

### In the... Rain Storm

The man got very wet. The wetting gave him a cold. The cold, neglected, developed to a cough. The cough sent him to a bed of sickness. A dose of Ayer's Cherry Pectoral, taken at the start, would have nipped the cold in the bud, and saved the sickness, suffering, and expense. The household remedy for colds, coughs, and all lung troubles is

### CORRESPONDENCE

#### CLAREMONT.

The repairs to the parsonage are getting along nicely.

Mr McKay, of Scarborough, spent a few days here with his son Alex.

Mrs John Underhill on her west is in disposed this week. May she soon recover is the wish of all.

Mrs Alex Bowes is very ill at present. Her sister, Miss Bell, of Toronto, has arrived and will attend to the invalid, so long as she remains as such.

Mrs James Birrel, of Toronto Junction has been for a few days with friends here about, and is at present with her sister, Mrs Charles W Disney, Mt Zion.

A long list of new books have been placed in the public library and they will be for distribution in a few days. If you are not now a member, become so at once.

Robert Forsythe has been appointed agent for Ontario and Durham counties for a gas firm with headquarters at Hamilton. He intends to push sales in the territory mentioned.

Dr. Eastwood and Robert Ward are seriously contemplating the erection of a fish dam up in Uxbridge, and are now negotiating for the land. We shall all expect to have them make a success of such an enterprise.

We were all pleased to see the pleasant face of John La Faugh on the market Tuesday. He has not attended here for many months, and his return was greeted with much pleasure. We are rejoiced to know that his health is fast improving.

The ruins of the Lawrence fire are not pleasing to the eye of those who drive in to our village from the south, and we should like to see the scattered fence and other unsightly things gathered together before the cold and stormy weather arrives.

C G Pringle, late of Kent Bros., of Toronto, and now of Stauffville, will be at Dr Smiths office, here, on the 1st and 3rd Tuesday of each month, to take orders and collect work in the watchmaking and jewelry line. Orders left with McNab Bros. will receive prompt attention.

Aliee, the thirteen year old daughter of Richard Ward, died at the residence of her parents, east of here, on Saturday week, after but a few hours illness. The little girl was at school on Friday, and retired that evening in apparent health, but on the morrow expired. Some time ago she was kicked upon the head by a horse and her sudden death is thought to be the result of that injury. The funeral took place on Monday when the remains were interred in the Baptist cemetery here. Deceased was a bright child of her years, and much sympathy is felt for the bereaved parents who were deeply wrapped up in her.

#### RAGLAN.

Mr E D Holiday has moved his household furniture into part of Mr. Jas. Hez zelwoods house.

The Sons of Temperance have a concert under the captainship of Bros. A. Gross and W Moffat. A variety of pies and cream is to be the treat.

Following are the officers of the Raglan Division, No. 217, for the ensuing quarter:—W. P., Sister Bells Nicol; W. A. J Hazlewood; B. S., G Malton; A. B. Sister Minnie Wadge; F. S., W Moffat; treas, Sister Annie Moffat; chap, Bro. Netherton; con., F Luke; A. con, Sister Francis Malton; I. S., D Thompson; O. S., W Frankin; P. W. P., Sister Aggie Ormiston; D. G. W. P., Albert Grose.

Mr. H. A. Ross, having purchased the premises formerly occupied by E D Holiday some time ago, has vacated his old place of business and taken his stock of goods and furniture to his new premises, where he is conducting business, and would be pleased to see all his old customers and many new ones call upon him and inspect his goods and give him a trial.

Mrs. M. S. Still has returned from the west, where she has been visiting her daughter, Mrs Stanton.

We are pleased to learn that the Public School trustees of this section have re-engaged the services of Miss B Nicholls for the ensuing year. The interests of the ratepayers of this section are safely guarded by the said board.

**UNBROKEN.**  
Life is precarious. The truth of this was exemplified recently in the death of Lyman Forsythe, implement agent of this town. Two weeks ago he was a strong, healthy looking man knocking around attending to his business affairs. On Saturday last he died of typhoid fever after little over a weeks illness. Mr. Forsythe paid little attention at first to the symptoms of illness and for that reason no doubt was less able to meet its attacks. Deceased was only 42 years of age and leaves a widow and five children. Fortunately he carried two or three policies of insurance. He was a son of J. B. Forsythe of Uxbridge township. The funeral took place to Uxbridge cemetery on Monday afternoon.

