacked are saved. The more general trouble is known as white scours or gastroenteritis, and most farmers have a private remedy for it. A and attention to diet generally. On looking through the cow houses on a large Danish dairy farm recently, I noticed that in the troughs in the calf

pens there were always two lumps for the animals to lick. One was the customary piece of rock salt and the other a piece of chalk, To an enquiry, the learned professor who had the farm under his direction replied that it was to keep the calves from becoming sour in the stomach. He added that rock salt and chalk were always easily accessible and the calves were never or rarely troubled with the complaint which is so prevalent. In all probability it may be an old-fashioned precaution, known to many people, as prepared chalk is a constituent of some remedies for diarrhoea and scouring, but it is not generally followed. It is easy of trial, and those who put it to a rest would do well to relate their experience, favorable or otherwise, as the case may be, for the benefit of others.

### MARKHAM.

was an ill considered joke and not appreciated either by the brigade or those citizens who left comfortable beds to find out where the fire was. And it is just possible that an ember from this same fire caused the conflagration the following night.

Barne burned. About half-past ten oclock Saturday morning last the fine barns belonging to D W Raymer, lot 8, rear 7th con Markham, about a mile south of Markham village, was discovered to be on fire and in an hours time there was nothing left but a heap of smouldering ashes-all that was left of the buildings and the crop of one hundred and fifty acres. The barn was practically a new one, having been remodelled about two years ago with stone stables underneath, at a cost of 9 \$1200, and was worth fully \$2000. With the exception of a couple of loads o wheat and oats all of this seasons cro was in the buildings, nearly all unthrea ed, and the loss on the crops will be full \$1500. The implements burned, plou fanning mill, pulper, cutting box, wagon sie cha and cutters, etc, will total up as 3500. So at a low estimate wer will 1 - out fully \$3500 on which to and not one cent of insurance. - Econ
