

Beautiful eyes grow dull and dim
As the swift years steal away
Beautiful, willowy forms so slim
Lose fairness with every day.
But she still is queen and bath charms to spare
Who wears youth's coronal—beautiful hair.

Preserve Your Hair

"and you preserve your youth. A woman is as old as she looks," says the world. No woman looks as old as she is if her hair has preserved its normal beauty. You can keep hair from falling out, restoring its normal color, or restore the normal color to gray or faded hair, by the use of

Ayer's Hair Vigor.

BROUGHAM
Mrs Bateson has thoroughly recovered.
Mrs John Cowie is very slowly improving.
The larger stolen from the premises of one of our citizens a short time ago has not yet been recovered, but Monday week the empty keg piece that had evidently been attached to a watch chain. As this coin is the property of one of our most prominent business men, there are many queries afloat.
Mrs Hargrave has disposed of her household effects and will in future reside with her son, Staff Captain Hargrave, of the salvation army. The captain and his wife have been here for the past week assisting the old lady to prepare for the move. Mrs Hargrave has been a resident of Brougham for a number of years, and we all regret her removal.
When returning from a short absence from his shoe store, on Monday week, Bro Bodell was surprised to see what he supposed to be a man standing in the shelter of his door way, so he at once challenged the bold burglar, but there was no reply. After three charges he attacked the stranger and found that it was a horse-blanket that had been removed from the harness shop door.

UDORA
The many friends of Mr John Ludwick sr., were much surprised and painfully shocked to hear of his sudden death Monday morning. Mr Ludwick has been in apparent good health, but on Sunday morning he was suddenly taken with a pain in the heart and gradually sank, dying on Monday morning. Mr Ludwick was one of the pioneers of Brook, and his old pioneer friends will regret his sad and sudden demise. The funeral took place on Tuesday to the St. John cemetery.
While strolling through the many front and back streets of the village one evening last week, several of our respected citizens were surprised at seeing a bright light passing overhead, which on careful examination proved to be lights in a balloon passing toward the north-west. Since reading the report of the balloon passing over the city of Montreal the evening before, we conclude this was the same, but no further account does there apparently be.
By request we would suggest that the members of our L. O. L. 571 turn out in good force at the next meeting on 12th inst., as business of importance preparatory for the annual December meeting is to be transacted.

CHERRYWOOD
8 Green is the proud father of another son.
We are pleased to learn that Hubert Hedges is on the mend.
Everybody is plowing, threshing or hauling turps these days.
Hallowe'en was not celebrated in this vicinity. We feel proud of our boys in consequence.
Our organist being absent from the service on Sabbath evening, Mrs Poynter kindly filled the position.
It is our painful duty this week to mention two deaths in this neighborhood. The first is that of Miss McCraight which occurred Friday morning from a tumor, which had troubled her all summer. Through the cause was removed very skillfully on Wednesday yet she seemed too weak to rally after the operation. And to our south on Saturday, Mrs Picken, aged 88 years, passed quietly to her rest. The sorrowing relations have the sincere sympathy of the entire community.

TYRONE
Mr and Mrs Z Pollard, Lindsay, visited friends here recently.
Several of our citizens are on the move; Mr J Colwill, jr, being about to move over to his father's, has rented his house to Mr F Wilbur. Mr Jas Morris will move in the house occupied by Mr Wilbur which he recently purchased.
Mr A E Clemens made a flying trip to Mariposa to accompany Mrs Clemens and Miss Florence home after their pleasant visit.

ONE HONEST MAN.
Dear Editor.—Please inform your readers that if your particulars of a genuine, honest, home cure, by which I was permanently restored to health and vitality after years of suffering from nervous debility, sexual weakness, slight loss and weak muscular parts, I was robbed and deceived by the quacks until I nearly lost faith in mankind, but thank heaven I am now well, vigorous and strong and will share with you my knowledge to all sufferers. I have nothing to sell and want no money, but being a believer in the universal brotherhood of man, I am desiring of helping the unfortunate to regain their health and happiness. I promise you perfect secrecy. Address with stamp, W. T. MULFORD, Agent's Supplies, P.O. Box 95, St. Henri, Que.

ENFIELD.
Recent Visitor: Mr Bradshaw of Brantford; Miss Fletcher, Ottawa; Messrs A and N Bowerman, Port Perry; Mrs I and Mrs Ellen Elford, Islay; Mr R Ashton, Columbus.