**Fire at the Public School.**  
A little excitement was caused last week by an alarm of fire at the public school. No damage resulted, the fire being confined to a ventilating grate in an upstairs room into which some paper had evidently been poked by pupils and a spark from the chimney flue may have found its way to this grate, or else some mischievous youngster touched it off with a match. On account of the protected character of the chimney flue, one is as likely or unlikely as the other. Hoses were quickly started towards the school, but the muddy run was unsuccessary; a few pails of water averted danger. Pupils were quickly dismissed and nothing worse than a little fright and "kwhushin" (as one child put it) occurred.

The next time this town has a case brought against it for a sidewalk accident it would be fortunate if we could have it tried by Judge Dean of Lindsay. Mrs. Mary Copland of that town sued for damages sustained by reason of falling on a loose plank on Kent st. east. The case was tried before his honor Judge Dean, who, while holding that the plaintiff, if entitled to anything, was entitled to \$200 damages, nevertheless dismissed the action with costs on the ground that the town were not insurers against accidents and were not liable. The plaintiff appealed, and the appeal was argued before Chief Justice Meredith and Mr. Justice McMahon at Toronto on Nov 4th, and they dismissed the appeal with costs, affirming Judge Deans decision that the town was not liable.

#### ORILLIA.

**New Station conveniences.**  
The new station at the Diamond will be lighted within by eleven incandescent lamps. An electrician in each of the waiting rooms will give light from four lamps and the office will contain three. Outside there will be four incandescent lamps: one at each corner of the station. The cinder path from the platform to Front street will be lighted by a couple of 32 candle power lamps. The effort to secure an arc lamp failed. The baggage and express room are under one roof in a building now being specially erected. The interior finish of the waiting rooms is out of keeping with the former station style to which Orillia has long ago grown accustomed. The walls and ceiling are of Norway pine, oil finished. Handsome nickel taps and tanks for drinking purposes have been built into the walls of both rooms. The heating apparatus is also up to date. The conveniences are in every way modern.—News-Letter.

#### Accident.

A short time ago as Mr Dan McKinnon, of Mara, was helping at a threshing, a splinter broke from the machine and struck him on the right jaw, making a nasty wound. The injury was tied up and no further notice taken for some days when it began to fester. It was then found that a piece of the splinter had broken off in the jaw. He was advised to go to the General Hospital at Toronto, to have it removed, but was satisfied the job could be done in town. Dr Gilchrist performed the operation, taking out a piece of wood about 1 1/2 inches long.

On Monday a young man named Woodrow, son of Mr Alex Woodrow, of Oro, was brought to town suffering from a paralytic stroke. He was a strong, hearty young fellow, and had been working for a couple of months in Casswell & Doolittles lumber camp. He was apparently quite well when stricken, and had never been known to be ill before. He was taken to a private residence on Front street and medical aid procured, and is now on a fair way to recovery. Three of his comrades in the shanty brought him down, and during the whole journey he was unconscious.

Dr W C and Mrs Gilchrist were called to Theford, Ont, on Monday, to attend a funeral of their brother-in-law, Mr William McKellar. The deceased was a highly respected resident of Kendallville, Indiana, where he held the position of express and telegraph agent. Sometime last May he was snatched from the street, and robbed of \$400, and he never fully recovered from the effects of the injuries received. His death at the last was very sudden. Mr McKellar was a prominent member of the Independent Order of Oddfellows, and the funeral arrangements were in charge of that body. Two representatives of the order accompanied the widow and family from Kendallville to Theford and remained until the brothers remains were consigned to the family burial plot. He leaves a widow and two little girls. Mrs McKellar spent a summer here with her sister, some four years ago, and will have the heartfelt sympathy of the many friends she made on that occasion.—Times.

**A Queen City Incident.**  
How a Valuable Life was Saved—A Story that is Becoming quite Common Now—Common Sense Actor, Prevents Death.

