St. Paul Pioncer Press. Dec. 14th. We referred some time ago to the results of prohibition and high license as compare in the states where they are respectively traffic in every city town and village in the are printed in summarized form by the deserve to be read by thinking bren and women 'everywhere, to whom the treat ment that shall be applied to the traffic in intoxicants is a question of vital importance. We pass over all the voluminous details, which are so given as to admit of the number of saloons two years ago, the ornamental trees, look so wise, and sur- the wealthy, in those days. But now when al Museum, Washington, last week. backed by individual responsibility in every | may be done at any time between the fall possible. If there is a closet in it, do not motive has been perfected. of the state, gives the number of saloons be produced. It is not advisable to prune they were destined to hang there for years. open before the passage of the probibitory in severe winter weather, as at that time, A guest does not enjoy living in her trank, law as 1,806; the number of saloons run | the wood may crack and make a bad wound. and merely a hook or two stranded off in a saloous now running . on the sly" 420. tottable to do the work. The ontfit for one garments, are very unsatisfactory. A small The net result of the law therefore, is that who would undertake to do his own prun- writing deak conveniently furnished with there are thirty one more open saloons in ing is: a sharp pruning-knife, a pair of; its ink stand, pens, paper and stamps, license, and 420 saloons added by the re- wth a narrow blule, the teeth of which who may have been warmly welcomed. lease from local taxation. The whole have a wide set. For branches not over have mentioned some of the necessitios of number of saloons has increased by 450 two in the s in d'ameter at the base, many the spare room, trusting that all will ensince the law went into effect the matter could easily be controlled, the struck upwards with a heavy mallet. All American Agriculturist for January.

saloons have decreased in number or van. large wounds should be covered with some ished. In all the larger places the increase | material to protect them from the weather. has been enormous. & Boone county had Shellac varnish is best for this purpose, formerly 35 saloons, now it has 58; Clinton | but at the present price of alcohol, is too had I19, and now has 171 : Dubuque has expensive. Melted grafting wax is the should now be gay with bloom, nad repay a war iddemnity of \$10,000;000 francs 268 open and on the sly, where it formerly best substitute, and in the absence of this, the earlier care ... Bring potted bulbs from paid. had 138 : Des Moines has exactly doubled any thick paint may be used. To prune cellar, to give a succession of bloom. Those its 50 saloons; Keokuk has 35 instead of under tandingly, one must know something out of flower should have the stalks cut 20 : Scott has risen from 139 to 179 : Polk of the manner of growth of trees, etc. away, and the leaves allowed to grow unti rejoices in an increase from 70 to 175. The most important point is this: the they turn yellow, when the pots may go to there were 20 or more before the law, there are now, with but six exceptions, in the whole state, more, and usually very many more. In 72 cities and towns, including all the larger and many of the smaller centers ! There no powe; i umin or divine, can always litter them with straw or swamp make it anything but a mockery and a hay, enough so they can cover themselves Senator Sutton's city, is so good an illus- | sheds; they bear a great deal of cold, but tration that its history is worth citing in should not have wet or dirty straw to lie

Then the courts got weak kneed. At last got tired out Since then the saloonkeepers 'lilow Grant Marched Against Mark managers of denominational book-rooms have held high carnival, and the traffic has flooded the town and all the country around and for the first time the in history of our county the grand jury refused to indict aloud for relief from a humbug which de old coincidence, a contemporaneous sup. away. As long as the law provides minisplement to chapter 18 in the first volume, ters with the privilege of receiving the freeto remove. The wonder is that any honest just printed, of General Grant's memoirs. dom of the city, they of course cannot be man, really desirous of lessoning the evils of it appears that the only time that General our opinion, however, ministers are as good trant was really scared was when he had fore his eyes, should fail to renounce and to meet the little army when his future as other men and should be treated as curse prohibition as the strongest ally that publisher was a private. At Palmyra, ever came to the rescue of the whiskey Grant, then a colonel, was ordered to move traffic. The 'experience of Iowa has conhave, as Mr. Sutton plainly states, is a high some twenty five miles away, lusiness in the large cities; with local rentiment is such that its abolition can accomplished. We do not know how far Iowa is joined to her idols. It is not safe to say that even these revelations will force legislature. What the professional prohisuppression of the liquor traffic as the adoption by the state of a canting and idle protense. But the honest conscientious the profession of arms, the discovery ent sort. If not in lows, at least in other as he had been of them. states where this issue is kept alive, they General Grant, "was a view of the quesshould see to it that by no act of theirs is upon a community by relievieving it of the espionage and the restrictions of survoillance, and a strict accountability to the authorities and the laws.
