JAIL STATISTICS.

Jailler Vanallen has been kind enough to allow us to examine his annual report for the expiration of the jail year of 1885-6 on the 30th ult., and we have culled from it a few figures which may be of interest to our readers.

The total number of convicts during the year was 372, more than in any previous year. The year in which the Credit Valley Railway was constructed through Halton, when the convicts numbered over 400. Of the 873, 74 were born in Canada, 119 in England, 109 in Ireland, 56 Scotland, 11 in United States, and elsewhere; 23 could not be traced, 116 were classed as "native," and 268 as "intemperate." There were 6 lunatics, 824 vagrants, and 13 persons, including one woman, were committed for drunkenness. The convicts under the latter head since 1877 increased from 1878, 6; 1879, 1; 1880, 0; 1881, 1878, 4; 1882, 7; 1883, 6; 1884, 13. The Scott Act went into force in May, 1882, and as that year was partly under license and partly under prohibition, it will be seen, quoted for comparison. It will be seen, however, from the above figures that the Scott Act for drunkenness under the Scott Act for the four years, 1883-4, outnumbered by two those for the five years preceding the advent of prohibition, which include 1877, the year of the construction of the C. V. R., when the county was overrun by a wave of dissipation.

The success of the exhibition was due in a great measure to the energy and good management of Mr. Wm. Clements, the indefatigable secretary of the association.

Milton School Board.

A meeting of the School Board was held on Monday evening. President John H. Watson, F. Barclay, W. L. P. Eager and Dr. Robertson.

A motion was passed ordering the payment of some small accounts.

The Turf.

Races at the opening of the Glen Grove Park, Toronto, on Saturday last. The return race.

Running race, about 11 miles, handicap, Top 1st, \$95 to 2nd, \$15 to 3rd. D. W. Campbell's ch. m. Wild Rose, 4 yrs. by Princeton—Stolen Kisses, 118 lbs. (Butler). 1 Mr. Ward's b. g. George L., aged, by Vigil-Zero, 120 lbs. (Janetius), 5 yrs. by D. W. Campbell—Redeemer, 180 lbs. (Gardiner). 2 Kieran & Hayden's b. g. Direction, by Disturbance, 118 lbs. (Pearson). 4 Waverley Stables' b. g. Williams, aged, by Terrier—Aida, 126 lbs. (C. Gates). 5 Time—2:21.

This Race—There was a long and apparently hard fought race, and it was already dark when the horses were let go. Direction at once passed to the front, with Williams close up in second place, Wild Rose third and Willie W. last. All those were the position at the first quarter, but the half was made Williams had captured first place from Direction, but the other positions were unchanged. Gates was already using the whip freely on Williams, and it appeared as if Direction was also going at top speed. At the three-quarter position, Williams was still behind, but there was not much space between the leading and the last horse. It was soon perceived that Williams was already upped by the hot pace, and that Direction was not in a much better plight. Wild Rose was not far behind, and the spectators to a pitch of excitement. Direction and Williams were rapidly passed, and even Geo. L. and Willie W. crept up on the previous leaders. The mile was completed in following order:—Wild Rose, Williams, Direction, Geo. L., Willie W. The last horse had also been engaged in a exciting race, and was now urged to do his best. It was a great race during the last quarter, but Wild Rose gallantly held her own in the van, also closely pressed by Geo. L. Sir, a long distance, the excited spectators Willie W. was the first, Direction fourth, while poor Williams had fallen into last place. Time, 2:21.

MILTON, Oct. 9, 1886.

To the Editor of the Champion:

In justice to exhibitors of hardware at the County Show, it should be known that no prize was offered for hardware, and the exhibit in that line, showing a red ticket was a fraud on the public.

—JUSTICE.

CONSUMPTION CURED.

An old physician, retired from practice, having placed in his office a simple vegetable remedy for the cure of consumption, and permanent relief from all forms of disease, and particularly from the effects of the cold climate, has offered to furnish the same to any other person, free of charge, who deems fit to make use of it. He can be reached by addressing him at W. A. Hoye's, 129 Front Street, N. W.

THE COUNTY SHOW.

The annual exhibition of the Halton Agricultural Society on Thursday and Friday last was favored with delightful weather, and the gate receipts were larger than in any former year. There were 845 entries of horses, 120 of cattle, 90 of sheep, 45 of pigs, 140 of poultry, 110 of roots, 92 of dairy products, 352 domestic, 234 of fruit, 110 of flowers, 44 of implements, 27 of harness, &c., 167 in fixtures and 400 of ladies' work; total, 2,362.

The display of the hall was particularly good, and very attractive, the products of the skill of Halton's fair daughters in the fine arts and domestic departments comparing favorably with the exhibits in the show. The town had a number of covered oaks, leading horses, buckles, leather seats, bugles, number and leather boxes, and the animals exhibited were worthy of Halton's fame as one of the leading horse breeding centers of the Dominion. There was a great display of agricultural implements, buggies, wagons, &c. &c. Mr. Hartill, a well-known manufacturer, had a large collection of his products on view.