TORONTO, Nov 22—A well-known retired real estate broker, J. McPherson, 440 King Street West, this city, makes known another victory for Daddys Kidney Pills, having received a new lease of life by their use. He states that he suffered greatly from the effects of a sluggish liver, and its long train of attendant miseries. For months he doctored, using one so-called remedy after another, but getting no relief. At length he turned to Daddys Kidney Pills. One box cured him. That is the story—the invariable story where these health-giving pills are used. They never fail. They are the one unerring conqueror of kidney and liver disease.

What a difference it makes whether people laugh with you or at you.

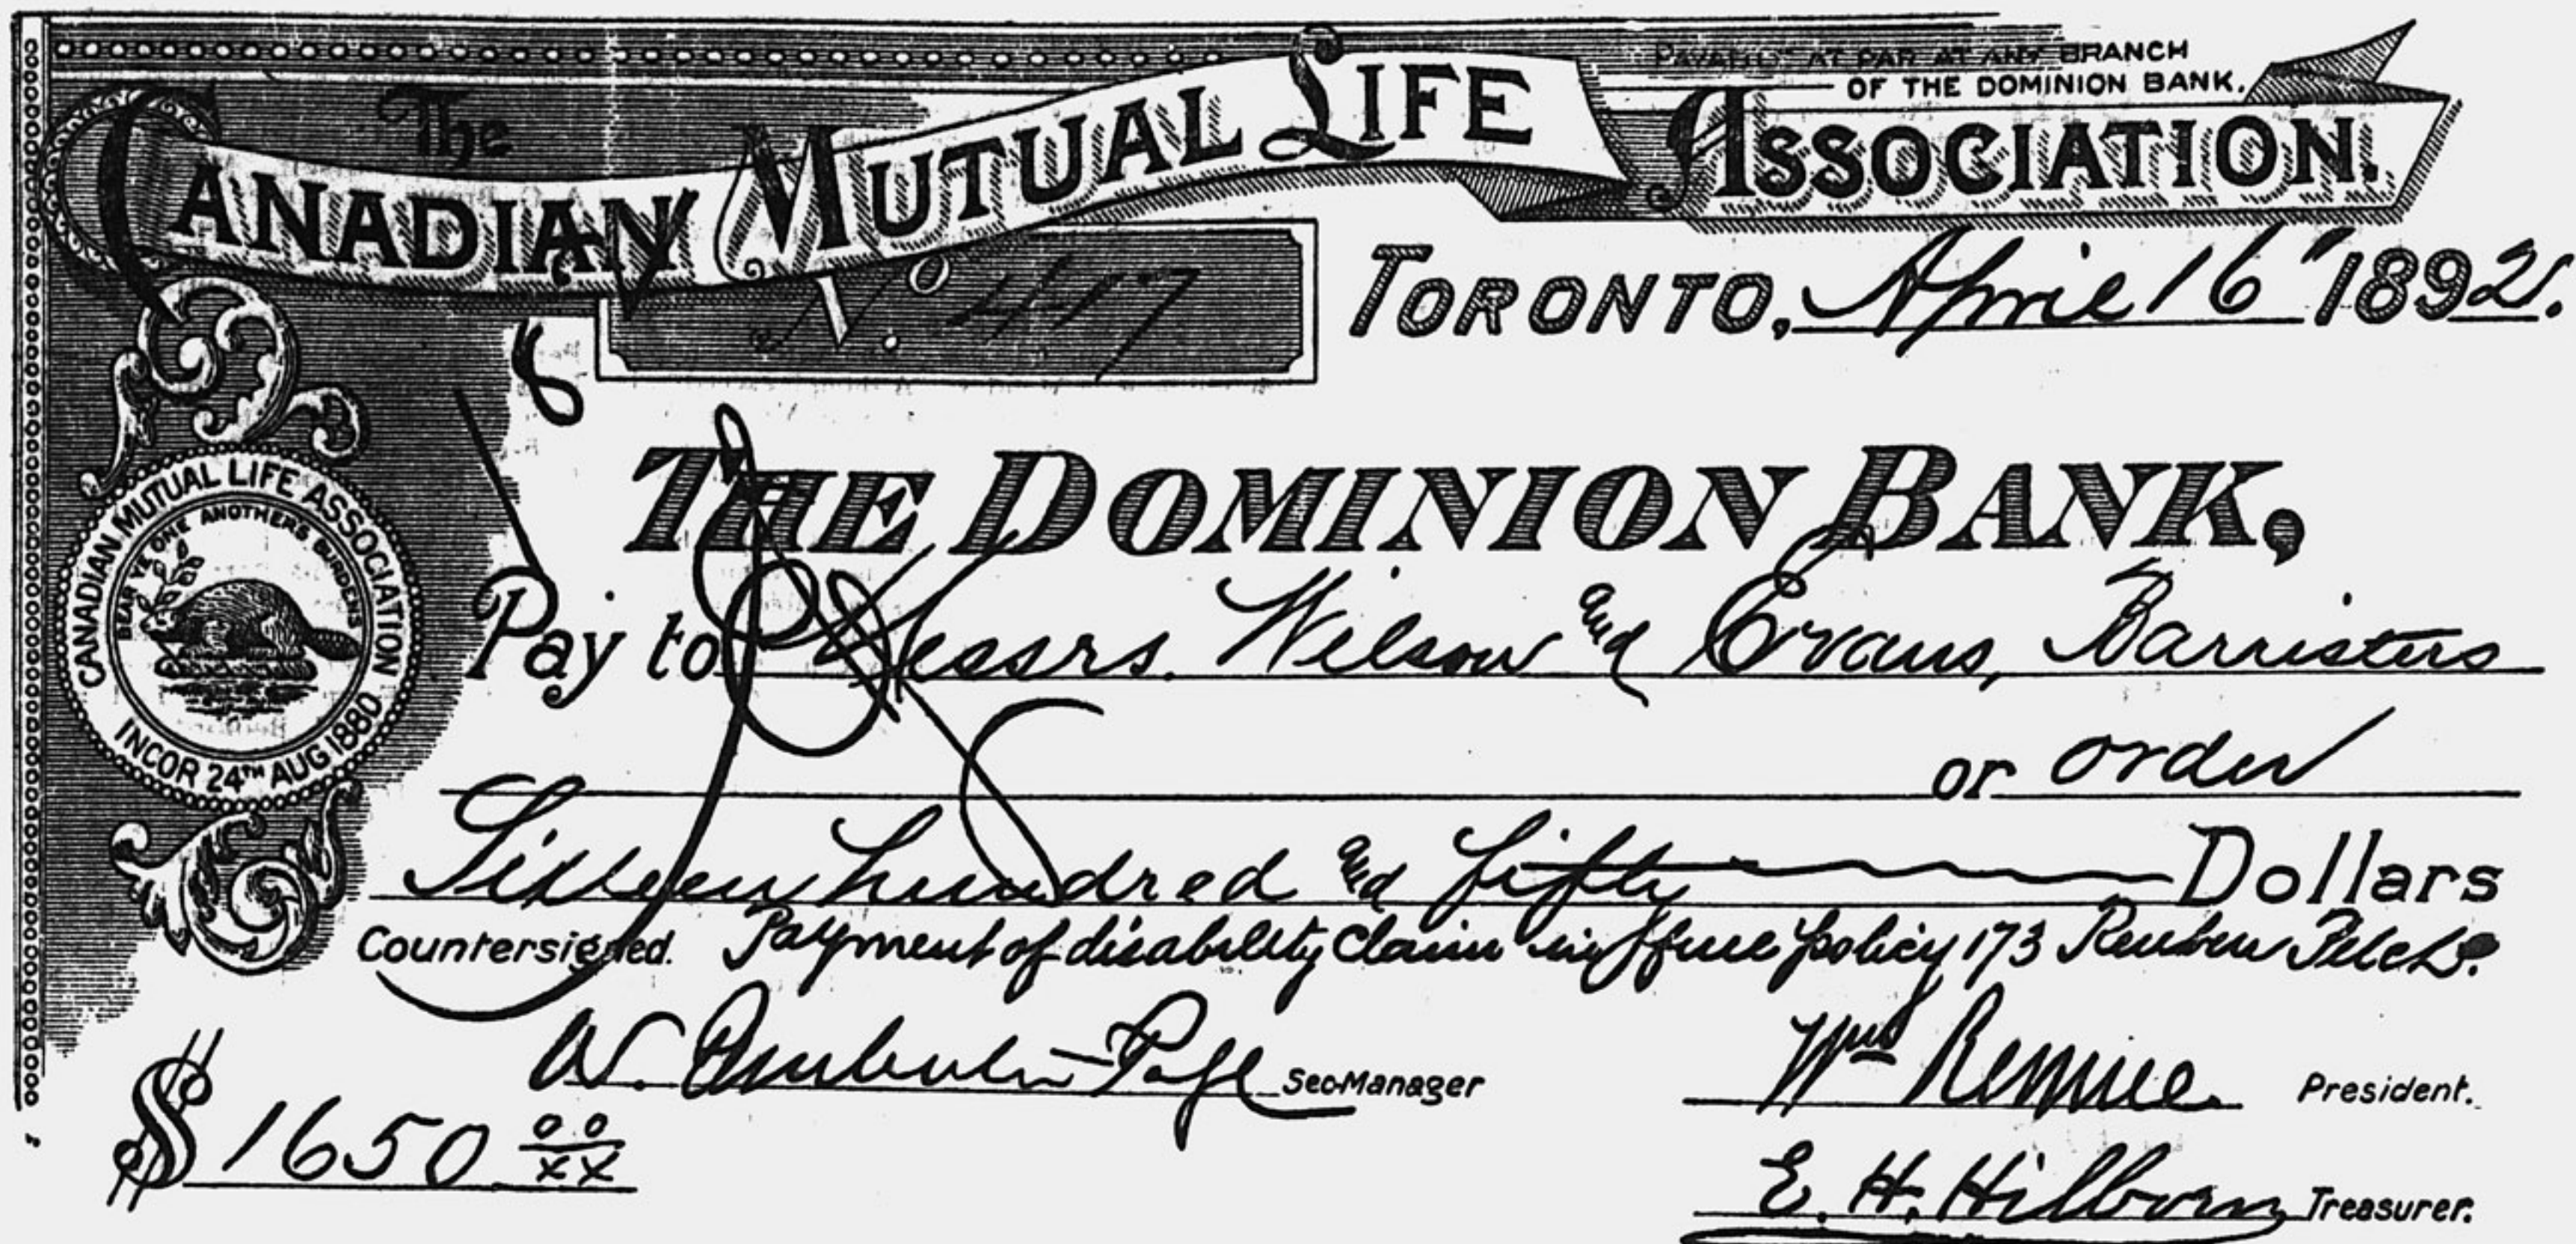

That Red Nose will soon become respectable in appearance by taking Millers Compound Iron Pills. 30 doses 25 cents. Sold by all druggists.

# THE CURE WAS PERMANENT.

## The Story of a Man who Suffered the Agonies of a Living Death.

### MEDICAL EXPERTS PRONOUNCED HIM INCURABLE AND HE WAS PAID A LARGE DISABILITY CLAIM.

The Case Probably the Most Wonderful in the History of Medical Science—Brought from Hopeless, Helpless Inactivity to Health and Strength—A Reproduction of the Check by which the Disability Claim was Paid.

No other medicine in the world has ever offered such undoubted proof of merit.

## WHAT DR. WILLIAMS PINK PILLS have done for others they will do for you, if given a fair trial.

From the Meaford, Ont. Monitor.