Green River
A number of visitors were entertained in our village, too numerous to mention. There is no sickness in our village at present. All are in the best of health and spirits.
Miss Iva Fraser has gone to the Queen city to spend a few weeks and see the sights there.
Mr and Mrs A B Collins have returned to their home in Toronto, after spending a few weeks at the home of the latter.
The wet weather does not prevent our general dealer, W A Fuller, from gathering up all kinds of farm produce. He goes rain or shine.
Although the rain Tuesday last made it very disagreeable for taking up roots, yet we were glad to see it as the wells were getting pretty low in this neighborhood.
Although the apple crop is very light around here, it has taken quite a number of barrels to hoop up what there is. We do not give them away by the load this season.

Death Palls the Trigger.
A man doesn't have to pull the trigger of death in order to commit suicide. He doesn't even need a gun or any kind of weapon. All he needs to do is work hard and at the same time neglect his health. Death will hurry. They bolt their food, and get indigestion and torpid liver. The blood gets impure. When the blood is impure, sooner or later something will "smash." The smash will be at the weakest and most overworked point. In a marshy country it will probably be malaria and chills. A working man will probably have a bilious attack. A clerk or bookkeeper will have deadly consumption. A business, or professional man, nervous prostration or exhaustion.
It isn't hard to prevent or cure these diseases if the right remedy is taken at the right time. Dr. Pierce's Golden Medical Discovery makes the appetite keen, digestion and assimilation perfect, the liver active, the blood pure and the nerves steady and strong. It drives out all disease germs. It makes rich, red blood, firm flesh, solid muscle and healthy nerve-fiber. It cures malaria and bilious attacks. It cures nervous prostration and exhaustion. It cures 98 per cent of all cases of consumption, bronchial, throat and kindred affections. Dr. Pierce's Common Sense Medical Adviser contains the letters of thousands who have been cured.
I have been one of your many patients, by taking Dr. Pierce's medicines," writes Mrs. Perla Cook, of Top W. 36 St., Covington, Ky. "Your Favorite Prescription, and Golden Medical Discovery," have saved my life when it was despair of it."

Send for one-cent stamps, to cover cost of catalogue and mailing only, to the World's Dispensary Medical Association, Buffalo, N. Y., for a paper-covered copy of Dr. Pierce's Common Sense Medical Adviser;—cloth binding 50 stamps. A whole medical library in one 1000-page volume.

EPHRA
Mrs A Sanson left on Monday to join her husband at La Portage.
Mr York is moving out of the hotel this week and Mr Espey takes possession.
Peter F Copeland has returned from Goodwood and taken possession of his house and blacksmith shop.
Messrs R. Curl, W. Rae, H. Rae, A. Dafoe and E. York have gone north on their annual deer hunt. We hope they will have good luck and bring home enough to divide among their friends.
Our respected townsmen, Mr W O Law, has finally decided to stay with us another year, so we will have his genial face amongst us still. Will is a jovial fellow and well liked by every one, and we are glad he has decided to stay in Zephyr.
Niagara Falls. Oct. Nov. 4—James D. Ellis, of this place is convinced that he has made a rather strike than has any miner or prospector in the Klamath gold region. He is confident that the return for his investment is better than can be got on the Yukon and that the lead will never play out. And thousands of persons on this continent hardly agree with him. Here in his story I have, for six years, followed intensely from distance. I felt that I could hardly get along, but could get no relief. In despair I bought a box of Dodd's Kidney Pills, and was amazed at the benefit it gave me. I have read these hints, and am perfectly cured.

PICKERING
Raspberries and roses have made their appearance hereabouts during the past fortnight. To be sure the crop is not very extensive, but the quality is good.
W J Marquis, of St Cloud, Minnesota, has been selected as one of a quartette to lead the singing in a large church there. We do not know the amount of salary attached, but presume that it will be of no mean dimensions.
In case his veracity might not be questioned when stating that he had carried as bulky as a modern pine sawlog, Wm Collins left a few of these vegetables with us on Monday. They are much too large for ordinary use, as the ordinary farmer has not sufficient stock between which to distribute a whole one.
Our sidewalks are in need of some attention before going into winter quarters. In case the pathmasters have no money or labor to expend in such a way, why not make a bee one of these fine days and give the boys who do not contribute anything to the maintenance a chance to do a little work for the sake of the village. We scarcely think that the proposition would meet with disapproval when mentioned to the said boys.—News.

