Paletots, Jerseys-same names as last year. Cut makes the difference. The cut of some of our Mantles is a revelution. Their fit is perfection—to say nothing of their novelty. Novelty permeates everything now-a-days. Novelty is only another name for originality. The more originality in Mant es the better they sell, or anything else for that matter. Our Mantles are as varied in price as they are in cut. They run up a sort of financial ladder—every rung. in a dollar. Some have only a rung or so, orhers a good many. Every line is value. Good value every way.