About two years ago the Monitor procured an interview with Mr Reuben Petch, of Griersville, in order to ascertain from his own lips if the reports were well founded that he attributed his most astonishing return to health to the use of Dr Williams Pink Pills for Pale People. The result of the interview was published in the Monitor under the date of Jan. 17th, 1890. Mr Petchs case was certainly one of the most extraordinary in the annals of medicine in Canada—if not in the world. He had been ill for five years and in that time he consulted no less than six of the best physicians he could find, but none could give him the least relief. His limbs and body were puffed and bloated to such an extent that he could not get his clothes on, and for two years he had not dressed. He had lost the use of his limbs entirely. His flesh seemed to be dead, and pins could be stuck into various parts of his body without being felt or creating the slightest sensation. He could not move about and if he attempted to get up would fall and would have to be lifted up. He was unable to open his mouth, sufficiently to take solid food, and had to be fed with a spoon like a child. The doctors said his trouble was spinal sclerosis, and that he could not possibly get better. He was in fact nothing more or less than an animated corpse, so helpless was he. He was a member of the Canadian Mutual Life Association, and was under their rules entitled to disability insurance and made a claim for it. Two doctors, on behalf of the association, were sent to examine him, and they pronounced him incurable and permanently disabled, and according to their report he was paid a disability insurance of \$1,650.00. This was about two years after his sickness began. For three years more he lingered in the condition above noted, utterly helpless, and a burden to himself and friends. He was then advised to try Dr Williams Pink Pills. He did not hope that they would help him, but in his sad condition he was prepared to grasp at anything that afforded the prospect of even a slight relief. The first change noted in his condition after he began the use of the pills was a disposition to sweat freely. Then life began to return to his hitherto dead body, and from that time on his progress towards recovery and activity was steady and certain.

The publication of the interview, containing the facts above noted, created unusual interest, not only in this section, but throughout Canada. That a man, whose limbs and body were all but dead, who had been examined by medical experts, and pronounced incurable and on the strength of their report was paid a large disability claim, should afterwards be cured by Dr Williams Pink Pills, was looked upon as a marvel. Many were skeptical; not as to the cure—for the fact that he was actively going about proved this—but they did not believe it would prove permanent. In view of the doubts then expressed, the Monitor determined to watch the case closely, and now, nearly two years after the case was first published, has again interviewed Mr Petch, with the result that we are in a position to say most emphatically that this remarkable cure has proved permanent.

On being again questioned, Mr Petch said:—"You see those hands—the skin is now natural and elastic. Once they were hard and without sensation. You could pierce them with a pin and I would not feel it, and what is true of my hands is true of the rest of my body. Perhaps

you have observed that I have now even ceased to use a cane, and can get about my business perfectly well. You may say there is absolutely no doubt as to my cure being permanent. Indeed I am in even better health than when I gave you the first interview."

"Do you still attribute your cure to the use of Dr Williams Pink Pills?" asked the Monitor.

"Unquestionably I do," was the reply. "Doctors had failed, as had also the numerous remedies recommended by my friends. Nothing I took had the slightest effect upon me until I began the use of Dr Williams Pink Pills. To this wonderful medicine I owe my release from a living death. I have since recommended Dr Williams Pink Pills to many of my friends, and the verdict is in their favor. I shall always bless the day I was induced to take them."

The above are the chief statements made by Mr Petch in this latest interview, and the Monitor may remark, from a long acquaintance with him, that we consider his statements absolutely true and reliable. He has no interest to serve other than a desire to recommend the medicine that has done so much for him, and we feel sure that if any sufferer will write Mr Petch, enclosing a stamp for reply, he will endorse all the statements made above. We may further add that Mr Petchs remarkable recovery leaves no doubt of the wonderful curative powers of Dr Williams Pink Pills, and it seems reasonable to infer that they will do for others what they have done for him—restore health and vitality.

The check at the head of this article is a fac simile of the one by which Mr Petchs disability claim was paid and is given in further corroboration of his statements.

#### LINDSAY.

The severe sentence recently given by Judge Mahaffey of Muskoka to a boy named Middleton, who was implicated in a robbery at Sauridridge, should open the eyes of parents to see that their children are learning how to use their time well and are growing older with a fixed purpose to have a worthy calling in life. Young Middleton was fond of shooting and wasting his time loafing around the streets, and was not sent to school. Idleness with him, as with many other boys, was the parent of crime, and an imprisonment of three years in the reformatory at Penetanguishene will give him the opportunity of learning some trade that he should have mastered before, while the strict prison discipline will help to sharpen his wits. There are many far too many boys in Lindsay who spend their time running the streets, hanging around doorways and hotel corners and cultivating an impudent, forward manner. A street Arab education is worse than none, and wise parents, who have their childrens welfare at heart, will see that the boys and girls are kept employed and at home, especially in the evenings.—Watchman.