Blackstock
Mr. and Mrs. Staples, Toronto, were visiting friends here.
Quite a number of children have the mumps.
Port Perry division favored their Blackstock friends with a visit and programme. The programme was well rendered, especially Bro Braithwaite's speech which was very good, only a little thin, like some ice cream he received here some time ago.
The Presbyterians intend having a Fowl Supper on Thursday Nov 26th.

AT STITTSVILLE!
The Town's Leading Merchant Laid Up
Rheumatism in various forms is one of the most common diseases there is. It arises generally from impure blood and a broken down system. In the limbs it is painful; in most of the internal organs dangerous, and in the heart usually fatal.
The experience of Mr S. Mann, the well known general merchant of Stittsville, is interesting:
"Last winter I was badly afflicted with rheumatism. I decided to try Dr. Chase's Pills. To my surprise, I got immediate relief, and before I had used one box my affliction was gone. I was also troubled with biliousness for years, and at intervals of three or four weeks would be laid up with a severe headache, and sick stomach. Since using Chase's Pills I have not had an attack of either.
"I may add that Dr. Chase's Ointment for piles and skin diseases is just as effective as Dr. Chase's Pills for blood troubles. I have a clerk who sufered terribly from bleeding piles. He tried Chase's Ointment and in a few days was completely cured."

Victoria Corners
Miss Muriel St. John is suffering from lagrippe.
A number from here attended the last sad rites of the late John Brent in Scott.
Our genial postmaster, J J Sanders, has had a slight attack of lagrippe.
Messrs W C St. John, Wm Scott and R Reynolds are out north deer hunting.
Stephenson Bros. are rapidly pushing forward to completion J Brethours new residence.
Mrs Thos Milan was trampled over by a herd of calves, and rather seriously shaken up.
It is expected service will be held in the Methodist church each Sunday evening hereafter.

ORILLIA
The topic of discussion during the week has been the dispute over the removal of the G T R station. The public meeting on Friday night was well attended and the discussion was animated. It re the appointment of a committee to confer with the railway authorities. But even greater interests attached to the council meeting on Monday evening, Grand trunk the resolution notifying the company to the agreement, was rescinded. Councillor J P Scord fought valiantly against this retreat. Finding that the majority were against him, he tried to talk the council down. He did not succeed, but he did make the longest speech on record in the Orillia Town Council, one of the enemies of long-winded orators who is in the habit of timing his availing that it lasted for an hour and fifty five minutes. The councillors good-humour and patience were fretted a little and while his colleagues fretted, new to the deliberations of our august town fathers, it was good fun for the spectators. That speech has been the talk of the town ever since. We regret that space does not admit of reporting it in full.—Packet.

Rheumatism & Dyspepsia Cured
771 St. Patrick St., OTTAWA, JULY 31, 1895.
To the Phrenologic Medicine Co., Ltd., Ottawa, Ont.

Gentleman.—On the advice of a friend I tried one bottle of your famous rheumatic remedy, Phrenoline, and to my surprise it cured me of rheumatism, from which I have suffered for many years. It also cured me of dyspepsia, from which I was suffering at the time, so that I feel now like a new man. I have tried several remedies for rheumatism, some of which did me a certain amount of good, but nothing that I have taken has done so much for me as your Phrenoline, and I have much pleasure in recommending it to other sufferers.
Yours very truly,
(Signed) JAS. CARROLL,
Foreman of Works, Rideau Canal.

Agitation in the world of homoeopathic medicines has been very slow of progress, as in politics and religion—the difficulties of opinion and the individuality of men have been parent to the disagreements by which the standard of these bodies have been elevated. So with most of our famous preparations—foremost in illustration of which truth stands the world-famous remedy to general debility and languor "Quinine Wine,"—and which, when obtainable in its genuine strength, is a miraculous creator of appetite, vitality and stimulant, to the general fertility of the system. Quinine Wine and its improvement, has, from the first discovery of the great virtues of Quinine as a medicinal agent, been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and life-giving stimulants which the medical profession has been compelled to recognize and prescribe. Messrs. Northrop & Lyman, of Toronto, have given to the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which skillful observation and scientific opinion has pointed out in the less perfect preparations of the past. All druggists sell it.