#### Young Stock for Children.

Every boy on the farm should be given a young animal to raise for himself, he to attend to it and be induced to take an interest in its progress. He will thus early become fond of animals and of farming, and will be more reconciled to farm life when he is grown.

#### Thanksgiving Pudding.

Rich and Toothsome Enough to Tempt a Stated Appetite.

Good Housekeeping gives the following recipe for a Thanksgiving pudding: Soak a pint of cracker crumbs in 8 pints of milk for half an hour; wash 2 cups of California seed raisins in cold water in water to cover while the crumbs are soaking. Mix a cupful of sugar, a tablespoonful of salt and a half teaspoonful each of cinnamon and nutmeg; add 3 tablespoonfuls of butter and beat until creamy. Beat in six eggs, one at a time beating each until none of the yolk is seen before adding another; then stir this into the milk, into which the raisins have been stirred (without the water in which they have been cooked). Butter a deep pudding dish thick with cold butter, turn in the pudding and cover it. Bake in a moderate oven. During the first hour occasionally stir up the pudding from the bottom to keep the raisins on top. Bake three hours in all, removing the cover at the last to brown it. Do not cut the raisins. Serve with a hard sauce of half a cupful of butter, creamed, a cupful powdered sugar added gradually and flavored with lemon or vanilla. To make this into a soft sauce beat in 2 tablespoonfuls of thick cream or the white of an egg.

#### Cataract Cured for 25 Cts

Neglect cold in the head and you will surely have cataract. Neglect nasal catarrh and you will surely induce pulmonary disease or Catarrh of the stomach with its disgusting attendant, foul breath, hawking, spitting, bloating, etc. Stop it by using Dr Chas. Cataract Cure. 25 cents a box cures. A perfect blow is followed with each.

It takes a smart accountant to account for the shortage in his account.

A lady writes: "I was enabled to remove the cataract from my eye, by the use of Helton's Cataract Cure." Others who have tried it have the same experience.

#### CANNINGTON.

Complaint has been made to the Chief of Police that a few of the boys of this town take a delight in picking on one or two young lads who come in from the country. If the thing is again repeated the boys of this town will be required to pay a fine. Take warning.

A quite wedding took place Wednesday afternoon at the parsonage of St Pauls church, Lindsay, when Miss Margaret L. daughter of Mr and Mrs W Taylor of this town, was united in marriage to Mr Thomas Nugent of Sauridridge. The bride was assisted by Miss Eva Lindsay of Cannington and Mr John Gordon was best man. Rev O H Marsh performed the marriage ceremony. The bride was the recipient of many valuable and useful presents, in token of the esteem in which she was held by her many friends.—Cleaner.

#### GOODWOOD.

After about two years of suffering Mrs. J Johnston passed away Saturday morning week. The deceased was held in great respect by all who knew her. The funeral took place on Monday and was largely attended.

Mr Wm Whittleton is making preparations for building a rink. Should the season be a favorable one we have no doubt he will make it pay.

The Methodist Sunday School are making arrangements for their annual entertainment on Christmas Eve.

We regret to announce the death of one of our citizens, Mr. Jas. Smith, who was taken very ill last Wednesday and died in a few minutes. He had been in his usual health; death was caused by the bursting of a blood vessel. The surviving wife and family have the sympathy of all in their sad bereavement.

Prof J W Crothers, who professes to be the greatest phrenologist of the age, was here last week; he was reading heads very cheaply for a man of his professional ability. He found business rather dull and moved on to Uxbridge.

The yearly thanksgiving offerings in the Methodist church will be taken up on 23rd inst. Rev Mr Manning of Uxbridge will preach morning and evening.

Do not send for a doctor if you prefer to die a natural death.

Worms derange the whole system. Mother Graves Worm Expellor deranges worms, and gives rest to the sufferer. It only costs 25 cents to try it and be convinced.

Do not try to kill two birds with one stone. Use a shotgun.

How to Cure All Skin Disease.

Simply apply "SWANES OINTMENT." No internal medicine required. Cures Itch, eczema, Itch, all eruptions on the face, hands, nose, &c., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for SWANES OINTMENT. Lyman, Sons & Co. Montreal, wholesale agents.
